Executive Secretary,
FN-eambandet i Norge,
(United Nations Association of Norway),
Vestlandaavd.
Bryggen 6
Bergen.

Dear Severil J. Overaa,

I wish to acknowledge with great gratitude your letter dated 6 November 1986, in which you inform us about financial support to our soueol. We must express our sincere thanks for the uteelfieh effort you make in _euppert of the Mazinbu Library Project. Such support has ensured that the library is a reality and now the students, teachers and the whole community at Mazinbu is benefitting from the erevicee it renders.

We have been extremely touched to learn that the students of the Fagerlia Videregaende skole (AF) in Aalesund have raised a sun of NKr, 12 000 on your initiative. Thank you very ouch and please conyey our heart-felt gratitude to all those students who took art in the fund-raising campaign to help their counterparts in the OMAFCO school here at Mazinbu. As yet we have not yet had confirmation of this from Mrs Helga Barraud, but we hope to hear from her soon.

You are, no doubt, aware that the Solomon Mahlangu Freedom College (SOMAFCO) depends on international assistance for its survival, i.e. to cover its running costs. Such assistance enables our young people to acquire the education denied to then by the apartheid regime in South Africa. Already, scores of former SOMAFCO students have qualified in various specialities at university, especially in Europe and the Americas. Others are still pursuing their higher education at various universities. These are the Cadres who will play a meaningful role in a liberated post-apartheid South Africa. Thus we are always grateful for assistance to our education programme. We hope that your students will be able to take time off their studies to organise more fund-raieing canpaigns in future.

We have already informed our students about your kini donation and they have also expressed a desire to keep in touch with your students in AAlesund. Your students could write to: SONAFCO Solidarity Committee, SOMAFCO Secondary School, Private Bag Mazinbu, P.O. Morogoro, Tanzania. We wish you and the student: success at school and in life generally.

Yours sincerely, ' t

T. Maseko X
