Mr Oliver Tambo,
ANU Headquarters,
LUSAKA,
75E37Z.

Dear Oliver,

In our discussions earlier this year you denied that the ANC had opted to go for "softâ\200\235 targets and you expressed your personal abhorrence of ktZZing - even to the extent of being earefuZ not to harm on insect found in your bath.

....

For those reasons I find the questions posed in the enclosed clipping from the Financial Mail to be very pertinent and I wtsh you would let me have your answers to them.

I send you the Seasons Greetings and I trust that in this time of Christian goodwill we will both be praying for

peace in our country in 1986.

,

Yours sincerely,
