1980 — Year of the Charter

22nd September, 1980

Mr. M.D. Naidoo,  
I.C.S.A. Secretariat,  
30 A Danbury Street,  
London N.1.

Dear Comrade M.D.,

With reference to the resolution adopted by the IIIrd Session of ICOSA held in Stockholm 11 - 13th April, 1980 on "An International Project of Material and to SWAPO and the A.N.C., such as a school or Hospital". We would like to note the following:-

1. It is rather difficult to conceive of a joint SWAPO - ANC project of this kind under the present circumstances where each of these movements has advanced projects in the cited fields.
2. This question will however be thoroughly examined at a Seminar on Education jointly organised by SWAPO, ANC and the Zimbabwe Ministry of Education, to be held from 6th October, 1980 in Lusaka.
3. It would help our discussions if you give us an indication as to whether ICOSA terms of reference would allow for aid to separate, already existing projects of both organisations or whether these must be strictly new projects-
4. We do hope that in the meantime ICOSA did receive the list of requirements for the Solomon Mahlangu Freedom College for the current year, available from the A.N.C. Education Committee in London.

With fraternal greetings,

*[Signature]*  
Secretary General.
