REGARDING MR. NELSON MANDELA'S VISIT TO NORWAY IN MAY 1993.

'Thank you for the information on Mr Mandela' s visit to Norway in May and for your positive attitude towards our invitation to him dated 30. 01. 1992.

We are very grateful that you give us the possibility to arrange a meeting between Mr. Mandela and some of the young people within the YWCA-YMCA of Norway who were active in the fight for his release and today are engaged in programmes against apartheid in South Africa.

Since it is not possible for him to come in June when we have the Teenagers Meeting, we propose to you the following plan instead:

One evening during Mr. Mandela's stay here in Norway, YWCA-YMCA of Norway arrange a gathering with 1000-1500 young people in Asker (the location for the Teenagers Meeting in June) near Oslo where they can meet Mr. Mandela. We will also ask some well known artists to participate, and there will be a programme with norwegian Ten Sing (teenagers singing) and other groups performing. The purpose of this should be that as many norwegian young . people as possible should get the opportunity to meet with Mr. Mandela and this in turn will surely lead to an even stronger engagement and solidarity with South Africa among young people in our country.

I hope you will take our proposal into consideration when you plan Mr. Mandela's visit, and we look forward to hearing from you in the near future.
