Dear Comrade

On the occasion of the 72nd anniversary of the African National Congress of South Africa, we take the Opportunity to show our deep appreciation and to salute, through you, the student body of the University of Zimbabwe in their revolutionary stand towards our struggle in South Africa. The PeOple of South Africa have intensified tremendously their struggle for freedom and for the complete transfer of power to the PeOple, through the armed actions of the military wing of the African National Congress, Umkhonto we Sizwe, through such mess actions as the Anti-Council Campaign, the formation of the United Democratic Front, through the strengthening of workers' unions, and a mobilization of our people in the rural aieas, resisting the genocidal 'Orderly Movement of Black PeOpleleill.

Ne are sure of your support in 1984, the year of the Nomen, as declared by the African National Congress.
