Dear Friends,

THE NATIONAL UNION OF SOUTH AFRICAN STUDENTS (NUSAS) AND ITS
FINANCIAL ADMINISTRATION OF GRANTS

In the so-called Schlebusch Commission report, a summary of which has been produced by the IUEF and is available on request at a price of S.frs. 15.-- plus postage, a number of allegations are made against NUSAS concerning their finances and, in particular, concerning the administration of funds received from abroad regarding misappropriation etc.

On 7th October 1974 the Commercial Branch removed all NUSAS financial records for detailed scrutiny and we have just learnt that the Attorney General has considered their findings but has decided that there is no basis for prosecution against NUSAS. The records have therefore been returned to NUSAS.

We think this is important for all those who have supported NUSAS, both financially and otherwise, over the past years, to note.

Yours sincerely,
INTERNATIONAL UNIVERSITY EXCHANGE FUND
