The SECRETARY GENERAL,  
ANC (SA).

Dear Comrade Nzo,

As has been previously drawn to your attention, there is a basic lack of source material for my research here in Poland. The promoter of my thesis - Professor Jolanta Kulpinska - after due discussion and consideration of this problem, is willing to allow me to do research work in London over the second term of the Academic Year 1980/81 and during the summer holidays. Our unit therefore requests that I be granted permission to travel to London for the period FEBRUARY - OCTOBER 1981. My subject of research is "Class Structure in Rural South Africa".

Hoping that this request will meet with sympathetic consideration,  
Yours in the Struggle,

*Tessa S. Marcus*
