Dear Management Committee Members

I applied for citizenship of this country last year, because of a great desire to be part of a changing South Africa, and to actively assist in the process of negotiation: hence I obviously voted 'yes' in the Referendum in March.

"YES" to a negotiated solution for ALL South Africans.

NOT "YES" to a handover of unilateral power from one system or party to another.

NOT "YES" to the maintenance of total power in the hands of one party or system, regardless of whether the party is called NP, ANC, etc.

So then, why is C O D E S A 'informally' aligned into two main camps? Are there not almost twenty different parties involved in negotiations? Why is there still so much political jockeying and power play? What hidden agendas are there? ....

These questions need to be asked, because it seems that everyone has forgotten WHY C O D E S A was formed in the first place. We have lost sight of the VISION, the GOAL of negotiations: it has been lost in the process of power play, and it seems that only the ANC have a say at this stage: NO TALKS! Who has given ONE party the total say? - not the voters!

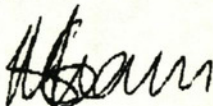

I therefore take the liberty to speak on behalf of the voters, since there are many thousands of people who feel the same way:

We, who voted for NEGOTIATIONS, DEMAND that game playing ends, and that true negotiations get back on track. We DEMAND that every represented party pull together and call in the 'dissenting' member(s). We DEMAND a re-committment to talks BASED ON THE VISION of finding a solution that will suit ALL the voters, both present and future. We DEMAND humanitarian thinking - no more political jockeying, please: we've had enough.

Any 'solution' whereby only ONE party can gain power - whether it be through voting or handing over of power - is NOT acceptable. It is still catering to ONE group only, at the expense of others. The vision of C O D E S A was to find a unique solution where ALL parties / people have an EQUAL say.

Please let us genuinely search for a future for ALL South Africans.

Yours faithfully
