Dear Sir,

### ACADEMIC REPORT: KGASI L. SOLOMON

The above named student is currently studying the National Library Certificate Course which is being run by Tanzania Library Services Board.

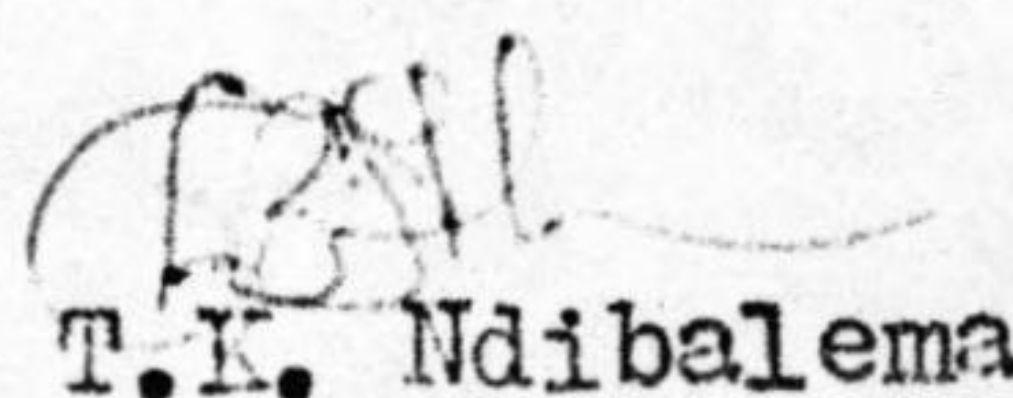

Actually he is one of the best students, during the Mid-Session Exam he scored a MERIT with the marks as shown below:-

Library Administration	70%
Cataloguing	86%
Bibliography & Reference work	68%
Communication Skills	86%
Classification	68%

However he sat for the final exam but he has yet to finish his field work and present a project. All in all the above results indicates that he will pass with flying colours.

He is a very hard working person which proves that he will cope with his studies if given a chance.

Sincerely

  
T.K. Ndibalema

Acting Head, Training Unit  
for Director of Library Services.
