MR. O. R. Tambo
Lusaka.

I made a credit with a stationary shop, having delayed in paying them they have taken legal measures which start on the 21st of this month. I did ask for help -a loan to be deducted over a period of six months -from the Secretary General at the State House, his reaction was that we should live and work according to our means o

A friend of mine who is a lawyer has promised to ask for a six month delay, but suggested that I should once again consult the authorities for help, and also give him a proof that I have communicated

with you on the subject. The amount is 315 000Francs CFA (63.000Fr

ench
francs)

For further details I will try to meet you at the beginning of next month, I have a ticket that I can re-route. There is a necessity to find out what led to this situation.

In the meantime while consulting with the authorities, let me ask for help from my Head-Quarters.

Hoping to meet you at the begining of next month, let me conclude my letter.

Yours In The Struggle
SALIWA. B. M.
