I am writing to you on behalf of the African National Congress and its Canadian Mission. I trust that this letter will find you healthy and in good spirits.

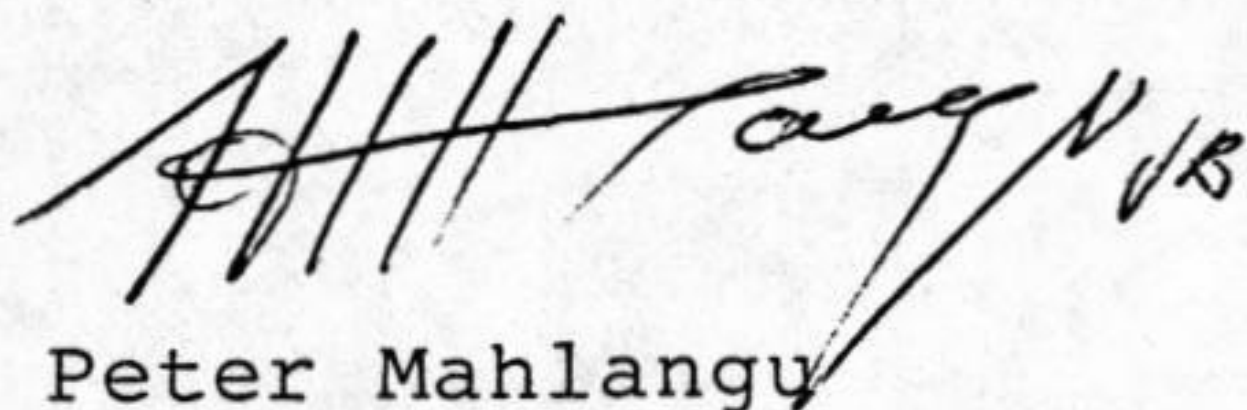

The continued friendly and positive working relationship between our organizations and between ourselves is very important, especially in light of the continuing political crisis in South Africa. Your concern about the situation gives encouragement to all those of us who are directly involved in trying to find a lasting solution that will replace apartheid and what it stands for!

Presently, the ANC in Canada is faced with two pressing issues:

- a) We have prepared a strategy paper for the anti-apartheid forces in Canada. This paper is enclosed and is self-explanatory. To make sure that this important document reaches the people it is intended for, we need to duplicate it. We also need assistance in posting it. We would appreciate your financial or other forms of assistance you could offer for this endeavor.
- b) Last year, your organization endorsed the Mandela Picnic and made a financial contribution. The event was a tremendous success drawing more than 5,000 people. We are again celebrating this event on the 16th of July 1989, and are looking forward to your financial assistance and endorsement of this important event. I would appreciate your personal participation if you have time available. Planning meetings take place each Monday, 6:00 p.m. at our office.

I hope you'll accept the invitation so that we may have the pleasure of your company on this day at Queen's Park.

In Solidarity and
Yours in the continuing struggle,

Dear Peter;

I find it appropriate to be writing you on Soweto Day, a day when we are all thinking of our brothers and sisters in the struggle in South Africa.

Enclosed please find a small contribution towards the costs of the credentials ceremony held for you. Stephen Allen put in a request for funds to assist in the costs as per your inquiry.

I am hoping that we will have an opportunity to speak soon. I have received and reviewed your paper on the future of the anti-Apartheid movement in Canada, which I am keen to talk to you about. In addition, I hope we can follow up on the discussion we had when you and Yusuf visited my office, particularly the potential for PAC funds for ANC education work in Canada.

I hope that you are having some success in overcoming the immediate problems you outlined when we talked. When we meet, I hope to further our discussion of strategies to assist in these problems.

In Solidarity,
