MESSAGE FROM EILEEN JOSEPH

Love to all my friends and with you all in spirit on this great day of the Freedom Charter and of the Congress of the People.

The struggle goes on and victory will be ours in the end. I want to speak for the women of South Africa, our women, and all our hearts are with you and we know that your hearts are with us.

Helen telephoned this message this morning.

She broke her leg on 31 March. Was in plaster from the hip down.

Now out of plaster, walks with a stick in the house, uses crutches when she goes into the garden. Can't manage to get to the shops, but says four

people shop for her. One of the Little Sisters of Jesus was staying with her, but she is now alone as she can manage very well.
