Dear Mr Selebi

I am writing to thank you for the meeting on 9 April 1992 and the positive way in which we could discuss our mutual problems.

I would like to confirm the decisions taken during the meeting in order that we may proceed with the necessary actions.

We agreed that the employment of pilots remains the most important issue notwithstanding the advances made in the employment of exiles in other areas.

South African Airways currently has a surplus of pilots but in order to prove our good faith, we agreed to review the possible employment of candidates with the requisite experience and licences.

To this end Mr. Sam Masemola is to provide the names of possible candidates and has agreed to participate as an observer in the selection process.

As soon as the names are provided, the necessary arrangements will be made to achieve this.

Thank you again for your time and understanding. I hope that the relationship between our organisations will continue to improve to our mutual benefit.

Kind regards

NIC VLOK
