9th SEPTEMBER, 1992

rce/09/09/92

Mr Japhet Ndhlovu,
Chief Representative,
African National Congress Mission,
LUSAKA.

DEAR COMRADE NDHLOVU,

RE: PROPOSED ANC MUSEUM, COPY OF LETTER FROM MINISTER OF TOURISM:
=====

I would like to refer to my letter dated the 8th of September, 1992 in which I indicated that I had held a short meeting with the Honourable General Christon Tembo with regards to the above mentioned project.

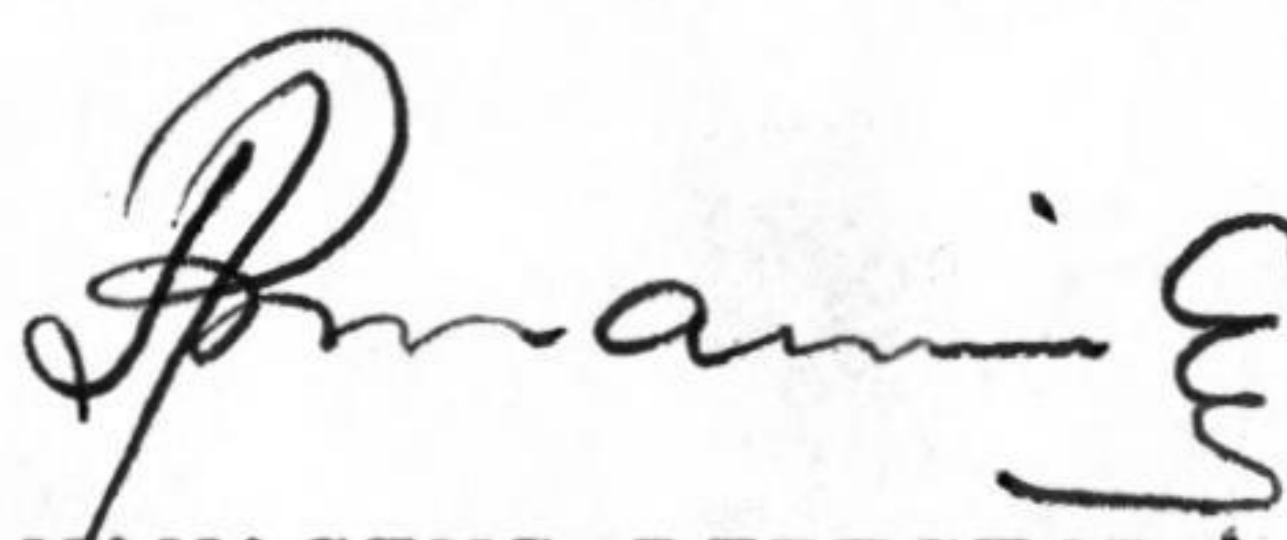

Today we received a letter of encouragement from him and I wish to attach a photo-copy of the letter for your records and for onpassing to the ANC headquarters in Johannesburg.

This project is one of the most exciting ideas I have ever handled, and I look forward to working with you to make this dream become true, not only for the people of South Africa, but also for the people of Zambia who in the past have sacrificed tremendously for the liberation of Southern Africa and in particular the struggle against apartheid.

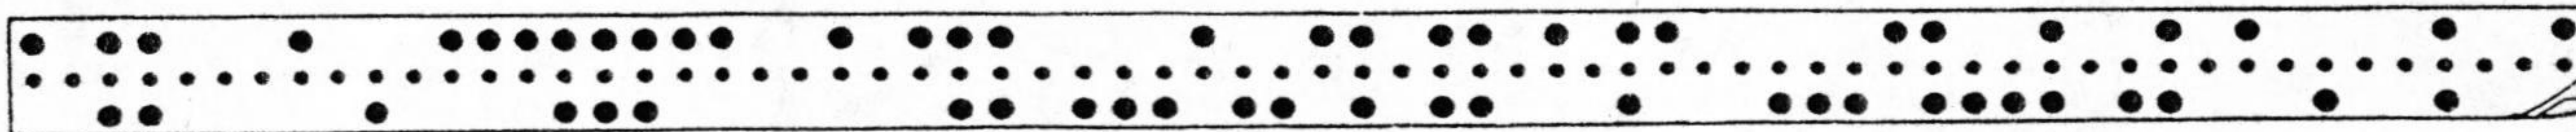

I shall now be awaiting for your response and wish to start preparing ground-work for the preparation of the feasibility report and project design.

The next step is to prepare for an agreement to be signed between our company and your organisation, and as suggested in the past, under the auspices of the Luthuli Foundation, which I believe has already been registered in Zambia as a charitable, non-profit making organisation in Zambia.

Sincerely,

Abbe R. Maine, MANAGING DIRECTOR
