We have received a copy 02 the letthr of 9 October 1978, addressed to gen by Mr.Erih Zetterberg, the UNDP Resident Representative in MazahhiQue, in which you are neing informed of URESCO'S approval for the future payments of our students' board and lodging directly to the Eduardo Mondlane Uniteraity. We aaablshall, in terms of the agreement reached during the' tripartite meeting held at the premises of the UNDP on 13 September 1978, expect you to send us copies of all the correspondence between yourself and the UNDP officials. We are happy that results 91 our meeting are beginning to manifest themselves in concrete terms. This justifies the fact that our-moeting was indeed worth the while. However, we can only hope that our students will respond positively and adequately to all this effort.

I personally still cherish.the pleasant memories of that visit to haputo. tPleaaeda accept my special appreciation for the warm and comradely spirit with which you and the other Mozambican authorities received me. My stay was certainly enjoyable and fruitful.
