Re: John Mahlangu

May I refer you to my memo of 7th instant about Jabu's accomodation. Comrade Madithaba at Hector Peterson will be soon leaving for Lesotho. John has suggested that the female comrade occupying the room next to the Art Workshop be transferred to Madithaba's vacated room. This makes sense because Jabu, as a person in charge of the Art Workshop, would be nearby to ensure security of the place.

I strongly recommend that his request be given due consideration as he would be near his place of work.

Re: Somafo Staff Accomodation

My memo of 2/1/85 refers. Now that the ten (10) primary and nursery school teachers will be leaving for Sweden this weekend, I would like to draw your attention to accomodation needs of the following:

- Jerry Sithole (master bedroom)
- Thembi Cele
- Jabu Mahlangu
- Andile Kefile
- Paul and Gloria Nkwe (he is teaching at the primary school and she is typing at the secondary school. They are having a five year old child which they would like to withdraw at the Charlottes). They will need a master bedroom.
- John and Ntombikayise will need a master bedroom in April when he comes back.
- Monica Nhlapo is presently at Dakawa. She will start teaching at the beginning of the 2nd term. she has a five year old child.

I shall be pleased if you could inform me what arrangements you have made.
