Dear Oliver Tambo,

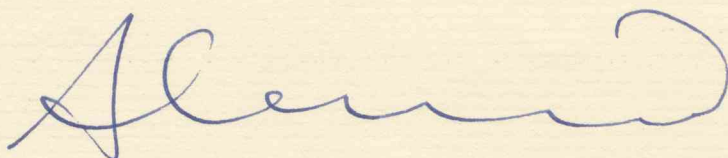

It seems to me most important that you write your autobiography. It would of course be preferable that such a book be written in your own voice but, if you do not have the time, I am sure we could secure the help of a sympathetic collaborator. As a literary agent my job would be to ensure that you reach the greatest possible audience throughout the world, both in book form and in terms of newspaper coverage. I am convinced the impact would be enormous.

I do not think it is necessary for me to express in detail my attitude towards apartheid and my support for the African National Congress but I will mention for what it is worth that I have spent a few weeks in South Africa, that my father (Ronald Harwood) was born and brought up in Cape Town and that he has - with the approval of Winnie Mandela - written a film about the life of Nelson Mandela.

I look forward to hearing from you.

With best wishes,

Yours sincerely,

Antony Harwood

Dear Chief,

A thousand apologies for taking my grandfather's time, about the photographs ~~you~~^{you} asked me to ~~take~~^{organize} of

- (i) Your ancestral home and its remains (Nkiantolo)
- (ii) Ingele Mountains
- (iii) Bizama town from the vantage point of the Malumba homestead. We still call them "kraals" in that homeland
- (iv) Holy Cross Hospital.
- (v) I don't know if you included Mfundisweni Missionary Institution (Emaghingha)
- (~~vi~~)

Then you needed for your biography. I found ~~somebody~~ to do the job. but some photographs were less than satisfactory on the first and second occasions. I hope to see you in the near future and I wish you a speedy recovery. The photographs will certainly be in your hands early in January.

Amandla!
