Dear comrade Francis,

We have received a request from our students in Cuba for literature.

They state " can you please send us all copies of the 1975, 1976 and 1977 Sechaba magazines ... as many as possible as we need them to popularise our armed and just struggle amongst the peoples of Latin America, Cubans, Jamaicans, Guyanese, Chileans, Puerto Ricans etc."

They would also like to have:

10 copies of the Freedom Charter;
10 copies of the Programme of the SACP;
African Communist, 1976 and 1977 copies;
Posters, including " big posters of our national heroes";
The Wretched of the Earth by Fanon;
Class Struggle in Africa & Neocolonialism ... both by Nkrumah;
Black Voices Shout by James Matthews;
Poetry by Wally Mongane Serote;
Struggle for a birthright by Mary Benson;
An Oxford English Dictionary.

Please send the materials to: Jeffrey Marishane, ANC (South Africa), Edificio de Estudiantes Lazaro Cuevas, F y 3ra, Vedado. Havana. Cuba.

Best wishes. We are sure there will be more demand for more and for more varied material.

Amandla! Maatla!

PS We have just heard that the AAPSO Congress has been postponed to

March next year. The venue remains Baghdad. Hopefully this gives us more time to prepare the exhibition more thoroughly. It should therefore be possible for us to make a striking presentation which should help strengthen our links with the world progressive forces.
