## EDITORIAL

Facing this page is a photograph of the statue of S. Michael that has just been placed in the niche on the North End of the Memorial Hall, above the War Memorial proper. It is a fitting completion of the finest building at Michaelhouse and is, we hope, in more ways than one, symbolical.

The empty niche has for a long time been noticeable; the statue, filling the niche, will be nothing like so noticeable, once the first novelty has disappeared; and that for

## S. MICHAEL'S CHRONICLE

the best of all reasons, that the statue is the right thing in the right place.

At a time when we hear the gloomiest reports of all but a few of the great English Public Schools, when some are closing down, and others are very seriously threatened with such a disaster, it is all the more important that we who have inherited their tradition, and who are now in a more fortunate position than the majority of them, should see to it that we show ourselves worthy heirs.

Of this tradition it seems to us that not the least important part is this ideal of "the right thing in the right place." The English virtue of good form, though often sneered at and often capable of being distorted into a vice, contains at its best much that is good, in particular the ideal of good taste; and of this unobtrusive good taste the statue of S. Michael is at once an example and a symbol.

S. Michael, too, is portrayed as he should be, not as the effeminate figure of stained-glass piety, but as a warrior, confident and manly. That, too, we hope, is symbolical.

## SCHOOL NOTES

Their Excellencies the Governor-General and Lady Duncan have graciously accepted an invitation to visit Michaelhouse on Friday, June 17th.

Hilton College have kindly consented to play their Rugby fixture against us at Michaelhouse on that day, instead of at Hilton on the next day.

The statue of S. Michael, referred to in the Editorial, is now in position, and will be unveiled on Old Boys' Day, May 26th, we hope by the President of the Old Boys' Club.

In December the Reverend and Mrs. P. C. Cazalet left Michaelhouse for a Hampshire rectory. Their presence will be missed in many ways, for in addition to his work as a Master and as Chaplain, Mr. Cazalet was a source of inspiration to the Photographic Society and the keen and efficient Editor of this Chronicle. We wish them both the very best of luck in their new life.

We welcome in their place the Reverend and Mrs. J. B. Chutter, who come to us from parochial work in

South London.

## S. MICHAEL'S CHRONICLE

3

Mr. D. Pennington returned from England at the end of the year, and, as one would expect, immediately began to produce a play. Mr. Davis has gone to Hilton College, where we wish him all success.

At the end of the first quarter Mr. South returned to England to continue his musical studies. We welcome in his place Mr. J. L. Senior, A.R.C.M.

Mr. and Mrs. Barnard have gone to Europe on six months' leave; we have already heard that Mr. Barnard's golf has startled the natives of various East Coast ports. His work is being done, in his absence, by Mr. R. A. Jansen, M.A., from Stellenbosch.

Mr. J. M. Ellison has come to us from England for six months, before he goes up to Cambridge, and is teaching Mathematics.

Miss C. H. Block has recently arrived to take over the post of housekeeper. Mrs. Mull has left us for Roedean, Johannesburg.

The surgery at the Sanatorium has been extended, and the Sanatorium staff has been increased by the arrival of Nurse Pickering to help Sister King.

We congratulate Mr. and Mrs. A. P. Woods on the birth of a son and heir on 12th January, 1938.

The new cloisters on the North side of the Quadrangle, together with the additions and alterations to the Rector's Lodge, are almost complete. We hope in our next number to be able to reproduce a photograph of these improvements.

Various extensions and improvements, subterranean and otherwise, have also been made in the Kitchens.

It is hoped that work will start shortly on the first stage of the New Chapel, the building of the Crypt.

On the 18th November, 1937, there was broadcast from the Maritzburg Studio of the South African Broadcasting Corporation a debate between S. John's High School, Maritzburg, and Michaelhouse. We were represented by

I. H. M. Curwen, P. H. M. Bellew and T. Heywood Harris. The committee of judges, sitting in Durban, decided in our favour.

G. H. Le May, R. Gathorne and C. H. H. Barry have been appointed Assistant Editors of the Chronicle.

## S. MICHAEL'S CHRONICLE

We have just received this letter from the Reverend  
P. C. Cazalet:

Bentworth Rectory,

Alton.

Dear Mr. Editor,

May I trespass on your space to thank the School  
once more for their very generous gift to us on our  
departure in December?

My wife thinks, and I know, that my few stumbling  
words of gratitude at the presentation of the cheque  
did not at all meet the case, and that a much bigger  
"thank you" lies in our hearts.

We have felt all along that something memorable  
was demanded, to which we should always be able to  
point with pride, and after much thought we have  
invested in substantial and comfortable drawing room  
chairs and a settee, into which, we hope, successions  
of travellers from South Africa will contentedly sink.

It seems scarcely necessary to say that we shall  
always be delighted to welcome anyone from Michael-  
house, whenever they care to pay us a visit.

I remain,

Yours sincerely,

PETER C. CAZALET.

## THE RECTOR'S RESIGNATION

It is with profound regret that we learn, as we go to  
press, of the Rector's resignation. We print below the  
official statement issued by the Governors to the Press:

"At a special meeting of the Governors of Michael-  
house, held on Friday, May 6th, Mr. Ronald F. Currey,  
the Rector, tendered his resignation after eight years'  
service.

Mr. Currey told the Governors that he had been  
invited by the Council of S. Andrew's College, Grams-  
town, to assume the headship of that College at the  
beginning of 1939.

The Rector explained that he had already discussed the position with the Bishop privately, and that in his own view it was his duty, in loyalty to the educational ideals served by Michaelhouse and S. Andrew's alike, to accept the invitation.

## S. MICHAEL'S CHRONICLE

5

The members of the Board accepted Mr. Currey's resignation with profound regret, especially having regard to the outstanding success of his rectorship, and the great progress made by the School during his tenure of his office. They also expressed their appreciation of the high motives by which he had been actuated in making his decision."

DAWN.

The tired moon slips gently from the night,  
Leaving the flickering stars to die  
As they drown in the dawn of coloured light,

And sink into the sky.

j

The world of Nature comes to life again;

A lily opens fresh and damp.

A silver fox comes swinging down the lane,

And a country boy begins his early tramp.

A cockerel crows to announce the working day;

With a clatter a milk cart enters the drive,

To leave the milk at another door on its way,

And soon the smoky city hums like a hive.

The dawn is over, but warm, bright rays

Cover the green earth like a sash of gold;

The mountains have brushed away their heavy haze,  
And stand out like the mighty forts of old.

## ENTERTAINMENTS

On 13th November, 1937, the Lower Fifth, under the able direction of Mr. Birks, produced "French Leave," by Reginald Berkeley.

The setting, throughout the play, was a Brigade Billet in France during the Great War. This was admirably represented. The actors entered into the spirit of the farce with zest. The high-lights of the play were the thoroughly Gallic screams of Madame Denaux (A. J. Sharp), and the Cockney comments of the "batmen," Sykes (J. E. M. Barnes) and Jenks (P. K. Moxley). P. K. Wright was an impressive Brigadier-General, and P. A. Jardine a liaison officer whose failure to understand these hopeless English was most convincing.

SCENE: A Brigade Billet during the War.

Act I: Morning. Act II: That Evening.

Act III: Next Morning.

Produced by Rev. C. E. Birks.

Effects and Lighting: Owen, Hunter, Pape.

On 21st November we were privileged to see a colour film on England by Miss Illingworth and Miss Wight. These two ladies travelled overland to England by car, and we were sorry not to see any pictures of this stage of their travels. The films of English country life were brilliant, both in their photography and in their interest, and were rendered doubly enjoyable by the running commentary delivered by Miss Illingworth.

The Rag Concert, held at the end of the year, was very successful and, as usual, the School entered into the spirit of the fun. "The Rhythm Rogues," consisting of Mrs. Barnard at the piano, and Fieldgate, Morrison and

Sulin on their accordions, set the ball rolling with considerable success. After this, J. Barnes and Sulin staged, very realistically, the tragedy of Pyramus and Thisbe. The two Sharps mystified many with their operation trick, and J. Barnes again appeared, this time as Popeye. Shortly afterwards Lloyd, Birch and Moxley, playing the piano, violin and cello, impersonated three characters well-known to the School, and were greeted with howls of laughter. Hunter now took into his capable hands the direction of the children's corner, and the evening closed on a note of extreme hilarity.

On Saturday, 12th February, Colonel Applin, who was for many years a member of the House of Commons, lectured to the Upper School on "The Mother of Parliaments." It was a great privilege to listen to so fine a speaker and to one who so obviously has at heart the welfare of the British Constitution. At the conclusion of his speech, Gathorne proposed a vote of thanks, and expressed the hope that Colonel Applin would find time to address the Debating Society later in the year.

On Saturday, 26th March, Mr. D. Pennington produced for the Dramatic Society a comedy, by Ian Hay and P. G. Wodehouse, "Leave It to Psmith."

This was definitely a play in which the cast rose to the occasion. Gathorne was the outstanding actor, and made a first-class nincompoop of the P. G. Wodehouse type; Horton was perhaps inclined to over-act at times, but his irascibility was all that the part required; we all sympathised with him in his desire to kick his over-zealous secretary, Lloyd. Le May's conspiratorial stealth was most impressive, and his love scenes with Arkwright were only equalled by Gathorne's with Silk. Silk, in particular, is to be congratulated on a very plucky effort, as he was ill throughout the play.

The American characters were rather caricatured than portrayed, though Anderson's ravishing charms more than atoned for this. Of the minor characters, Barnby gave a brilliant thumb-nail sketch.

The scenery and effects were fully up to the standard which we have come to expect from Mr. Pennington and his expert assistants.

### WORK.

This school of mine is built for work,

Not only work, but work and WORK.

Incessant toil, till my poor brain  
Shuts fast its cells, it can't contain  
The fruits of work.

For boys hard-working, clever, eager.

So now we have more preparation,

ON SERVING AT TUCKSHOP.

'Tis late, you chaps, and here we are.

Some Nobbies and a Milky Bar?

The former are in great demand-

Some ju-jubes? Well, I will be darned!

Those Ivory Bars are rather nice,

And threepence is a fairish price.

Some peanuts? No, they're all sold out.

Hey you there! What are you about?

A lunch? Oh, no, they're all gone, too.  
Another batch will not be due  
Till next week at the earliest.

Oh, yes! That's Cadbury's! They're the best  
I say! Gee whizz, and likewise Phew!

I really don't know what to do.

A ten bob note? That is a lot,

And lasteth many a day, I wot.

That's nine and threepence change, I think.  
It's RIGHT, by jove! Why, strike me pink!  
You've got your change correct, old chap;

I thought that it was wrong, mayhap!

At last! The line is thinning out.

Come on! Come on! You lazy lout!

As I wandered down by the beach to-day,  
She suddenly leapt to my view;

Like a bird on the wing,

The beautiful thing

Her lines were those of a racer gay,

Her canvas a cloud of white;

And speed, indeed,

Was her very creed,

As she scudded so airy and light.

Oh! for a voyage to Faraway,

In a vessel the like of thee;

For then I would go

### BOBBIE'S BEETLE..

Bobbie had a beetle,

Whom escape had once defeated;

So when the box lay open  
The beaten beetle beat it.

Poor Bobbie was bewildered,

As the beetle had him beat;

While the beetle beat all beetles  
By boozing brandy neat.

The beetle soon was boist'rous  
And beetled round a bowl,

He beetled round a teacup  
And beetled down a hole.

He beetled to the ceiling,

And beat it down again;

He beetled round-still boist'rous,

Till night came on again.

The rising fumes soon beat him,

They breezed into his head,

So he beat it to his box again  
And beetled into bed.

"FOR REASONS OF THEIR OWN"

(A Simple Story)

Once upon a time there were a lot of foolish people who wanted to do a play (for-reasons-of-their-own). Only they didn't know what to do. But one of them was very wise and said we must get a producer. So they got a producer. And the producer said you must get a prompter. So they got a prompter. And the prompter said what is the play? And that startled them

because it was something they hadn't thought of.

And some said this and some said that but most

said let us have blood and thunder (for-reasons-of-their-own). But the producer said no we will do a farce.

So they did a farce.

## S. MICHAEL'S CHRONICLE

And everyone worked so hard that even the prompter was pleased. And after a long long time they said we must have a dress rehearsal. And the producer said where are the dresses coming from? And that startled them because it was something they hadn't thought of. So they formed a dress committee (for-reasons-of-their-own). And the dress committee went and reasoned with people. And they got some dresses.

So they had the dress rehearsal and a lot of people came and watched. And some said O how awful and some said the scenery is nice. And some didn't say anything (for-reasons-of-their-own).

## GOLF: HOW SHE IS PLAYED.

To the uninitiated it may perhaps be necessary to explain exactly what a golfer does after sallying forth from his haven of refuge, or club house, to the tee. Well, then, first of all the caddie obligingly tees up the ball and hands you the wood. This weapon, commonly called a driver, has a head of wood.

After various incantations - the Address - have been performed over the ball, the serious business of the day begins. The club is raised high above the head and the ball attacked. Very often it is the turf that flies and the ball that remains stationary, but do not be deterred. Sooner or later it is sure to roll off the tee and into the rough. Without doubt, the niblick must now be used. I have never found anything more useful in the rough, except a spade, than a niblick. When all obstacles and other Natural Hazards have been hacked away, the ball is smitten for better or for worse, until the Fairway is reached. At this stage it is vital to use the putter, for, however much it zigs and zags, the ball cannot go very far. Finally the Green is reached, and putting by easy stages of about two feet is begun until the Hole is reached. All this time, of course, you must be counting the Score. Beginners should remember that the subtraction of a few strokes only makes the score look less like one of Don Bradman's finer efforts, no more!

I have mentioned only a few of 'the difficulties that beset the budding golfer. But sufficient unto the day is the evil thereof. It will be enough if the golfer remembers several stock phrases, such as the Divot Law and Curse-the-Caddy. But beginners must realise that it is dangerous to use more than three clubs for the first few rounds. Even then the driver should be discarded, and the putter used for all ticklish shots. But the main thing is to hit the ball, so Good Luck!

## LIBRARY

While no outstanding additions have been made recently, we have endeavoured to keep abreast of all worth-while current literature.

Fiction purchases have included the complete works of P. G. Wodehouse, the most recent "Crime Club" recommendations, "Commander of the Mists," and the latest P. C. Wren.

More serious works include: Outline of Art, Marie Tempest, China at the Cross-Roads, Hutchinson's Technical and Scientific Encyclopaedia in 4 volumes, Diary of a Country Priest, English Costume, Great Contemporaries, Coming, Sir!, Augustus, The Bible as Literature, The House that Hitler Built, The Book of Joad, and several books on Stagecraft. These are only a selection, and do not include the various Book Societies' choices which reach us each month; nor books dealing with South Africa which are always bought if worth reading.

"John o' London's Weekly" and "The Railway Magazine" have been added to the periodicals taken.

We are indebted to Mrs. Adams for a set of 44 The Historians' History of the World," to Mr. R. R. Currie for some interesting Africana, and to Messrs. G. C. McK. Brown and N. M. Mann for the gift of two acceptable volumes.

### LITERARY SOCIETY

"The Barretts of Wimpole Street," by Rudolf Besier, has occupied most of the Society's meetings so far. The standard of reading was good, and each member entered into the spirit of the play and made a real attempt to give characterization to the part he was reading.

Towards the end of the first quarter we held one meeting at which extracts from Chesterton's works, each exemplifying a different aspect of his work, were read by various members. At the next meeting each of these members will read a short paper on the particular aspect of Chesterton's work which he chose. It is an interesting type of meeting but, unfortunately, not many authors are suitable for this treatment.

We had no difficulty in maintaining our membership this year, especially with a Sixth Form so overflowing with intelligentsia. Le May was elected Secretary.

### THE PHOTOGRAPHIC SOCIETY

With the departure of the Rev. P. C. Cazalet, the Society has suffered a very great loss, for its progress was largely due to the willingness with which he put his own expert knowledge of photography at the disposal of all its members.

Mr. A. R. Chapman has taken his place as President of the Society. Berry continues as Secretary, and Le May is acting as Treasurer. Anderson, Currie, Barry and van Hasselt are also members of the Committee.

The membership of the Society has increased, and the two dark rooms are in constant demand. The standard of some of the work is high, and the exhibition to be held on 17th June should be an interesting one.

In addition to the ordinary meetings, it was possible during the Lent Quarter to have two demonstrations of simple photographic work. Berry described the process of developing a film, and Le May explained the printing process. These demonstrations will be continued, and they should prove invaluable for new members.

## S. MICHAEL'S CHRONICLE

19

The Society has had great good fortune through the generosity of Mr. van Hasselt, who has presented an excellent Mounting Press. This will be of great value, especially for exhibition work.

### CADET NOTES

The Annual Inspection of the Detachment took place on the 19th November, 1937. Colonel Daniel, Officer Commanding, Natal Command, and Major Ross inspected the Corps. Unfortunately, a heavy thunderstorm prevented the performance of the complete ceremonial parade, but the inspecting officers were able to see sufficient drill to enable them to compliment the Corps on the general

smartness and efficiency of everyone on parade. The

Drums particularly were singled out for special praise.

At the beginning of this year it was decided to divide the Corps into two Companies of equal merit, instead of having a Senior and a Junior Company as before. It is hoped that the rivalry between the Companies will help to smarten the general parade-ground work.

During the absence on leave of the Officer Commanding, Capt. P. D. Barnard, the Corps is under the command of Capt. J. C. Traill, whose promotion has been gazetted.

It has been decided not to make permanent promotions to the non-commissioned ranks until later in the year.

The following have been promoted to the rank of 2nd Lieutenant (Student Officer):

M. F. Reim (Adjutant, A Company).

C. J. Skelton (Adjutant, B Company).

A. H. V. Winter (O.C. No. 1 Platoon, A Company).

H. F. Goddard (O.C. No. 2 Platoon, A Company).

W. J. Gough (O.C. No. 3 Platoon, A Company).

D. E. Button (O.C. No. 4 Platoon, A Company).

P. A. Dobson (O.C. No. 5 Platoon, B Company).

I. E. Allanson (O.C. No. 6 Platoon, B Company).

P. K. Wright (O.C. No. 7 Platoon, B Company)

P. W. Nourse (O.C. No. 8 Platoon, B. Company).

Lieutenant N. G. Lyon's promotion from 2nd Lieutenant to Lieutenant was gazetted as from 3rd December, 1937.

## S. MICHAEL'S CHRONICLE

### SHOOTING

There has been a steady improvement in the standard of Shooting, but there are still too many boys who allow their nerves to rule them on the day of a competition. Altogether, ten boys scored "possibles" last year, some of them several times, but only one - Winter scored a "possible" in a competition.

We entered for all the usual competitions, and did best in the Senior Shield, where we finished fourth. In the Imperial Challenge Shield our average (for 150 cadets, as we are compelled to count half of our total strength) was over 86, compared with just over 75 in 1936.

The House Shooting Cup was won by Tatham, with a score of 782 out of 800. The other House scores were: West 768, East 766, Founders 763, and Farfield 749.

This year A. H. V. Winter has been elected Captain.

### SQUASH

After much procrastination a start has been made with roofing the four courts. This should be a great boon when the mists close in from Jaffray's hills and make all other games impossible. At a not immeasurably distant date we hope to have wooden floors.

In February the master in charge, K. M. Pennington, at the request of the Committee, on two afternoons a week started coaching boys in Houses. No real improvement can be made by any young player unless he studies his footwork, develops a sense of anticipation, and observes the obstruction rule. For good footwork a boy must not only learn to be on his toes and move quickly, but for each shot he must have his body naturally balanced, e.g. it is useless to play a backhand shot with the left foot forward. In general, the line of feet should be pointing in the direction the shot is played. Given this, the length shot will soon come. Far too many boys play shot after shot too hard, too high, and straight on to the front wall. Variation in pace, direction, and length is essential for a good player, particularly in service - a very weak feature of a beginner's game.

## S. MICHAEL'S CHRONICLE

21

Anticipation comes from experience, and we can only develop it (1) by studying the shots of our opponents, and (2) by playing shots we know will be returned to a particular point.

From the start, we must remember that, once our own shot is played, the other player has a right to play any shot he chooses, and we are guilty of obstruction if by moving slowly we in any way interfere with his choice. The secret here is to play a shot which will make him move. There are admirable books in the Library which enthusiasts will find easy reading.

### SWIMMING SPORTS

The Annual Swimming Sports were held on Wednesday, 4th March, in ideal weather. Mrs. S. R. Edminson kindly presented the prizes.

As the age limit has been reduced in all except the open events, new records have been established, and this largely accounts for the large number of new records set up.

The standard was high, and there were many close finishes, of which the most exciting was the six lengths open, which Ailanson just won from Tucker i. Cox, who won the under 14 i diving, did very well to be placed second in the Under 16 diving and third in the open diving.

N. M. Phillips, Head of the School in 1935, gave us an exhibition three lengths in very good style, but just failed to beat his own record.

The House Cup was again won by Tatham.

The results were:

Open Team Plunge.

1, Farfield; 2, East; 3, Founders. Distance: 129 ft. 7ins.

(Team Record: 146 ft. by Foundation East, 1937.)

### ATHLETIC SPORTS

The weather throughout the week in which the Sports Finals took place was delightfully fine and the grass track was in excellent condition. Consequently the general standard was high.

The age limits for the Junior events were altered from under 16i to under 16, and from under 15 to under 14£. In the open events five records were broken - three of them by Skelton, who won four events, as did Reim. Of the Juniors, Ellis-Brown and Perkins (under 16) and Somerset and Crawford (under 144) were outstanding.

Both mile races provided excellent finishes, Button beating Cunliffe in the Open by a foot, and Stewart just beating Isaac in the under 16.

The Athletic Cup was won comfortably by Tatham House. This was a really creditable effort, achieved by enthusiastic teamwork. There was an exciting contest for the Relay Cup, which was won by West by a single point from Farfield. This year the same points were awarded for all the relays, and when the last race began, West and Farfield were equal on points.

Mrs. Lewis Byron kindly presented the prizes.

The results were as follows:-

100 Yards Open.

1, Skelton; 2, Gray; 3, Gathorne. Time: 108 secs.

100 Yards (Under 16).

## CRICKET

After two seasons in which we were only moderately successful, the results of the past season can be reviewed with a fair measure of satisfaction. We were extremely fortunate with the weather and were free from epidemics; thus we were able to play more matches than usual. R. J. C. McClure, Captain for the first, and F. C. Lee, Captain for the second half of the season, were most promising. They handled their bowling well and set a good example in the field, but did not study each batsman's strokes and place their field accordingly.

As we had seven experienced batsmen, who all showed really good form at the nets, our batting should have been strong, but was actually very disappointing. Nervousness at the beginning of an innings, or lack of concentration and failure to treat the bowling on its merits, seemed to be the chief causes of our poor batting. On the other hand, our bowling was particularly strong, and saved us match after match. It was probably as strong an attack as the School has ever had, as can be seen from the fact that our opponents were dismissed on fifteen occasions for less than a hundred, whilst scores of over two hundred were made against us only four times, three of them on matting wickets.

McClure (fast left hand) was at the top of his form, and dangerous to any side. F. Lee (fast right hand) improved tremendously, and with his out-swingers made a good contrast to McClure's in-swingers; these two bowlers made an ideal opening pair. Mann (slow left hand) was as good as ever, but was not called on to do as much work as last season. Antrobus (fast right hand), though somewhat erratic, developed during the season, and was really fast and accurate at the end. Doming (slow right hand) bowled well when needed, and showed great improvement. Harriss (slow left hand), though far from Mann's standard, improved with each match, and should do reasonably well next season if he learns to bowl more slowly. Le May (medium right hand) was a reliable change bowler, good at splitting partnerships. The bowlers were helped by the splendid wicket-keeping of Reim, who was really good.

Gathorne was the best of the batsmen and played some fine innings, but often, when well set, went out to

## S. MICHAEL'S CHRONICLE

a very ordinary ball. Dobson was very steady, but was apt to treat the bowling with too much respect, many half-volleys and long hops being patted back to the bowler. Gray, though he played many unorthodox shots, was at his best when the side was in a tight corner, and always got runs when they were badly needed. F. Lee, Doming and Susskind were very disappointing batsmen, as they were all good, and played some really fine innings. However, they could not be relied upon. Lee's trouble was that he batted too freely, and tried to score too quickly. Doming relied too much on back defensive shots. Susskind lacked confidence and determination to succeed. On the other hand Hall, full of determination, played some fine fighting innings and should do well in future. Reim has improved and batted well on occasions. Mann and Antrobus hit spiritedly several times, while McClure's batting has greatly improved. Rosholt and Le May, though very keen, were rather disappointing, and had many faults. On the whole, the fielding and catching were good, while the throwing-in was exceptionally hard and accurate.

After fifteen consecutive visits, Mr. Crockett very reluctantly had to cancel his team's visit; players, because of the Currie Cup fixtures and for business reasons, were unable to accept his invitations. We missed the visit very much, and sincerely hope the team will be able to come this year.

"The Vultures" came again, and we were delighted and surprised to defeat them comfortably. Once again we thank them for presenting two bats, one for batting-won by Doming-and the other for bowling, won by F. Lee.

. The first cricket match between St. Andrew's, Grahams-town, and Michaelhouse took place during Schools Week in Durban. In the evening the Rector entertained both teams at the Metro.

During the season Colours were awarded as follows:

1st XI Colours: R. Gathorne, A. R. S. Doming, P. A. Dobson, J. W. Gray, P. J. Susskind, D. R. Antrobus.

Blazers: D. R. Antrobus, A. M. Rosholt, W. L. Hall

G. H. Le May, H. A. Harriss.

## MICHAELHOUSE v. OLD BOYS.

Played on the Oval on September 29th. Won by 33 runs.

After an indifferent start, the tail, ably led by Mann whose score included two sixes and five fours, hit splendidly and gave the School a reasonable total. McClure and Mann bowled very steadily. M. E. Pennington batted well, and his last-wicket partnership with K. M. Pennington nearly won the game for the Old Boys.

MICHAELHOUSE v. GLENWOOD HIGH SCHOOL.

Played on the Oval on October 23rd. Won by 9 runs.

This was a game of remarkably low scores. The bowling on each side was undoubtedly good, but the batting was really very weak. A good stand by Gray and Dobson saved the day for us; they both got themselves out foolishly. Rosholt hit well at a critical stage. Our fast bowlers were in good form in both innings.

## MICHAELHOUSE v. ST. CHARLES.

Played on the Oval on November 6th. Drawn.

This game was played on Speech Day, and was unfortunately spoilt by rain. After we had started disastrously, Dobson and Susskind played really good cricket and changed the state of the game. Mann again hit really well, his score including two sixes and five fours. Just before tea a heavy storm put an end to the game.

MICHAELHOUSE v. ST. JOHNS COLLEGE.

Played at St. John's on November 13th. Lost by 23 runs.

This was a most interesting game, in which there were several changes of fortune. As can be seen from the scores, T. Cook and Wynne were the chief batsmen and bowlers for St. John's; they both batted very well, but survived some very confident appeals. After a poor first spell Lee bowled really well, while McClure and Mann were very accurate and persevering. Reim kept wicket well. We started strongly and it looked as if we might win by several wickets, as we were scoring at a very fast rate. Doming foolishly ran himself out, but Lee and Dobson were batting really well until Wynne came on with his very slow breaks and got three wickets in his first two overs. Cook then took command, and we were out in a very short time.

## MICHAELHOUSE v. MARITZBURG COLLEGE.

Played at Maritzburg College on November 27th. Won by two wickets.

This was another exciting game, in which, after being in a strong position, we only just won. The College started well, and with Harris batting vigorously it seemed as if they would make a big score. After Blaver had been well held by Reim and Harris had played right across a straight ball from Mann, the later batsmen found Mann too accurate, and were out trying to force. Gathorne batted brilliantly, and with Doming, gave us a splendid start which Dobson carried on. Then came a collapse-everyone trying to force Blaver-but one or two hits from Mann and Reim gave us victory.

Played at the Old Fort, Durban, on December 14th. Lost  
by 6 runs.

We were unfortunate in losing the toss against this

wicket was difficult. Tuckett, who has played for O.F.S.,  
made full use of it and was too fast for our batsmen. Our

MICHAELHOUSE v. GLENWOOD HIGH SCHOOL.

Played on Technical College Ground on December 15th.

Won by 52 runs.

Although the bowlers had the advantage of a wicket which was difficult all day owing to rain, yet the batsmen were rather unenterprising. Gray batted steadily in our first innings, while Gathorne was really good in the second innings. Glenwood found our bowlers too accurate for them, and only carelessness in the field robbed us of a victory on the double innings.

MICHAELHOUSE v. ST. ANDREW'S COLLEGE,

GRAHAMSTOWN.

Played at Hoy Park, Durban, on December 16th. Won by

138 runs.

As seven of our batsmen made double figures, one  
or more of them should have been able to make a big  
score. Dobson and Reim were the best. Procter was a  
good slow leg break bowler and had to be watched care-

fully, but the rest of the attack was quite ordinary. Our opponents could do nothing against our fast bowlers, who were making plenty of pace off the fast wicket. McClure started by getting three quick wickets with very good balls, and then Lee had an astonishing over in which he clean bowled four batsmen. St. Andrew's had a good batting side but found the wicket too quick for them. They looked like collapsing a second time, but some steady batting by J. Gardner and a courageous innings by Barnes saved the side.

### MICHAELHOUSE v. NORTHERN DISTRICTS.

Played on the Track Ground, Durban, on December 17th.

Won by 4 wickets.

Both sides were feeling the strain of a week's cricket and the standard of play was not very high. Our catching was particularly good, and Lee batted in his best form.

## S. MICHAEL'S CHRONICLE

## MICHAELHOUSE v. HILTON COLLEGE.

Played on Kingsmead, Durban, on December 20th.

Won by 89 runs.

We won the toss and started well on a good wicket, but the middle batsmen would not use their feet when Trollip was bowling his slow off-spinners. Only a ninth wicket partnership of 56 by Susskind and McClure gave us a fighting score. Hilton started promisingly, but when Mann bowled Ellis and Thompson in consecutive overs, the tail could not withstand McClure. Owing to rain, late starts were made on both days, so that we had to go for the runs in our second innings to try and force a win. Gathorne batted really well but was foolish in not getting his 50 with a whole over to get one run. As we had only two hours in which to get them out a second time Hilton obviously were playing for a draw, but our bowlers, particularly McClure, bowled so well that within an hour seven wickets were down for 30. Then Ellis and Turner stayed together for 45 minutes, but just when a draw seemed certain, Antrobus "yorked" Ellis and bowled Randles in the same over. With five minutes to go, Mann bowled Franklin and the game was won. McClure's bowling in this match was really remarkable and was the chief reason for our victory.

MICHAELHOUSE v. ZINGARI.

Played on the Oval on February 5th. Drawn.

Following a good start by Gathorne and Dobson, who batted very steadily, we collapsed in trying to force the pace in the afternoon. The Zingari also tried to force a win, but found Antrobus' bowling too accurate and fast to score off easily.

MICHAELHOUSE v. MARITZBURG COLLEGE.

Played on the Oval on February 19th. Won by 5 wickets.

On a wicket on which the ball was apt to keep a little low, the College batsmen were "at sea" to our fast bowlers. Anley batted confidently and well, while Smylie hit effectively. Dobson and Lee, by attractive batting, soon passed the College score.

### MICHAELHOUSE v. D.H.S.

Played at D.H.S. on March 5th. Lost by 115 runs.

We gave our poorest display of the season in this game. The bowling lacked fire while the catching was deplorably weak. The D.H.S. batting was good, but each batsman was given at least one life. Our batsmen failed on the matting wicket, though Susskind, Doming and Hall tried hard to save the game.

MICHAELHOUSE v. ST. CHARLES.

Played at St. Charles on March 12th. Won by an innings and 77 runs.

We batted on a perfect wicket and scored our total in two hours. Several of the batsmen were out trying to score too freely. Susskind and Dobson drove with great power. After a fair start against our fast bowlers, our opponents failed against the slow bowlers. This was further shewn in their second innings when they were unable to play Dorning's bowling.

## MICHAELHOUSE v. HILTON COLLEGE.

Played on the Oval on March 16th. Won by 86 runs.

This was a most interesting match from start to finish.

On a wicket which gave the bowler a certain amount of

help, we fared badly, and at lunch time the score was 79 for 7 wickets. Lee batted brilliantly under trying conditions. After the interval the wicket improved and Doming and Reim, both of whom watched the ball well, took complete command and completely changed the aspect of the game. With Antrobus and Harriss hitting splendidly at the end, the last 127 runs were added in 75 minutes. After Antrobus had got two quick wickets, Gillbanks was well stumped when he and Thompson were getting going. Addison was unlucky to be run out when it looked as if he was going to help Thompson to make a draw; the latter's off-driving was good, but he could find no one to stay with him. Lee bowled exceptionally well.

### MICHAELHOUSE v. THE VULTURES.

Played on the Oval on March 28th. Won by 114 runs.

After a fortnight's rest from cricket we did extremely well to beat our formidable opponents, who, though not as strong as usual, had a team which consisted mostly of first league players. Owing to the rest, and heavy storms, the wicket was not at its best, and we were lucky to bat first. Once again our tail came to the rescue and gave us a very good score. Gray and Dobson stayed together, and then Hall came in and batted really well, and, scoring all round the wicket, helped Doming to take the total to 183. Doming again batted with determination and was out to a grand catch. The Vultures found the wicket and the accuracy of our bowlers too much for them. After Lee had bowled splendidly in his opening spell, Le May and Harriss made the most of the wicket to dismiss the later batsmen.

### THE TOUR January, 1938

The team met in Maritzburg on Wednesday, January 5th, on a day of scorching heat, and left the same night for Kokstad. We arrived early next morning, and the match began at about ten o'clock. Our batsmen came off almost to a man, and our total of 325 proved to be the highest of the tour. Gray, Gathorne and McClure did especially well, Gray scoring his second fifty in under twenty-five minutes. Kokstad, left about three hours to get the runs, forced the pace, Cedric Bastard and N. Fann playing well. Our fielding, perhaps because of the uneven ground, did not uphold the reputation won at Cricket Week, but our bowlers carried the day and Kokstad were all out for 195.

That night we were motored to Franklin, where we spent the night with the various farmers of the district. The match with the Argyle Club started at ten o'clock next morning- They batted first and scored 130. Cedric Bastard played another very good innings, and Ronald Gilson's 34 not out was invaluable. Our first few batsmen found Gilson's opening spell too much for them; it was only through another sound innings by Gathorne, backed up by valuable innings by Crockett, Antrobus and Derek Lee, that we actually came so near their total.

A most enjoyable dance was very kindly arranged for us that night by Mr. and Mrs. Le Roux. Early next morning we caught the express for Matatiele, where we were to play two matches. In the first, they were out for 37 and 39, while we scored 178. Hall made a safe, but extremely slow, 72. In the Sunday match they fielded their strongest team, but again were beaten by an innings. Fred Lee, who returned to his best form with a fine century, Mr. Davis and Susskind were the chief scorers.

## S. MICHAEL'S CHRONICLE

While waiting for our train on the Monday, several of us took advantage of the kind invitation of Mr. and Mrs. Murray to visit their farm at Cedarville.

Monday night was spent at Franklin Hotel, and early on Tuesday morning we left for Creighton. There we learnt that Ixopo could not raise a side to play us, and that a match had been arranged for us by Mr. Woods in Maritzburg instead.

We found the bowling of G. Eaglestone (7 for 53) a little too much for us, and we were all out for 102. Gray made a good 23 and Derek Lee hit effectively. They passed our total for the loss of six wickets and went on to score 154. Cole and P. Eaglestone batted particularly well, though had one vital catch been held, the result might have been different.

We left for Maritzburg at 10 p.m. and arrived early next morning in a heavy shower of rain. We breakfasted at the Ansonia Hotel.

The match was on the Standard Ground. Owing to the rain, the start was delayed till twelve o'clock. Michaelhouse lost the toss and found Maurice Pennington unplayable. At lunch five wickets were down for 14.

After lunch the pitch had dried out. Maurice Pennington took himself off, and, profiting by this, Susskind and Doming batted really well. Their partnership was not broken until Maurice Pennington brought himself on again at 94.

McClure returned to his very best bowling form, and only Orchard put up any resistance.

Early next morning we left for Richmond where, for the second time on the tour, we played on a turf wicket. Batting first, we lost two quick wickets, but Gathorne and Gray, given valuable support by the tail, batted well. Considering the extreme slowness of the outfield, our total was good.

## S. MICHAEL'S CHRONICLE G3

McClure and Antrobus, both at the top of their form, bowled unchanged throughout the Richmond innings.

That night we slept at the Richmond Hotel, and next day went by train via Maritzburg to Estcourt. Next morning we were very kindly taken to Bergville by car.

McClure was unplayable in his first over, in which he took three wickets for no runs. Then Smith and Barrett added 50 for the fourth wicket. King played a useful innings, and Scott, who had rushed from Ladysmith for the match, hit very hard for his 38, which included one prodigious drive for six off Fred Lee. Barrett's 77 was a very fine effort.

Dobson returned to his very best form in scoring 40. Our batting was very disappointing, and 9 wickets were down for 115. Then, while Crockett kept up his end, Antrobus hit at everything, and scored his 51 not out in seventeen minutes. In his innings were two grand sixes off Terry Scott.

That night there was a most enjoyable dance at the Bergville Agricultural Hall. Next day, as circumstances compelled the Sunday match to be abandoned, we were taken for a picnic to the Natal National Park. The more energetic of us went mountaineering; others preferred to make up for sleep lost. On the way back, in an open lorry, we were caught in a heavy storm and soaked to the skin.

That night the Johannesburg party was to have been motored to Ladysmith to catch the mail train. There was, however, a second and heavier storm; the roads became impassable and they had to wait over one day.

Next morning the team broke up. The Durban party left by the morning train, the Johannesburg party by the mail train from Estcourt that night.

We should like to thank all who acted as hosts to the team. Their kindness and hospitality went far in making the tour the success it undoubtedly was.

The team was: R. J. C. McClure, F. C. Lee, R. Gathorne, P. A. Dobson, A. R. S. Doming, J. W. Gray, P. J. Susskind, D. R. Antrobus, A. M. Rosholt, G. H. Le May, W. L. Hall, D. R. Lee, E. L. Crockett. Mr. N. A. Davis went as manager.

## S. MICHAEL'S CHRONICLE

### OLD BOYS' NOTES

#### OBITUARY

##### ALFRED GRAHAM MILLAR.

Graham Millar entered Michaelhouse in the old Loop Street days, in February, 1900, and is present as one of the number of small boys in the historic Migration Photograph which is happily preserved at Michaelhouse. He left School in December, 1904, and was Senior Prefect for the last quarter of that year. He was a brilliant all-round sportsman, and won both his 1st XI and 1st XV colours. He is described in the School Chronicle as one of the best full backs we ever had at Rugby, and was a fine bat. He was a Sergeant-Major in the Cadet Corps.

After leaving School he joined his father's firm, A. D. Millar & Kimber, solicitors, in Durban, but after a few years gave up this occupation for open-air life at Kloof, where he remained for the rest of his life. During the many years that he lived at Kloof, he took part in the general sporting activities of the district, particularly tennis. For some time he suffered from heart trouble, and, after a long illness, died last November at the age of 52. We offer our sincere sympathy to his widow and the other members of the family who were at Michaelhouse.

##### WALTER SPARKS.

Wally was born at Sydenham on December 5th, 1885, the eldest son of Colonel Harry Sparks. He entered the School in February, 1901. After leaving Michaelhouse in 1902, he proceeded to England, and on his return to

## S. MICHAEL'S CHRONICLE

Durban entered the firm of Messrs. Randles, Bro.

& Hudson. In 1908 he took up farming at Clifton, Swinburne, in the Free State, and resided there till his death.

While in Durban he played cricket for the Durban Wanderers (now Stamford Hill) and kept wicket in the Senior League. At Swinburne he played for the Harrismith Cricket Club for many years.

In 1911 he married Miss Margaret Liddell, of the Bethlehem district. They had one daughter and three sons, two of whom, Harry and Dudley, are the well-known Natal and Free State cricketers. At one time Wally was Secretary of the Swinburne Farmers' Association, and did much useful work in that capacity. He was widely respected and liked in his district. He died suddenly last Christmas Eve at his son Harry's farm near Clarens, where there was a large family gathering for the Christmas festivities. Two younger brothers, Victor and Ernest, followed him to Michaelhouse and shared his love for, and success at cricket, a game which still is so enthusiastically supported by Colonel Sparks in Durban. We offer our sympathy to his widow and family.

## WILFRED SAMUEL FIELDGATE

Wilfred Fieldgate entered Michaelhouse in February, 1931, and left in December, 1933. He was a keen, loyal supporter of his House, Farfield. Possessed of a quiet, cheerful personality, he was popular with his fellows. Never particularly strong, he was unable to stand up to the inroads of a severe illness which gripped him last year, and died in Johannesburg in March. We extend our deep sympathy to his family.

GENERAL

The 1937-38 Cricket season will always be memorable for the keen struggle for the Currie Cup between Natal (the holders) and the Transvaal. It was especially interesting to all O.M.'s because these two teams were captained by Michaelhouse men. When Bob Harvey and Alan Melville tossed in Durban at the beginning of March, and the latter won, all followers of this decisive match realised that Natal had the odds against them. The ultimate Transvaal victory meant that the two sides share the Cup. We wondered whether this stern encounter took the captains back to their many friendly games on the Oval nearly ten years ago when they were in command of School cricket. We congratulate them both on their successful leadership.

The Natal side also included L. W. Payn for several matches, while O. C. Dawson, who had a grand season for Greyville, played for a Natal XI against the Natal Schools and Northern Natal. For the Natal trials at the beginning of the season, R. L. Harvey, L. W. Payn, D. Turner, R. Howden and O. C. Dawson were picked. George Boyes, who recovered much of his form as a batsman, went with the Natal side on their Cape tour, and was most unfortunate not to get a game in at least one of their three matches. B. Oscroft played for the Northern Natal XI and D. Turner for Maritzburg in the annual intertown against Durban.

The following were noticed during the season turning out for their Clubs:

DURBAN.-Berea: R. L. Harvey (captain), R. Collins, H. A. C. Swales, L. W. Payn. N. M. Starling, M. Harvey. Greyville (who topped the B Division of the Senior League): A. H. Berend (captain), D. W. Dawson, O. C. Dawson, N. M. B. Mann, W. G. Crockett, J. B. Robertson, K. Collins.

MARITZBURG.-Zingari (who again won the Senior League): M. E. Pennington (captain), G. W. Boyes (vice-captain), R. Howden, D. S. Turner, A. P. Woods, G. O. M. Pennington, B. Drysdale, R. Stewart, H. Hallowses, L. E. Greene, R. W. Anderson, P. Francis. Standard: D. Moultrie, J. Roach.

## S. MICHAEL'S CHRONICLE

OTHER NATAL CENTRES-Richmond: St. J. Nicholson, V. Beattie, R. Stewart. Umzinto: L. W. Payn, G. Payn. Harding: H. W. Pleydell-Bouverie. Kokstad: W. Elliot (captain), A. H. Borland. Argyle: R. L. Gilson (captain). Creighton: V. Houston. Eastwolds: I. Campbell, G. Beaumont. Greytown: R. N. Carter. Caversham: K. M. Pennington (captain), C. Melville, J. Pridmore. Rosetta: L. Greene. J. Rethman. Turner Park: B.

Vaughan (captain), K. Mackay. Tintern: J. Price Moor,

A. Carter, G. Robinson. Estcourt: M. H. Forder, D. B. Koe, D. W. Turner. Harrismith: D. MacFadyen. Mount Edgecombe: L. Case (captain), C. Starling.

TRANSVAAL.-Wanderers A: A. Melville (captain),

C. McClure. Wanderers Reserves: M. Rosholt, N. Paton. Old Johannians: H. E. Boyes (captain). West Rand: N. van der Riet, R. Leach, D. Roberts.

We heartily commend to others the enthusiasm of the Cambridge Branch of the Club. With a necessarily limited membership, it has in recent years run a most successful annual dinner and made strenuous and increasingly productive efforts to gather together the many other O.M.'s in England. It has been blessed with a succession of energetic secretaries, who, in the face of the fullest demands on their time as members of the University, never fail to send out complete information of the achievements of our Old Boys, which a casual perusal of the following notes will reveal to be as interesting as they are varied.

And now Noel Mann and David Edington have started a series of London lunches. The first was held at the Criterion Restaurant on Varsity Rugby Day in December, and was attended by P. Asbury, W. Hudson Bennett, M. Bennett, E. Bennett, A. H. Baynes, K. B. Hallows, A. Fehrsen, N. James, D. Krause, D. Edington, N. Mann, L. D. Osier, B. Pickles, L. Pickles, B. Randles, B. Shearer, R. Struben and L. M. Thompson. This successful experiment was repeated on the day of the Inter-Varsity Sports in March, and was even more successful with 28 present, including M. Ailanson, P. Asbury, D. Atkins, C. M. Brown,

E. Burchell, J. M. Barry, T. Clayden, Rev. P. C. Cazalet,

A. Davidson, D. Edington, A. Ellis, A. Fehrsen, N. Harriss, P. Henwood, W. Hudson Bennett, L. Keeny, D. Krause, J. Moffatt, N. Mann, B. Mansfield, D. Maxwell, L. D. Osier,

Capt. A. C. Radford, R. Sewell, R. Struben, J. Theunissen, H. Webber and D. Young. An excellent turnout, representing as it does a gathering from all parts of England! Our message of congratulation to the organisers is that we hope these informal affairs at the Criterion will be more and more widely supported. The idea of holding them on the red letter days of the Inter-Varsity sports calendars should bring most O.M.'s to London, and others on temporary visits to England will know when and where to go. Long may they prosper!

### PERSONAL NOTES

H. Alder has a new billet with Messrs. Haggie, Son & Love, Ltd., at Cleveland, Transvaal.

M. Ailanson passed his first M.B. at Cambridge last year. He is very prominent in the athletic world of Downing College.

Harry Antrobus plays for the Witwatersrand University first elevens at cricket and hockey.

C. Acutt is taking a course at the Durban Business College.

A. L. Anderson is on the mines at Springs, having left Harrismith about a year ago.

B. N. Adams was startled to discover a large crocodile recently in his new reservoir for the Eshowe water supply.

T. M. Adnams has been awarded his full "blue" for the Edinburgh University rugby team - an honour only bestowed on the best six or seven players. He was also selected to help give scrum practice to the Scottish International side which had such a brilliant season.

T. H. Archbell sailed last Christmas to join the R.A.F. in England.

D. Atkins is hard at it, studying for his entrance exam. to Jesus College, Cambridge.

Many O.M.'s will sympathise with R. A. Buchanan, who

injured his spine in an aeroplane crash at Kloof in March. We understand he is recovering slowly.

A. Buchanan Clarke, who farms at Hidcote, has a son and heir, born in March.

## S. MICHAEL'S CHRONICLE

J. S. Braby is in America gaining business experience.

F. C. Biggs is farming at Gladstone, Ongeluk's Nek, near Matatiele, while his brother, W. J. C., is on an adjoining farm, "York." They were at the School in 1917.

J. M. Barry is one of many O.M.'s in England who revel in the delights and Michaelhouse atmosphere of Philpots, where our old friend, C. W. Hannah, is a grand host.

A. M. Buchan obtained his B.A. degree last year at the N.U.C., Maritzburg.

J. C. Bennett, who farms in the Glengarry district of East Griqualand, is likely to be one of many farmers there who will have to vacate their land under the Government Native Released Areas scheme.

E. T. Brunskill operates East Griqualand as District Representative for Texas Oil Co.

We are most grateful to A. H. Borland, who represents the Atlantic Refining Co. in East Griqualand, for a full budget of O.M. news. He has made many good scores this season for the Mount Currie team, and has a son entered for Cordwalles. Tubby is running his own business in Durban as a used car dealer.

H. W. Pleydell Bouverie, who is still farming near the Umtamvuma, kept wicket for the Harding Club last season.

P. Bellow is at Rhodes taking a classical degree.

J. Baylis sailed in April for London, where for five years he will study at the School of Architecture.

Craig Brown reports having grand winter sports in the Austrian Alps in a party which included D. Nicholls,

A. Fehrsen and D. Sulin. They went on to Davos, where they met G. Cumming, H. Webber, R. Struben,

B. Hindson and L. Briggs, while the two Bennetts and D. Edirgton were at Klosters. We are grateful to him for a long account of O.M. activities at Cambridge, where he plays squash and hockey for Jesus College.

Guy Berry last December passed his fifth year Medical

Examinations very well at the University of the Witwatersrand and is in his final year.

## S. MICHAEL'S CHRONICLE

79

P. J. Buzzard is taking first year Engineering at the same University.

Meyrick Bennett hurdled for Cambridge against Oxford again last winter. He is secretary of the Downing College Amalgamated Clubs. Ernest also got his Half Blue at Cambridge for putting the shot. For Michael-house to have two brothers in a University team at the same time is a record of which we are all justly proud.

Exton Burchell has won his colours for hockey at Trinity Hall, Cambridge.

B. B. Burnett is doing his final year B.A. at Rhodes, where he is on the S.R.C., chairman of the Debating Society, and on the S.C.A.

We wish all prosperity to Guise Beaumont and his bride, who was Miss Celia Delves Broughton, of Vancouver, Canada. They were married in April, and will farm at Eactwolds.

Leslie Case, who is compound manager for Natal Estates at Mount Edgecombe, was responsible for the organisation of the Indian Festival there in April, which was attended by over 30,000 people. He is nursing the new turf wicket there and prophesies it will be one of the best in the country.

M. Cooper is in the Swaziland Police, at Mbabane.

Harry Chaplin and Wally Chaplin both have daughters. The former has a good job in Nova Scotia. The latter has abandoned the teaching profession for journalism and is a sub-editor of the Daily Tribune in Durban. Eric is in the Standard Bank at Kokstad, and plays rugby for the local side.

D. W. Calvert obtained his B.Sc. degree at Witwatersraru University last year and is proceeding to the Honours Degree.

G. L. Clarence has been gaining valuable experience in electrical engineering before starting on his four years' course at the Technical College in Johannesburg.

B. Christopher is gaining legal experience with Messrs. Lister and Lister, in Maritzburg.

## S. MICHAEL'S CHRONICLE

B. A. Caney's address is P.O. Redan, Vereeniging, Transvaal.

Cyril J. Chaplin, whose up-to-date farm, Highflats, is near Matatiele, is Roads Engineer for the Matatiele Divisional Council.

G.\*A. Cruickshank has been appointed Lecturer in Mathematics at the School of Technical Training, Roberts Heights, where he takes air apprentices and mechanics as far as the second year B.Sc. standard. There are over 500 youths at this centre. One of his many side lines is studying lightning. He recently built a lighting alarm for the Chamber of Mines.

S. Collier is taking an engineering course at Loughborough College.

J. Chomley goes to the R.A.F. College, Cranwell, next year. Meanwhile he has gone for experience to an uncle's sheep station in Australia. Last Christmas he travelled all round Rhodesia by car and was most impressed by all the sights, about which most of us only get a chance to read.

D. H. B. Carlisle was called to the London Bar in January, and returned to Natal in March by the leisurely East Coast route. He was in Germany for the New Year.

The arrival of another Chaplin at the School this year means that the old record of six brothers coming here, which has been held by the Jansen family, is now equalled. We wonder when it will be beaten!

The marriage of Jimmy Clark, the well-known Rand racing motorist, and Mrs. Veronica Cameron, widow of the late Horace Cameron, of cricket fame, took place in Johannesburg on March 24th. We wish them luck.

Colin and John Campbell farm with their father at Snowhill, in the Himeville district. John recently joined the Club.

Victor Cowles has played rugby regularly for McGill University and for the all-Montreal team that went to New York. He also won the middleweight boxing championship of the University after three tough fights, in one of which he amused a crowded hall by turning a complete somersault.

## S. MICHAEL'S CHRONICLE

81

G. A. Chalkley has left Cambridge and is back in the Transvaal.

A. R. Clayden had a Fresher's trial at Oxford in athletics. He is at Brasenose.

Murray Campbell is farming for a year with Guy Henderson at Mooi River.

T. G. Chater came first in the Union in the Salesmanship examinations in December, and was awarded a handsome prize by the Durban Chamber of Commerce.

R. A. Dyke, who is farming at Westminster, O.F.S., has a daughter, born last December,

B. Drysdale is through his first year Mining Engineering papers, and plays cricket and under 19 rugby for the Witwatersrand University.

L. W. Doidge was down in Maritzburg on leave from Bloemfontein in April.

J. C. Dav/son Squibb is back from Oxford, and is in Johannesburg in an accountant's office.

Harold Dold is standing as an Independent for a Durban constituency,

W. J. Dorehill was down on long leave in February, part of which he spent in England. He has been transferred on promotion from Wankie to Inyati.

R. A. Durose returned in April from a holiday trip to England and the Continent.

H. M. Drummond has passed his Law Finals.

C. W. Dyer, after several years in Zululand, is on the staff of Messrs. Strachan & Co., Umzimkulu.

Spencer Edwards has joined the R.A.F. with a short service commission.

Bill Elliot's daughter was joined by a son last year, much to his parents' delight. Bill captained the Mount

Currie cricket XI last season.

D. Edington was just beaten in the Freshers' mile at

Cambridge, and has been elected Secretary of the Jesus College Athletic Club. He is a most enthusiastic Assistant Secretary of the Cambridge O.M. Branch, and was mainly responsible for the very successful first O.M. lunch in London last December.

## S. MICHAEL'S CHRONICLE

J. R. Evans has a daughter, born in April.

P. Francis was runner-up in the Maritzburg Country Club Golf Championship, held at Easter.

H. Fellowes has a son and heir, born in February.

R. C. Forsdick is working in his father's motor business in Durban.

We heartily congratulate Norton Franklin, who has been appointed Assistant Lecturer in Economics at Rhodes University College, after his brilliant career at Cambridge, where he was our first O.M. Elsie Ballot scholar.

Robin Findlay is engaged to Miss T. Simpson, of Durban. He is in his father's estate agency business.

A. Fehrsen played for Cambridge South Africans rugby team against the Oxford South Africans.

J. Freeman and his wife came out from England for a few weeks in February.

R. Friel spent his first legal leave trout fishing in the Underberg district, he and Douglas Vivian calling in for a night en route from Johannesburg.

P. Fehrsen was looking over Norwich Cathedral in April when he spotted smoke coming from the organ. His prompt action helped to minimise the damage.

C. H. W. Gray is engaged to Miss Dot St. Ledger, of Port Elizabeth.

R. L. Gilson's enthusiasm for cricket has led to a new club, Argyle, which he captains and which plays on his farm, Hermon, near Kokstad. He entertained the School there on their last tour.

R. de Gale is at Rhodes University College, studying for the B.Com.

E. W. Gibson welcomed another daughter in January.

Neil Graham Bell is enjoying a six months' trip to Europe.

L. E. Greene has passed his Law Finals in Maritzburg.

E. W. Haig is citrus farming at White River and is a tower of strength to the local cricket side.

## S. MICHAEL'S CHRONICLE

So

T. Heywood Harris sailed for England in March and goes into residence at Emmanuel College, Cambridge, in October.

D. Henwood passed all his first year subjects at the N.U.C., Maritzburg. We are grateful to him for sending news of all O.M.'s studying there.

P. Hickman was awarded his B.A. degree last December at the Natal University. Tim has gone to Rhodes to take a B.Com. degree.

A. M. Henderson is taking medicine at the N.U.C., Maritzburg.

T. Hunter has transferred from Imperial Airways to Rhodesian and Nyasaland Airways, and is stationed at Bulawayo.

During the crucial Natal-Transvaal Currie Cup match in March, two O.M.'s who have made a hobby of the administrative side of cricket, met in Durban after many years - Harry Higgins and Chappy St. Leger. "Smiler," as his contemporaries still affectionately call the former, was manager for the Transvaal side, is a member of the Transvaal Cricket Board and the South African Cricket Association Control Board, and chairman of the Pirates Cricket Club. "Saint," as we remember St. Leger, is vice-chairman of the Durban Cricket Union, is a member of the Natal Cricket Association and a Durban and Natal Selector, and also a member of the Durban Football and Cricket Grounds Association.

Ken Hallowes, after successfully battling with "smalls" is up at St. Edmund Hall, Oxford, where he is reading for Holy Orders. He played in the rugby Freshers' trials and was picked for the Final trials, but unfortunately pulled a muscle.

P. G. Henwood plays rugby for Jesus College and has been elected to the Sixty Club at Cambridge.

Congratulations to P. Houghton, who won the medals in Physics, Pure Mathematics and Applied Mathematics at Capetown University and a bursary as the best student of his year.

W. J. E. Hagger is in the Native Affairs Department of the Rhodesian Civil Service, and is stationed at Gwelo.

## S. MICHAEL'S CHRONICLE

I. Haggie has passed all his second year Engineering examinations at Witwatersrand University.

M. Henderson has turned from journalism to medicine, which he is studying in Johannesburg.

A. W. G. Hunter and J. W. Houghton are studying Engineering at the Witwatersrand University.

B. R. Hindson has finished his studies in England and has returned to Natal

P. E. Helme is continuing his medical studies at St. Bartholomew's Medical College in London.

N. Harriss is captain of the Downing College hockey team.

T. F. W. Harris got a first in Chemistry in passing his B.Sc. finals at Rhodes University College, where he is in the cricket and squash teams and President of the Students' Representative Council.

G. Holley has passed his B.A. at Rhodes, and has his rowing colours.

J. Ing has finished his R.A.F. training with a ten weeks' course in air navigation at Manston aerodrome, in Kent.

Lieut. B. A. C. Jones, of the Royal Artillery, married Mrs. Mona Hossack, of Capetown, in November. We wish them luck.

G. A. Jamieson has been appointed Internal Auditor to the Salisbury Municipality and left for Rhodesia at the end of February. We congratulate him on his achievement.

Ronald Jansen called in to see the School in April with his bride. They were nearing the end of their honeymoon, which started at Capetown after their wedding in the Gardens Presbyterian Church.

G. M. Kimber is one of a growing number of farmers who have introduced black bass into their dams. A fine fish, over 4 lbs., was recently caught there, only two years after stocking.

Louis Kricl, after some years on the editorial staff of the London Times, is back in the Union, reporting for Die Vaderland in Johannesburg.

To Robin Kirkcaldie belongs the distinction of being our first O.M. international hockey captain, for he recently led Scotland against Ireland. The Club sends its

heartiest congratulations to him. He is gaining experience with a group of Investment Trusts, having qualified as a Chartered Accountant at the end of 1935.

Tony and John Kerr sailed for England on a six months' trip in April. Peter is a sampler on the Robinson Deep Mine, and attends lectures at the Technical College, Johannesburg.

G. D. Kennan has a post in the Chamber of Mines.

T. C. D. Kennan, after seven months on a farm perfecting his Afrikaans and a temporary job in the anti-soil erosion works in Basutoland, has entered Pretoria University on a four years' course in Agriculture.

D. Krause has been boxing seriously at Cambridge, and recently fought for the University against London University.

A. F. Lees is Assistant Director of Studies at the School of Accountancy in Johannesburg.

Dr. Wilfred Lawrance is engaged to Dr. Winifred Broadhead, of Potche"stroom. He is practising in Pretoria in partnership with two other medical practitioners. He is Captain, Adjutant and Quartermaster in the S.A.M.C.

J. Louwrens is a milk recorder for the Government in East Griqualand.

G. B. Long has returned from Rhodesia to the Union and is teaching at Claud Janion's preparatory school, Pridwin, in Johannesburg. Leslie is engaged to Miss

B. Lambert, of Durban.

G. H. S. Loxton has retired from the managership of the Rietfontein Consolidated Mines and is combining farming at Rustenburg with consulting engineering work.

Dr. V. Leary qualified in his Finals Medical examinations at the Witwatersrand University last November. We wish him luck in his future. He has a post at the

Non-European Hospital in Johannesburg.

## S. MICHAEL'S CHRONICLE

Senior O.M.'s will be interested to hear that R. W. D. Leslie was promoted last August to the rank of Major-General in the British Army and is D.D.M.S. at York. The School and the Club heartily congratulate him on being the first O.M. to reach this rank.

Eric Lewis obtained three first classes in his examinations at the Witwatersrand University and has been awarded his first team blazer at hockey.

M. B. Lloyd obtained his B.A. degree at Rhodes last December.

R. J. Lockhart is taking his Medical Finals at Edinburgh.

Ken Lund has moved down to the Underberg district, after farming for many years near Winterton.

T. D. Marwick has been stationed for some months at Nongoma in the Native Recruiting Corporation. Don and his wife visited the School in April.

N. M. Mackenzie is a shift boss on Rand Leases on the West Rand. We offer him and his brothers the Club's sympathy in the death of his father, who was such a public figure in the Port Shepstone district. John came second in the Union in a cine film competition and won the Durban Cine Club Cup for the best film of the year with a picture of the Kruger National Park.

Alan Maling is farming at Eastfield in the Cedarville district. Tom, who is married and has a small daughter, is at the old homestead, Setebe Wiela, near Cedarville. Chris is still on the mines.

D. Macfadyen is an enthusiastic all-round sportsman in Harrismith, where he works with his father, and sent us a welcome summary of news of O.M.'s in that district.

D. Mayne is engaged to Miss Eva Graham, of Durban.

D. D. Maclaren, who is on the clerical staff of Rietfontein Consolidated Mines, has recently married.

J. Morphew, who is training at Roberts Heights, had an amusing experience some months ago on his first cross-country flight. He cruised about among the low clouds over the Reef trying to find the Pretoria Road,

and finally, with his petrol getting low, landed amongst

mine dumps and electric cables, and awaited an official rescue. It was, to use his own words, "the joke of the year in the Mess." He spent his summer leave in a volboat on the Orange River.

D. G. Maxwell, who is at the London School of Mines, indulges in rowing and squash, and has spent two winters in the Alps enjoying winter sports. He roams about the South of England in a 10 year old Austin 7. He did so well in the Intermediate exam, that he was admitted as a second year student.

J. MacIlwaine is having a year on the farm at Maranaellas, Southern Rhodesia, before proceeding to Woolwich to train for the Gunners.

Noel Mann, as a reporter for the "Varsity Weekly" at Cambridge, has done much to persuade the authorities to build a modern gymnasium for the University. We are once more grateful to him for full notes of many O.M.'s in England. Norman bowled with real distinction for Greyville, Durban, before sailing in March for England and Cambridge, where we hope he will get both a Cricket and Golf "blue."

H. H. McGregor is a fourth year Mining Engineer at Witwatersrand University and is doing his practical work on "Sallies." He has recently returned from a trip overseas, and is a keen member of the Ice Hockey Club. His brother, Maurice, is doing second year Medicine there.

W. MacRobert is in his final year for the B.A., is captain of the Rhodes University Squash team, and has played Hockey for the Eastern Province.

Nigel Morgan took his Mine Overseers Certificate exams, in April. Last season he played rugby for the Transvaal. He is probably the only O.M. who has played for three Unions in South Africa, as he had previously represented Natal and Rhodesia. He is on the New State Areas mine at Springs.

J. B. and R. A. Mudd are on the Van Dyk Consolidated mine near Brakpan, both qualified Mining Engineers. Barry was recently successful in getting his Mine Manager's Certificate.

J. Moffat is studying in London.

## S. MICHAEL'S CHRONICLE

F. L. Moon was down at Verulam on leave from the Chamber of Mines in April.

Geoff Moor has joined the band of O.M. s with a son at the School.

D. Nicholls is captain of the R.A.F. College cricket team at Cranwell.

S. Orbell is taking a teacher's course at the Natal Training College.

E. M. Parr is gaining commercial experience with Messrs. Davies & Barrow, stationers, in Durban.

P. F. Pentreath sailed in April for England, where he intends going to the R.A.F. College at Cranwell.

P. S. Pearce is reading law at Rhodes University College.

C. J. Peycke is student farming with Guy Lund in the Merrivale district.

R. S. Parker has only a few minor items to pass before obtaining his degree in Architecture at the Witwatersrand University. He is now working with Anthony in Salisbury. His departure has been a great loss to

the University, where he was vice-captain of the rugby team, and again Inter-Varsity boxing champion in his class.

F. D. Pascoe passed his first year Medical subjects at the Witwatersrand University.

L. Palframan rowed in the Jesus College II Lent boat at Cambridge.

L. D. Pickles is Sports Editor of the Cambridge "Varsity Weekly." He will be joined at Clare College in October by his young brother, Bernard, who is to read Engineering.

R. G. Poynton has a post on the staff of the Union Castle Co. in Johannesburg.

Maurice Pennington won the Maritzburg Country Club Golf Championship in April, for the seventh time in succession with gross scores of 71 and 74. The British Museum have named five new species of butterflies, discovered by the Club Secretary on the top of the Berg eighteen months ago.

## S. MICHAEL'S CHRONICLE

89

We congratulate Roy Rawlinson on the birth of a son and heir on December 5th. He is on the Modder Deep mine.

J. R. H. Rogers, who is on the staff of the Commissioner Street branch of Barclays Bank in Johannesburg, has been gazetted a 2nd Lieutenant in the I.L.H.

A. C. Radford has moved out of London to Bluegate, Ray Mead Road, Maidenhead.

J. Roach is in the Provincial Accountant's office in Maritzburg, awaiting a permanent appointment in the Native Affairs Department. His father is stationed at Njola, Sierra Leone.

E. P. Rose has started at Howard College, Durban, on a four years' course of Electrical Engineering.

J. Rethman is on the staff of King's School, Nottingham Road.

Niel Reid wrote recently from Arusha, Tanganyika, reporting the arrival of a second daughter and some big game shooting in the Masai country.

S. F. C. Robinson is taking Engineering at the Witwatersrand University.

G. Ridge has given up the Waverley Service Station in Maritzburg and has gone farming in the Byrne district.

D. O. Roberts was down on leave from Randfontein Estates in March. We hope to see him and Ronnie Leach playing for the Transvaal against the British rugby team this winter.

V. Sparks' only daughter was married recently in Maritzburg.

After several years of happy work as Curate to St. Thomas parish, in Durban, Victor Shaw has been made Pnest-in-Charge of the Himeville parish. He was given a presentation at a large social gathering at St. Thomas Hall on the eve of his departure. It is interesting to record that he is the second O.M. to become a Parish Priest in Natal.

K. W. Strachan, after two years with the Union Corporation in Johannesburg, has decided to take his B.Com.

and is in residence at Capetown University.

## S. MICHAEL'S CHRONICLE

J. M. Simpson is at Rhodes University College prior to going into residence at Oxford.

N. F. Sperryn is accountant of the Champion Sparking Plug Company, Ltd., which has just opened a large, up-to-date factory on the Great South-West Road at Feltham, Middlesex.

John Sinclair sailed for England in March where he will gain experience on the London Stock Exchange. Later he will return to the mines for a time, then go to the Johannesburg Stock Exchange, and finally rejoin his father's business as a broker in Durban.

F. D. R. Struben is President of the South African Society at Cambridge, Meyrick Bennett being Secretary.

Basil Stubbings played nine times for Oxford University last rugby season, including their great wins against the Army and the Harlequins, and went on their Northern tour. He wrote "schools" in June and hopes for an appointment in the Colonial Service, having applied for a position in one of the South African Protectorates.

Dr. Nigel Steere has gone to the General Hospital in Johannesburg to specialise in Obstetrics.

We offer our sympathy to Bun Sewell, whose father died in London at Christmas time. He has passed his exams, at Loughborough College.

R. N. Selley came out on short leave from the R.A.F. in March and April.

A. F. Scruby was for some months on the Springfield Collieries, Vereeniging.

A. R. Strachan is articled to MacDonald and Stead, architects, in Durban.

K. W. Simpson has started on his magnetic survey of the Union from Capetown, and anticipates being on the job for two or three years.

W. M. Smythe has become a "dour canny" golfer with a handicap of 3 at the Maritzburg Country Club.

N. M. Starling is a Director of the Egoloni Sugar Company at Maidstone. Charles, who recently joined the Club,

is an overseer on the Natal Estates at Mount Edgecombe, is married, and has two fine little sons.

We offer our sympathy to Roden Symons, whose wife died suddenly in March.

D. G. Truscott welcomed a daughter last December.

M. A. Thiselton's second son was born in Johannesburg on September 15th, 1937. Like his brother, he is entered already for the School.

N. L. Tatham has been transferred to the Northern Transvaal and is stationed at Naboomspruit engineering the new national road. Trevor has recently moved to a new farm, Springfield, Mooi River, with his valuable stud of ponies and dairy herd.

J. M. Thorpe did very well in his first year Engineering papers at the Witwatersrand University last year.

E. J. Theunissen ran in the Oxford Freshers' sports, is a member of the Centipedes Club, and ran for Oxford against the Cambridge Freshmen in the 100 yards. He and Mike Barry share rooms at Trinity College.

G. Tolmer passed his M.A. degree at Rhodes last year and played rugby for the University side. He was chosen to play for the Eastern Province.

R. Tewson is running an estate agency in Johannesburg.

L. M. Thompson, last year's Natal Rhodes Scholar, writes enthusiastically from New College, Oxford.

Eric Tod has a charming little daughter.

D. W. Turner has fallen for golf and is rapidly becoming one of Estcourt's most consistent golfers.

B. R. Vaughan has given valuable assistance to the Natal Fisheries Officer in the transportation of trout to stock new streams in Natal.

Jim Verney was third in the Rhodesian Bisley recently. He has sent us long, vivid accounts of waterfowl shooting and tiger-fishing in the Zambesi region that bear out what a paradise that country is for the keen sportsman. At the same time we would hesitate to follow him into the shoulder deep water of a crocodile-infested pan just to make sure of a right and left!

E. D. Vivian spent a fortnight of his leave last Easter on the Underberg trout rivers and was ecstatic when he saw his first pound rainbow lying safely on the bank.

## S. MICHAEL'S CHRONICLE

W. D. Wilson was one of the Joint Secretaries for the Oxford and Cambridge Dinner which was held in

Pretoria on Boat Race night.

Derek Wilson, after two years at Edinburgh University, is back in Natal and in residence at the N.U.C.

C. S. West visited Natal in January on his annual leave from Kimberley.

C. H. Webb is married and working with a firm of accountants in Johannesburg. We wish him luck. M. R.

Webb is with Didcott, Byrd & Leefe, accountants, in Durban.

A. P. Woods' son and heir was born on January 12th. There's no holding Bobby now!

The marriage of Lewis John Wilson and Miss Joan Harding, both of Durban, took place at St. Thomas Church on December 9th, with Rev. Victor Shaw officiating. We wish them all good fortune. Lewis is still with his father's shipping firm at the Point.

J. Woods has passed his second year Medical examinations in Johannesburg.

J. Warner is chairman and captain of the Fencing Club at the University of Witwatersrand, where he passed his first year Arts exams, last year. He is also photographic editor of the "Wits Views," the University weekly paper, and won the yearly aggregate of the Camera Club.

At the same University D. D. Waterman is now a final year Mining Engineer.

Allan Winter has joined the very small select band of

O.M.'s who are grandfathers. So far as we know, there are not more than half-a-dozen who share this distinction.

B. P. Young has been promoted to Under-Officer in command of his Cadet Squadron at Cranwell, has his wings, and is captain of the R.A.F. College rugby team. Dan writes very happily from Exeter Univer-

sity, where he and B. Mansfield are blazing a trail we hope many other O.M.'s will follow.

### CORDWALLES NOTES

The School Roll numbers 116 -107 boarders and 9 day boys.

The new buildings, which consist mainly of a double storey added to the buildings flanking the old quad, have been completed, and the extra comfort and accommodation are much appreciated by staff and boys alike.

The new swimming bath, built west of the shooting range and measuring 75 by 25 feet, is tremendously popular, and we are greatly indebted to the many Old Boys and friends who contributed some £800 towards it. Its value is shown, too, from the fact that in the recent Inter-School Gala, in which we had hitherto never even competed, we established two junior records and narrowly failed to win the Junior Cup by half a point.

The Prize Giving was held in December, the Bishop giving away the prizes. The following is the prize list:

Form I: 1, Williams; 2, Campbell.

Form Ha: 1, Shaw; 2, Auret. Composition, Horton.

Form lib: 1, Pennington; 2, Sinton.

Form III: 1, Hindle; 2, Pennington ii. Arithmetic, Thompson.

Form IV: 1, Courtier; 2, Campbell ii. Special, Bower.

Form V: 1, Rayment; 2, Van Reenen.

Form VI: 1, Maske; 2, Taylor iii. Special, Harwin.

Form VII: 1, Hale; 2, Benjamin.

Tatham Memorial Essay: 1, Brown; 2, Rouillard.

Reading Prize: 1, Brown; 2, Williams.

Drawing: Jennings (Senior); Standing (Junior).

Crafts: Jennings.

Carpentry: Southey.

Drill: 1, Forsyth; 2, Grice.

Music: Thompson (Senior); Maske, Benjamin (Junior).

Goodfellowship Cup: Grice.
