Dear Professor Booysen

\_ GRADUATION VENUE

I refer to your note of 3 June attached to a copy of Professor Rayner's letter to you.

The YMCA Sports Centre was inspected at my request by the local Fire department shortly before our Friday ceremony. The Fire department

was informed also of the approximate number of people that would be

in the hall. They raised no objections, however, I take Professor Rayner's point., I should mention however that a further two exits were available but not used. These were on either side of the stage and the doors were unlocked during both ceremonies. They could have been used in case of emergency. : v

As you know we continue to look for a better venue. I have sent a copy of this to Professor Rayner for his information.
