Cde Pethu Serothe,

Adult Education,

SOMAFCO.

Dear Comrade Pethu,

Many thanks for your letter dated 17 April. It only reached me a few days ago.

First of all, have you received the video and information on other films which the TUC sent us for you? Babette is still trying other sources of materials on factory work.

I've copied your letter re health work and forwarded it to the Health Committee. I'm sure they will respond.

The L.E.C. will ofcourse help you in whatever way we can - so do keep us informed of your needs.

I will be sending, with Solly Makwaka, or if he can't take them, with the next courier, a copy of Learn and Teach. A friend in S.Africa lets me have them from time to time. Are you interested?

I also include two copies of an article on Jazz musicians. Would you be good enough to hand one to Bob Mooki, and the other to either George(of the garage) or Comrade Mzumbe of supplies - both with my love.

I recently saw Triza and her very adorable baby - but you will have news of them from Marius and Sherry.

The London Office is extremely busy and doesn't permit

much time - but I have at least managed to write this  
at home.

Warmest comradely greetings to you and all comrades,  
In the Year of Advance to Peoples Power,  
Freda Katz.  
for London Education Committee.
