Dear Junaid

Greetings from our office to you.

In preparation for the ANC conference on policy early 1992, our department will be having an in-house conference at the end of November 1991. An invitation has been sent by our office to Cde Njabulo to present a paper on literature. Unfortunately our effort has not met with any success to date - it has been impossible to pin the professor down.

Our concern is that time is running out and we do not have a definite person to speak on authority regarding the above issue. Could your office please propose someone who can prepare a 15-20 minute input on the present government position towards literature and also make recommendations for future government.

The conference will take place on the 29-30 November and 1 December 1991 at the Alpha training centre, Broederstroom.

Thank you for your assistance in this matter.

Yours in struggle .
