Dear Bert and Evelyn Frey,

Comrade Mohammed Tikly has asked me to acknowledge your letter of 11.05.86, received here on 25.06.86. I must apologise for our delay in responding, but Comrade Tikly has been away.

Thank you very much for your letter. I am most interested to hear of the imaginative use you have made of the of the photographs of the Children's Centre. You are reaching a wide audience if you have already shown the slide presentation to 60 churches.

Especially at this time, with the bulk of the world ready to impose sanctions against the racist regime in South Africa, it is particularly important that our friends are able to influence public opinion in order to isolate the South African government completely.

It will be a great pleasure to supply you with more photographs on SOMAFCO. As you will see from the enclosed letter, I have asked our Photolaboratory to supply you with a selection of photographs on our educational programmes. I hope that you will be able to make equally good use of this material. Thank you too for the cheque for \$25 dollars to cover postage costs.

Please be assured that I am warmed by the support of our friends in distant lands.

In solidarity,

*Marius Schoon*
