As discussed I went and met with High COMMISSSIONER of Nigeria Prof. Alaba Ogunsanwo on the 27th Sept. 1993. I could not meet him earlier.

He said he did bring a letter from his government in March this year and handed it over to the DMD concerning training of OFFICERS and other military officers, but I had to explain to him that I was talking about security officers training. He then promised to immediately take up the matter with his government in Nigeria and then assured to come back to me as soon as he possibly can.
