OUR ART/ONS KUNS 4 is the fourth volume of this series. The text, written by authorities on art, covers the work and achievements of 24 distinguished South African artists — painters, sculptors and graphic artists — illustrated in full-colour or monochrome reproductions of their best work. Sixteen articles were written in English; eight in Afrikaans with a summary in English.

The compilers are both well-known in the South African art world. **Frieda Harmsen** is an art historian, lecturer and author; **Albert Werth** was Director of the Pretoria Art Museum from 1963–92.
