Dear brother,

Thank you for your letter of 3rd July. I was glad to have been of assistance to the Secretary General and recall our conversation in connection with the preparation of future documents. It is possible, however, that there has been a misunderstanding possibly on my part. The impression I got from the conversation, is that the preparation of documents referred to any future conference where papers of the A.N.C. would be required and not the World Peace Council specifically.

Nevertheless, the preparation of such papers is more of a practical nature and given enough notice I am sure that I will be able to find people here to assist in the preparation. If it would be possible for Head Office to inform us before hand what would be required for a particular conference I am quite sure I would be able to arrange the preparation. As you indicate in your letter, such papers will be forwarded to you first on completion.

Our sincere best wishes and greetings to everybody down South.

AMANDLA!!!

ALEX LA GUMA.
