FROM: Doug Miller

SUBJECT: School Project of the African National Congress of
South Africa

Attached you will find a copy of a school project presented by the ANC(SA) for funding. I have indicated that we will do what we can to distribute it for funding.

I met Joe Saloojee of ANC(SA), Toronto Office, when he was in Lusaka, and he mentioned that during the ANC(SA) Women's Tour of Canada they had met with a senior politician in the Manitoba government (I believe the Attorney General) who had expressed his government's interest in providing a match grant to funds raised by organizations in Manitoba for a project of this nature. It is aimed at assisting the ANC(SA) to deal with the continuous exodus of young people who leave South Africa and come under their care. The exodus continues and although many are found places to study in friendly countries, many must remain in Morogoro for extended periods of time. For this reason, a school is seen as important in contributing to the development of these young cadres and preparing them to take their place in a new society which will replace the racist minority government in South Africa.

I am told that the CUSO Manitoba office and other groups which assisted with the tour would be interested in working on such a project. Since there is virtually nothing built as yet and so much remains to be done, any funds raised are sure to go to building and expanding the school.

Administratively, I understand that in order for CUSO to assist in fundraising and channeling funds for projects, they must be approved by the Region, in this case ECSA, as part of a country plan. ECSA has no further funds available to commit to more projects. However, if groups such as Manitoba are able to fund-raise for the school, I think we should be in a position to facilitate both the fundraising and channeling of funds.

I am asking the ECSA region to accept the introduction of this project to the Liberation Support Plan, to allow funds raised by Canadian organizations to be channelled to the school in Morogoro. The CUSO office here and in Tanzania are in frequent contact with the ANC(SA) and could assist in providing further information or reports as needed.

Best wishes in your work.

SCHOOL PROJECT OF THE AFRICAN NATIONAL
CONGRESS OF SOUTH AFRICA

Title assistance to build and furnish
school buildings and residences for
student refugees from South Africa.

BACKGROUND AND SUPPORTING MATERIAL

It is very nearly a year now when the name Soweto was splashed far and wide through^{out} the world. To be precise it was on the 16th June 1976 that school children in South Africa protested against the introduction of Afrikaans as a medium of instruction in subjects like Mathematics and Science. This would mean lowering standards in an already inferior education under the infamous 'Bantu Education'.

Although the uprising overtly was against Afrikaans it was essentially against the cumulative effects of oppression, exploitation, white minority domination and police brutality that they were protesting.

The fascist regime reacted violently by shooting into the crowds killing many hundreds and maiming many more. A large number have been arrested and tortured. Many are still languishing in prison.

Because of the brutality and intimidation a lot of children were forced to flee from their homes and their kith and kin to seek refuge in neighbouring states. Some thousands are now scattered all over the world - the bulk being in Africa. Some of the fortunate ones were able to get scholarships whereas a large majority especially the younger ones are left without schooling. To overcome the problem of educating, housing, clothing and feeding these young people, the African National Congress of South Africa proposes to establish a school with boarding and welfare facilities in Morogoro, Tanzania.

OBJECTIVES

1. To provide Junior, middle and upper Secondary schooling facilities;
2. To provide a clinic for health care;
3. To provide boarding and lodging facilities;
4. To provide recreational and library facilities;
5. Finally to set up small agricultural projects linked with its training programmes in animal husbandry, and management and also rural development.

- 2 -

ENDORSEMENT AND ORIGIN OF THE PROJECT

1. The project is proposed by the ANC(SA) who will provide some of the professional staff required such as teachers, administrators, nurses and other clinic staff.
2. The government of Tanzania has endorsed the plan by providing two houses with enough land for building and improvements and for agricultural projects.
3. The ANC(SA) will undertake and supervise the building programme and will provide builders and carpenters, labour, etc. from amongst its many members presently stationed at Morogoro. They will also make periodic reports on the progress of the project as and when required. It would also enable participation of other members of the ANC(SA) at the training level in building construction, etc.

IMPLEMENTATION PLAN

PHASE I

1. Construction: Two wings of four classrooms each to be built urgently provided funds are available.
2. To renovate and improve the two houses provided by the Government of Tanzania. See annexure 1 for estimates.
3. To build a staff room and administrative offices.

PHASE II

1. Recruiting of academic and administrative staff.
2. To build further residences for students and staff.

PHASE III

1. Building additional classrooms as required.
2. Building laboratory blocks for physics, chemistry and biology.
3. Building a library.

PHASE IV

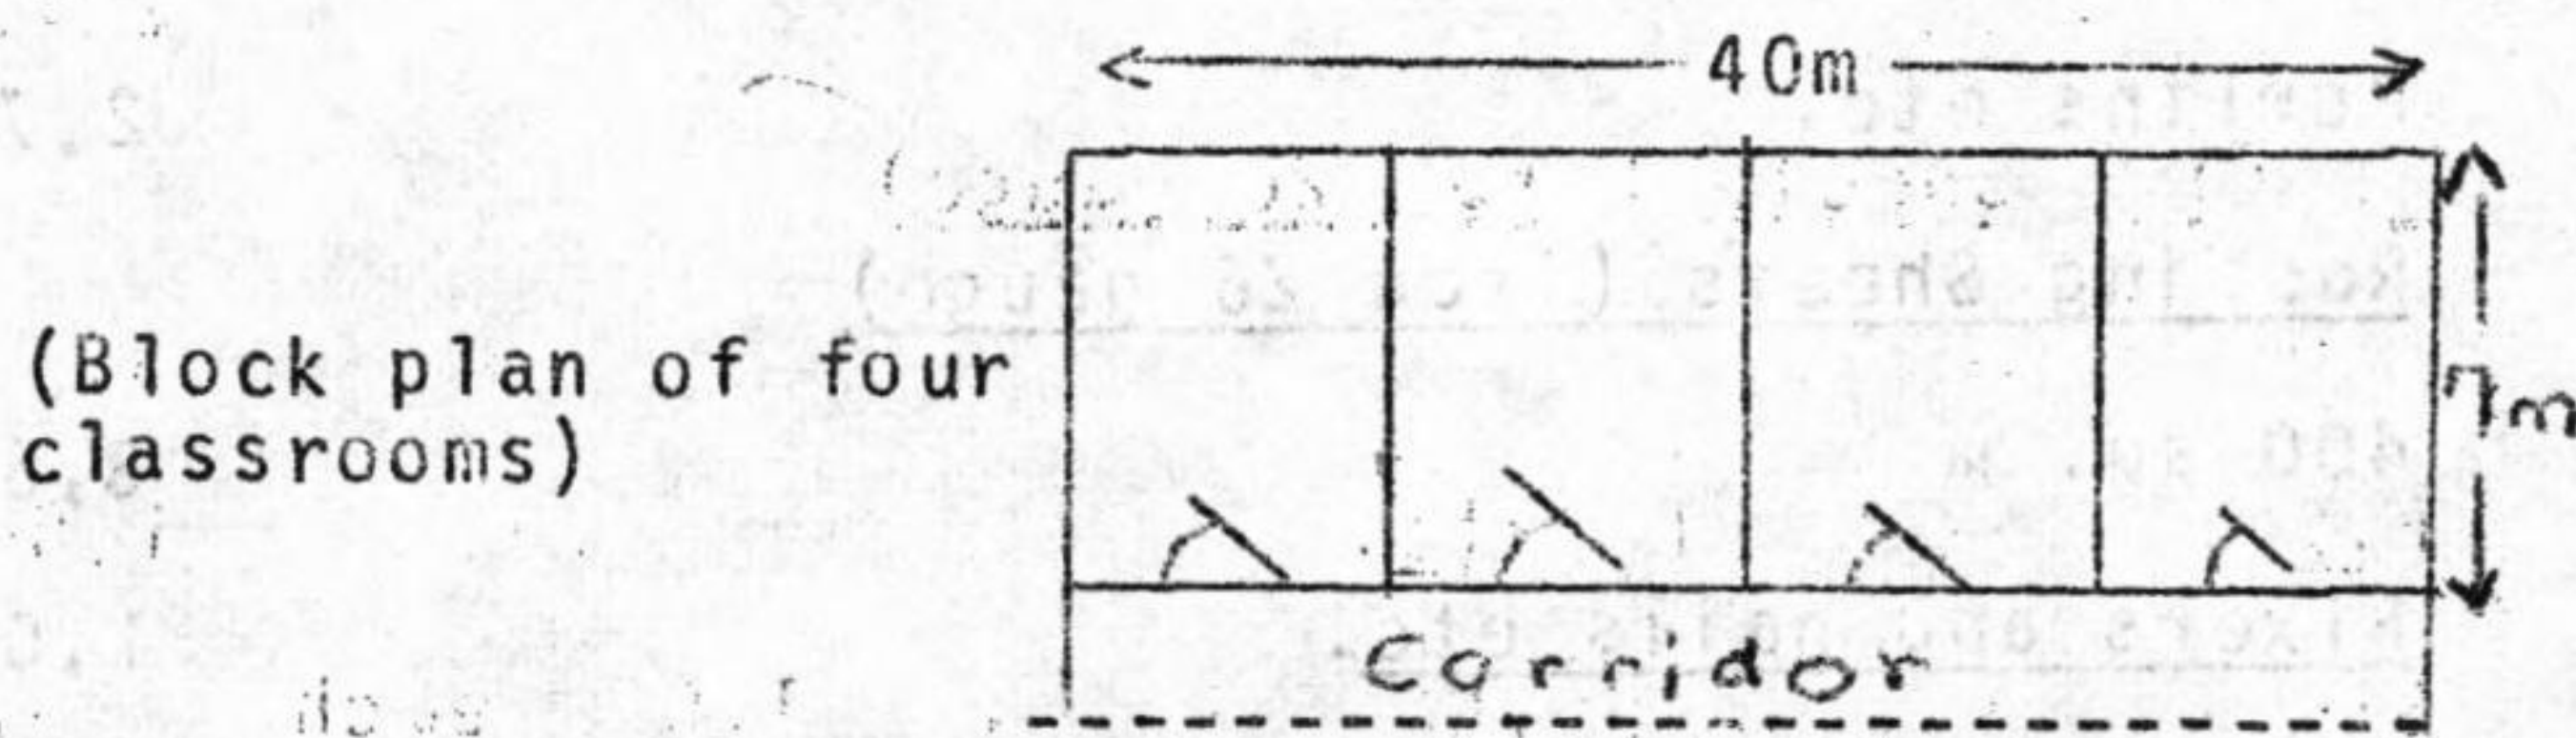

Furnishing and equipping laboratories and library.

PHASE V

1. Construction of a woodwork and a metal work wing also a domestic science, sewing and needlework and typing section.
2. Equipping each of these sectors.

PHASE VI

Building an assembly hall and providing same with seating accommodation.

		<u>Shillings</u>
1.	<u>Foundation:</u> Stone Bed Foundation	
	27½ cu. metres concrete (i.e. 5 cu. m. cement) Shs. 800 per cu.m.	4,000
	Coarse aggregates cement stone 16 cu. m. @ Shs.500 per 4 cu.m.	2,000
	Five aggregate 'sand' 16 cu. m. (4 loads) @ Shs.100 per load	400
2	<u>Foundation Wall:</u>	
	230mm brick wall, 5 m. high (130 linear) 4,000 bricks @ 40c. each	1,600
3.	<u>Concrete Slab - (floor)</u>	
	420 sq. m. - 100 mm thick (i.e. 48 cu. m. concrete) 8m. cement @ Shs. 800	6,400
	Coarse Aggregate	1,500
	Fine aggregate	750
4.	<u>Cement Screed Floor</u>	
	500 mm. thick and 480 m. @ Shs.800	2,800
	3.5 cu. m. cement, sand & stone	800
5.	<u>Brick walls including partition walls between classrooms</u>	
	230 mm. thick,	20,250
	4 m. high (28,000 @ 40 c. each)	11,200
	115 m. long	
6.	<u>Plastering inside and outside walls</u>	
	600 sq.m. thick, 15 mm. thick, i.e. 9 cu. m. plaster mix i.e. 3 cu. m. cement @ Shs. 800	2,400
	Sand 7 cu. m. soft sand	250

7.	<u>Timber Rafters</u>	
	1100 m. 3c. x 10cm.	5,500
	Purlins etc.	2,750
8.	<u>Roofing Sheets (iron 26 gauge)</u>	
	400 sq. m.	3,600
9.	<u>Fixers and nails etc.</u>	1,000
10.	<u>Steel Mosquito gauge</u> 3 rolls @ 1,025 each	3,075
11.	<u>Window frames louvres</u> & blades 2 190 each	5,600
12.	<u>Door frames</u> 4 @ Shs. 110 each	3,800
13.	<u>Doors</u> 4 @ 275 Shs. each	1,100
14.	<u>Ceiling</u>	
	200 soft boards @ Shs. 71 per board	14,200
15.	<u>Paints</u>	
	50 galls. Plastic Paint @ Shs. 98 per gal.	1,960
	5 drums Distemper @ 205 Shs. per drum	1,025
	5 drums Snow cem @ 130 Shs. per drum	650
		<u>78,360</u>
		=====
30%	30% Labour charges	23,508
15	15% Transport	11,754
	5% Contingencies	<u>3,584</u>
		=====
	TOTAL	117,206
		=====

THE SAME COSTS WILL BE INCURRED IN EACH OF THE FOLLOWING UNITS.

1. Unit of classroom (additional 2 to complete complex)
2. Laboratory unit - 1 each for Physics Chemistry, Biology
3. Wood Work Metal work - 1 unit only
4. Domestic Science Homecraft, Typing Unit only
5. Halls of Residence 4 units for complete complex
6. Administration Block 1 unit only
7. Library/Assembly Hall 1 unit only

TOTAL OF FORTEEN UNITS

ANNEXURE B

Official estimate of costs to renovate the 2 houses provided by the Government of Tanzania - cost for each house is:

EX COMME X

Item	Quantity	Material	Unit Cost	Item Cost
I	150	Bags Cement	25/-	3,750.00
II	20	Soft boards for ceiling	71/-	1,420.00
III	1050cu.ft.	Fine aggregate	75/-	787.50
IV	200cu.ft	Coarse aggregate (stone)	3/-	600.00
V	1 Roll	Mosquito Gauge	1025/-	1,025.00
Vi	15	Doors, frame batter	200/-	3,000.00
VII	4	Frames for doors	110/-	440.00
VIII	16 galls	Paint Plastic	58/-	928.00
IX	3 drums	Snow cem	130/-	390.00
X	4 drums	Distemper white	205/-	820.00
XI	24	pieces of Sash Windows	80/-	1,920.00
SUB TOTAL				15,080.00
Labour charges			30%	4,525.50
Transportation			15%	2,262.00
Contingency			5%	754.00
TOTAL				22,622.00

LAT RINE AND KITCHEN

a)	80sq.ft.	Pit latrines	65/-	5,200.00
b)	360sq.ft.	Kitchen and Store		21,600.00
TOTAL				49,422.00
				=====

A.	This does not include water supply to both houses	15,000.00
B.	Electricity supply - approximate estimate for both houses	18,000.00
(i.e. additional 16,500 per house)		
GRAND TOTAL		65,922.00
(OFFICIAL ESTIMATES FROM COMME X)		=====

BLOCK PLAN OF PROPOSED ANC(SA) SCHOOL IN MOROGORO TANZANIA
