Dear comrades,

Last year I informed Comrade Arthur that I intended to visit Somafo in 1984 and now I have planned to come to Tanzania on March 7th. Meanwhile I have sent a telex message to comrade Nkobi whether he agrees to have discussions about our assistance for the Somafo-project on the spot. Up till now he did not yet reply but I thought to write you already because time is pressing.

I will arrive by KLM-flight KL 563 at about 02.05 h. in the night and they have booked for me a room in Embassy Hotel. Will it be possible to pick me up from the hotel at nine in the morning? I would return in the hotel on Saturday late afternoon because I have to continue my trip to Lusaka the following day.

I would like to discuss with you:

- financial accounting of project 3026/PM- Somafo unit 2
- project SAf 83-18/M-83 - Somafo - blocks 7&8 which has been approved recently by NOVIB
- evaluative mission to Somafo by a NOVIB-team (comrade Nkobi is aware of this)
- further assistance to ANC-projects (f.i. Dakaba) and preparing of projectdocuments

I hope it will be possible to visit the project again, it is already 2½ years ago since my latest visit. However, if it is not convenient for you please let me know by telex.

Looking forward to meeting you again and "smelling the spirit on the spot".

With kind regards,
sincerely yours,

x) Thursday morning
