Dear Comrades,

On the 22 June 1989 we sent a donation of £1,000 for which you wrote to thank us and acknowledge receipt. I see from my financial records that the cheque, number 866 dated as above, has not been cashed. We are concerned to find out when you will cash the cheque as this is an expense we budgeted for at the time that remains an outstanding demand on our financial resources. If you have mislaid the cheque please do not hesitate to contact me and I will cancel the original cheque and issue another.

Yours in struggle
