Att : "Commission of Inquiry
From 1 Education Department

Dear Comrades

I regret to inform you that I am not in a position to meet your commission of inquiry at this present moment.

Consultations between donor agencies here in Zimbabwe and my department started on Wednesday 17th November 1993. In those briefings, I completely distanced myself and my department from operations of your commission.

Any possibilities of my department to ever meet your commission of inquiry will depend on fulfilling ALL requirements of the underlined parameters.

1. An absolutely correct version of the minutes your meeting that took place on the 14th November 1993.

An unaltered report of your meetings with sponsors.

Financial reports from the Apheda scholarship program covering the academic years 1990, 1991, 1992 and 1993.

These reports should be accompanied with copies of bank statements from Gindly's Bank Harare.

4. A clear-cut explanation (in writing) why Cde. Elizabeth Mlati currently acting Chief Representative of the A.N.C in Zimbabwe was replaced by a member of your commission to chair the students on the 1st November 1993.

On an individual level, I cherish to have working relationships with comrades whose ideals within the confines of our organisation do not entertain rumour mongering,

scheming and malicious gossip.

I was impressed by your reference to the Policy and code of conduct of our organisation in yesterday's meeting. As a standard rule, my conscience never allows me to have any form of interaltion with events, situations that are fraught with dishonesty, disinformation and fabrications.
