The Secretary  
The African National Congress  
Room 605  
801 Second Avenue  
New York. New York 10017

Dear Mr. Secretary:

This letter serves as follow up to our recent conversation regarding the availability of practical experience opportunities for South African professionals with the City of New York.

In May, 1991, I received my B.B.A. degree in accounting from Howard University. My education was funded by scholarships for South African students to be educated in the United States. I am presently awaiting the results of CPA and CMA examinations which I took in November and December, 1991.

Therefore, I would be grateful for any information and/or assistance you can provide me in obtaining an opportunity for me to develop my auditing and financial management skills.

Thank you for your consideration.

Sincerely yours,

*Moratoe William Ntsoana*
