Dear Comrade Ismail,

Thanks for your letter of 27/9/82 wherein you raise a number of points, re: fund-raising trip to Canada. It seems this matter is out of question since Dr Dadoo is still in hospital. What does Saloojee say about this trip? Are there any other alternatives without Dr Dadoo?

Re: Trip to Tokyo. Thanks for the information on this matter. I am now writing to UNIPAC per your suggestion, meanwhile I strongly suggest you must be finalising the arrangements for your journey to the far East. Our motto should be, thriftiness. Our original idea was for you to go to Japan, but according to this information you have sent me we will be better off if you can make investigations about markets in Singapore.

Amandla !! Matla !!
