## EDITORIAL

After the brilliance and riot of a particularly lush summer, the landscape round us has passed to the more level tones of autumn and winter, but even now there is

## 2 > S. MICHAEL'S CHRONICLE

a warmth of light and shade to relieve dull monotony. In fact, though the colours may seem quieter and more restfully blended, there is perhaps more real contrast now than in the height of summer, when all the hills are "green muffled."

There is an unmistakable character about our landscape, especially in the brown and gold of winter months. Far mazy valleys, bush-spotted hillsides, a farm or two and a line of road or rail; then, more distant, rock-marked spurs and at last perhaps a magnificent line of snow-touched Drakensberg, translucent in the blue haze, which pales the sky above. A landscape in which, despite the strong sunlight, details do not much obtrude, and two or three thousand feet of altitude pass almost unnoticed.

Such a landscape must leave its indelible stamp on human character. It must avail for something to be able, as on Free Bounds, to look into other people's valleys, to see heights other than our own, and other roads than the ones we use: to find ourselves set in a visible harmony with our surroundings; to see the foothills here building up into a difficulty of distant crags, and the streams there uniting into inevitable rivers.

Liberality of outlook, generosity of action, a sense of the orderliness of life, above all a spirit of calm detachment-these are in the gift of a wide landscape. They are ours, as we choose to make them so, and they are qualities badly needed in the world to-day. Battle-fields may be won on the school playing field: the more difficult fields of culture and peace may need the wider vision of the veld itself.

### SCHOOL NOTES

We welcome to the School Mr. G. J. Beukes, B.A., who comes to us from Stellenbosch, in place of Mr. H. J. Geldenhuys who, much regretted, left us at Christmas.

Mr. R. T. Frost, after a year "on loan" from Cordwalles, has joined the permanent staff of the School.

Mr. and Mrs. C. M. Melville are enjoying three months' leave in England, Mr. Melville's place being taken by Dr. F. G. Van der Riet.

We congratulate the Rev. and Mrs. P. C. Cazalet on the birth of a daughter, born on January 23rd.

M. H. Bennett is to be congratulated on representing Cambridge in the Varsity Relays. His is the first Cambridge half-blue to be recorded on behalf of the School.

Congratulations are also due to P. B. Franklin whose essay in the Royal Empire Society's Competition of 1936 was commended. Out of 60 essays received in Class A from the whole Empire, his entry was placed sixth in order of merit.

In February the School was honoured with an article in The Illustrated Sporting and Dramatic News in the "Famous Schools in Sport" series.

Two new sets of masters' quarters-known as "The Rookery"-have been built among the trees above the old miniature range site. Crows and Hammerkops are to be seen on the Rugger fields almost daily, ostensibly feeding, but in reality studying the principles of metallic nidification.

A new building comprising a general store room, an Armoury and a Photographic Dark Room, is in process of erection behind the School laundry and, when complete, will meet the various needs the names imply.

The grass on the recently levelled 2nd Game Cricket Ground is now fully established. The ground is known as Hannah's, and was in use at the end of last season.

During the summer some of the crazy paving of the Quad was removed and four large areas put down in grass - a notable improvement.

A further improvement is the addition of an ornamental statue to the fountain. The old pediment of local dolerite now supports a leaden figure holding a large fish, from the mouth of which the water issues. The gold fish do not quite know what to make of this inversion of the "fish out of water" theme, though some of the scornful have been understood to express the opinion that these base metal fish can be led to do anything.

November, 1936, is recorded as being the wettest month at Michaelhouse since statistics were first kept. The high figure of 9.51 inches was mainly accounted for by heavy set-in rains. November, 1933, reached 8.00 inches, and the previous record month was 9.14 inches in March, 1929.

### CORONATION DAY (MAY 12th)

A pleasantly-mild autumn day dawned to have its stillness roused by the strains of bugles whose echoes, as they sounded the Reveille, rang from Beacon to Mons Tumba, while the three flags were slowly hoisted on the Lawn and Tower. This was at 7.10, and at 7.30 about fifty gathered in the Chapel for a celebration of Holy Communion with special commemorative intent. Breakfast followed in a Hall gaily resplendent with festoons and streamers and flags of red, white and blue, while an excellent and tasteful picture of His Majesty, in colours, hung above the High Table. Boxes of chocolates and Coronation medals were distributed to each boy, many of whom were wearing "Coronation" ties.

The day was a whole holiday, and arrangements had been made to relay from Maritzburg the whole Coronation programme. But first we gathered in the Chapel for our own Service of Corporate Rejoicing, at which the hymns were fervently sung. Appropriate prayers and a short but impressive address by the Rector marked the solemnity of the occasion.

Three loud-speakers were installed at balconies in the Quad, and from 12.15 onwards many groups listened to the service in Westminster Abbey, which "came through" comparatively clearly and was most moving.

The afternoon was spent in varied forms of leisure, the majority of boys being out on Free Bounds. At 6.45, at Mrs. Currey's and the Rector's kind invitation, the Staff, their ladies, and guests gathered for a Coronation Dinner, held in the School Library. This was an unqualified success.

Shortly after 8.30 the whole School assembled in the Hall where, after much hearty singing and shouting, the "Empire's Homage" was listened to. The broadcast from London began noisily and poorly, but improved remarkably. The Prime Minister of the Union was heard speaking clearly and admirably, followed by Mr. Baldwin, who was brief, and struck, as always, the right note; and so to His Majesty's own speech, sincere and stirring and strong-voiced from 6,000 miles away.

Immediately after this everyone went down to the Cricket Nets where a firework display was staged and carried through efficiently by Mr. Lyon and the School Prefects. The slopes of "Hannah's" were crowded with appreciative spectators. Rockets, Roman candles and "set pieces" made an effective picture, culminating in a grandly-blazing bonfire.

On the top of the School Tower, above the entrance gate, the craft of the electricians had erected in coloured lights the device G.R. VI and a crown, visible from afar; an inspiration in resplendent good taste.

And so, at 10 p.m., tired and well content, the boys repaired to bed, while their elders ended a festive day by a dance in Hall.

### CHAPEL NOTES

Baptism: 21.2.37, Marianne Margaret Cazalet, bom  
23.1.37.

Holy Matrimony: 3.4.37, John Minshull Aitken and  
Mavis Dulcie Phipson.

During Holy Week the Rev. C. C. Stewart, of Clydes-  
dale Native Mission, gave a series of evening addresses in  
Chapel which were very much appreciated.

The Chapel is now so crowded, that since the new  
year chairs have been permanently installed down the  
aisle of the Chapel to relieve the pressure somewhat.

For the same reason the Confirmation was this year  
held out of doors.

ENTERTAINMENTS

October 31st, 1936.-West House Entertainment. This consisted of three one-act plays, produced by Mr. Birks, which provided a very satisfactory evening's entertainment. The first item was a short farcical sketch, effective because it was carried through at high speed. All three actors were noticeably free from self-consciousness.

This was followed by "The Ghost of Jerry Bundler," a play in which the comedy is suddenly extinguished in a rather horrible tragedy. It was a little stiff at times, as though everyone on the stage knew what was going to happen and were rather bored with all the slow but necessary preliminaries. There was also a tendency to caricature in one or two parts, probably the fault of the play itself. Eriksen played the "character" part of the old waiter well, lending it just the touch of overacting required. J. M. Barry was good as one of the Commercial Travellers and his voice "came through" pleasantly. The rest all did quite satisfactorily all that was required of them.

"Elegant Edward" was the third play of the series and concluded the entertainment. Acutt looked a particularly nasty piece of work as Burglar Bill. Pooke, who of course has specialised in the part of smooth, sociable crooks, gave an excellent rendering of "elegance," while

A. J. Poynton did well as the susceptible lady to whom the jewels, pronounced false, were so gallantly restored.

E. P. Owen and Whiting, as the police, struck just the right note of stolid excitement.

The plays as a whole were well up to standard and the performances throughout showed an unusual liveliness. West is to be congratulated on its entertainment.

November 21st, 1936.-The School Dramatic Society  
produced "Admirals All." The play went with a good

swing and was most realistically produced by Mr. D.

Pennington. One obvious difficulty inherent in the play was that of rendering the necessary differences in age of the various naval ranks. This made the Flagship scenes rather confusing at first.

It would take too long to mention everyone who took part, but several of the performances were sufficiently outstanding to merit special mention. Barnes, as Chief Petty-Officer Dingle, was excellent. Eriksen, though a little self-conscious at times, did well in a long "straight" part. Ladlau had a long and difficult part, which he carried on the whole with remarkable success, though at times he

became stiff and awkward. Poynton was sometimes rather a cold star, but great credit is due to him for stepping into the part at very short notice and acquitting himself so well. Gathorne managed the long part of the whimsical and browbeaten Admiral well, his ludicrous informality being excellently rendered. Lloyd made a very objectionable little school girl, Christopher an excellent A.B., and Moxley a coy Chinese maid.

Altogether a very good production, on which Mr. D. Pennington and his Society are to be congratulated.

November 28th, 1936.-Informal Concert. The purpose of this entertainment was more than fulfilled, for the Matriculation candidates must have gone to their fate with cheerful heart. It only goes to show what can be done with a little impromptu effort, though, if the truth be known, the effort was very nearly not forthcoming. The School can now claim its own Shirley Temple, Maurice Chevalier, Hoboes, Polynesian Dancers, Hungarian Orchestra, Broadcasters and what not, under the able and inspiring leadership of the evergreen MacNeillie, and Reim, a new and versatile star upon our boards. The highlight of the evening was a magnificent memory of 1935-one crowded hour of glorious life--which caused incessant laughter.

December 5th, 1936.-Concert of Chamber Music, an account of which appears under the heading of "Music Notes."

February 22nd, 1937.-"Daddy Long-Legs," presented by St. Peter's Parish Young People's Guild. We were very glad to welcome the Guild to Michaelhouse for the first time, and must congratulate them on the show they gave us. We hope that they will pay us another visit in due course. The play was very well done and the performers all entered into their parts with gusto, even when, in the fashion of the day, they had on occasion to make each other long and rambling declarations of hopeless love. It would be invidious to mention names; suffice it to say that we were given a very enjoyable evening's entertainment, for which we should thank and congratulate the producer, Mrs. Forbes, and her players. Perhaps we should add that St. Peter's Young People's Guild very generously gave the fee they had earned to our Chapel Building Fund.

March 13th, 1937. - Tatham House Concert. This "Pie" was a very amusing and original concoction with a very high plum-content. Practically the whole House must have taken part. The first half consisted of short items, opening with some very brisk sea-chanties in an appropriate setting. After a series of short sketches and glimpses came "Playtime in Fairyland"-a cross between a Rugby scrum and a Fairy Ballet, with some of the rougher features of American football thrown in. This item fairly brought the house down.

After the interval, two short plays were acted. "A Night at an Inn" came first and made its usual rather gruesome appeal. It was more than competently acted, though no one was outstanding. Then followed "The Crimson Cocoonut," where some notable individual successes were scored. Laurie, having decided that his moustache did not fit him to be either a pirate or a fairy had by this time settled down to the nominally quieter role of a love-sick waiter, which he made very amusing.

H. W. Johnston showed distinct talent as the detective, and entered into the spirit of the part admirably. Chater, too, was noticeable as a gruff and irate Colonel. The other three in the play all did what was required of them, the anarchists being as charmingly blood-curdling as Klesh and his priests in the previous play.

Altogether the entertainment was a great success, and must rank among the best of such shows. Tatham

House is to be congratulated upon its team effort.

The programme was as follows:-

March 20th, 1937.-Variety Entertainment arranged  
by Jack Fowler. This was a bright and breezy series of  
"turns" which proved highly entertaining. Songs, dances  
and short sketches followed one another in a gay stream.  
We were especially glad to see our old friend, Mr. Stanley  
Simpson, at his mysterious tricks once more.

TWENTY SHILLINGS FOR A POUND

The year was proving a very poor one for the Pondos. For many weeks-more than a man could count on both

his hands-there had been no rain, and the cattle were

in a worse condition than they had been for many years. Until some rain fell there could be no sowing, and normally the lands would have been planted three weeks ago.

Old Ndaliso, the Pondo, could not say how many

years had passed since there had been such a poor season. He was an old man and his memory was not as keen as it had been. Two years ago a great grief had stricken him and his family, and since then he had led an unhappy life. Now, with such poor prospects of a good crop, matters were even worse. His hair had become greyer and greyer during these lean years, and he felt frightened of the future. The young people took little notice of an old man such as he, and he saw himself going many nights without enough food. But let him not grumble; many Pondos like him would face starvation, so let them do so cheerfully and resignedly.

The overwhelming grief that had aged Ndaliso so much was the death of Mtiki, his eldest son. Mtiki, the strong, handsome young man, who had been the pride of his old heart. The death had occurred in the mine, where all the Pondos went to earn good money for their families. He himself had been to the mines in his younger days, but he had hated the terrible work so deep under the earth. He loved the open air and the warmth of the sun. How would he live without the sun to warm his old body as he sat outside his hut and chatted with his fellows?

The Government had paid him many pieces of "red" money after the death of his son. All but two pieces lay even now in the old tin box in the hut. He had not wanted to spend it. Later, he had thought, when the

## S. MICHAEL'S CHRONICLE

memory of Mtiki was duller and the need was urgent, then perhaps it would be very useful.

Food was very scarce in the kraal now and there was no money coming in from those of the family who were employed. Now Ndaliso would fall back on his "red" money.

Before the sun was up Ndaliso took two pieces of his savings from the battered old trunk and set off for the trading station. On the way he would go and see old Kimberley in his kraal. Kimberley was a strange man, like his name, which he had got from the fact that many years ago his father had worked on a mine of that name. Kimberley was an old man, and had the same sympathies as Ndaliso.

The sun was warm and the path was dusty, so the old man walked slowly. He was disappointed to find Kimberley away from his kraal, but nevertheless the sun stood high above when he reached the trading station.

On his way he suddenly remembered some talk about "red" money being recalled some time ago. He became rather frightened. What if the trader should refuse his gold? Soon they would be starving. When he got to the store he waited long without and when he ventured inside spent much time asking the price of this and of that. Finally he ordered his bag of mealies. He hesitated when the trader asked if he could pay cash. He was an old man, he said, and perhaps the good white man would accept his "red" money. He did not know. Yes, as he was an old customer, the trader would do him a favour and even give him twenty shillings for each piece of gold.

When he returned to his kraal and in an excited voice told his people that he had been given full value for his "red" money, he was surprised that they were silent. Later he learnt that the good Government was giving thirty shillings for each piece of gold.

Once again the trader had won, and he had lost his "red" money which Mtiki and other Pondos had won from the hard rock.

### MUSIC NOTES

Fourth Quarter, 1936.

There was one Chamber Concert, which took place on Saturday, 5th December. There were performed two trios -Mozart in C major and Brahms in C major. The artists were Lynette James, Sydney Waterman and R. H. S. South.

In addition there was the the usual terminal Pupils' Informal Concert. The playing of the string players showed that great progress had been made during the year.

First Quarter, 1937.

On 13th February, Mr. Gordon Bryan gave us a piano recital which was much enjoyed by everyone, both on account of his very capable playing and also because of his fund of amusing anecdotes gleaned from examination experiences.

On 27th February there was a Chamber Concert, consisting of a performance of Dvorak's "Dumky" Trio by Lynette James, Sydney Waterman and R. H. S. South. The work is full of tunes and incident and was much enjoyed by everyone.

On 28th February was the Pupils' Informal Concert. An unusual feature was the inclusion in the programme of three songs, two by boys-Stubbings and Lange-and one by Mrs. P. D. Barnard, whose most attractive voice and artistic singing gave much pleasure to all. The newly formed Choral Society gave an item-a madrigal by John Benet, "Weep, O Mine Eyes." There were in addition the usual piano, violin and cello solos.

### LIBRARY

The Library is now complete, with efficient newspaper racks and an ornate fireplace. Extensive additions in the Afrikaans section have been made, of which much advantage is being taken. A system of coloured cards placed on the shelves at a spot from which a book has been taken

## S. MICHAEL'S CHRONICLE

-in the non-fiction library-permits any particular volume to be speedily traced.

Promiscuous and wide reading is being encouraged, with gratifying results, by the introducing into the School curriculum of official Reading Periods.

The latest edition of the Encyclopaedia Britannica has been bought, and several modern additions to the scientific section made. The Library Prefect, aided by his two assistants, efficiently controls the issue of books in the Gallery, which is reserved for Fiction.

The periodicals "Popular Mechanics" and "Hobbies" are now being taken, and Afrikaans journals are by no means neglected.

## PHYSICAL TRAINING NOTES

It appears that in the future, Physical Training is to take a decided feature in the life of this country. We, who already have systematic physical training, can appreciate whatever schemes are eventually put into force.

Now that the glorious winter weather is upon us, forms can be seen indulging in physical training activities in the open air, thus gaining extra benefit, viz. Vitamin D. The Punch Bowl is being used for this purpose, and the red ants residing there seem to resent our appearance and show their anger by taking an occasional bite at the bare backs placed before them.

The Junior School seem to be breaking all records in the Gymnasium Tests, and numbers can be seen daily practising in the various periods allotted. The Upper School Physical Efficiency Tests also seem to be very popular, and after fifteen months' training for some several boys have been successful and have been issued with certificates in their various classes.

It is interesting to note that the total weight increase for last year was 2,604½ lbs. and the height increase 306 inches. This was taken over a period from March-December, with a total of 211 boys, which averages 12.34 lbs. and 1.45 inches per boy; quite a creditable average

## S. MICHAEL'S CHRONICLE

23

according to some specialists, who allow an average of 10 lbs. and 1J inches.

This year a study of the effects of breathing is being recorded, and so far the results appear to be high. May 26th saw the Annual Inter-House Competition for the Campbell P.T. Trophy. This year, Houses were requested to form a tableaux with the total boys participating at the conclusion.

### DEBATING SOCIETY

At a business meeting of the Michaelhouse Debating Society, the following officers were elected for the 1937 Winter Session:-

Chairman: E. J. Theunissen. Vice - Chairman: R. Gathorne. Hon. Secretary and Treasurer: P. K. Wright. Two Committee members from the Staff: Mr. J. C. Traill and Mr. N. G. Lyon. Committee Member from Upper Vths or Sixth Form: E. H. Bennett. Committee Member from Lower Vths: C. H. H. Barry. Reporter: E. R. Eriksen. Ushers: S. G. H. Fawkes and P. G. Henwood.

A very representative house of 56 members was elected from the Upper School, and inter-debates have already been arranged with Hilton College, Natal University College and others.

### LITERARY SOCIETY

Membership is well up to the average in quantity, and rather above the average in quality. There was a period when the Society seemed to be in danger of perishing from sheer inertia and lethargy, but this year's new members have removed the danger.

â€¢

Last quarter we began by reading Shaw's "Arms and the Man," which was well read and thoroughly enjoyed. At the last meeting of the quarter we should have heard

## S. MICHAEL'S CHRONICLE

a paper by Curwen on "South African Literature," but the paper was not quite ready in time. Instead, Mr. Chapman gave us an extempore account of the aims of Socialism. This was very much appreciated, and led to a vigorous and critical discussion. Quite how this came to be a subject for the Literary Society has not yet been decided, but the Society is nothing if not broad-minded.

At the first meeting this quarter Curwen read his paper on "South African Literature." He included a wide selection of extracts and altogether tackled a difficult subject well. An interesting discussion followed on the development of literature in this country.

We are at the moment in the middle of reading Barrie's "The Admirable Crichton."

## HEALTH & STRENGTH CLUB

The membership of the Club was raised to 36, of which 14 are in the Senior section.

The Club won the second prize of £10 for free apparatus in the Overseas Competition by the Health and Strength League, and kit for that amount is being dispatched from England.

The Physical Training Instructor, Sergeant V. B. Bultitude, is presenting two shows this quarter—one at the School, and one in Pietermaritzburg—before he leaves the School to take up a post in Maritzburg. We shall be very sorry to say good-bye to him, and would like to take this opportunity of thanking him for all he has done for the Club and also to wish him all success in the future.

We hope his successor will be as interested in the Club as Sergeant Bultitude was.

This year instead of an annual dinner it was thought advisable to have a supper after the show in Maritzburg.

### PHOTOGRAPHIC SOCIETY

The Society this year continues its keenness of 1936 and the Dark Room is in constant demand. A new Dark Room is rapidly nearing completion and will provide opportunities for more careful and accurate work. In addition to the ordinary room for developing and printing, there will be a small compartment for enlarging and a daylight work-room for washing, mounting, trimming and other finishing processes.

It is hoped that a new and up-to-date enlarger will be installed in due course.

This season's programme includes an exhibition of Photography on May 29th and a further exhibition on Speech Day, in addition to the weekly routine meetings which have been well attended.

The Society is now affiliated to the Maritzburg Camera Club and there are possibilities of some combined event with S. John's, Johannesburg and other schools, though negotiations are still pending in this respect.

B. Berry is Secretary of the Club for this year.

### STAMP CLUB

There is, unfortunately, a general tendency at present to pay more interest and attention to new issues than to stamps issued in the past. This, of course, was especially noticeable in the period before the Coronation Stamps which perhaps may have convinced some collectors that some of the older issues are worth collecting and do look attractive in a stamp album.

Similarly there is an unfortunate tendency to despise cheap and common stamps. They, too, in many cases look attractive in the album and certainly make collecting less of a commercial enterprise and competition. Too many collectors have unused new stamps provided for them instead of taking the trouble to amass a collection for themselves bit by bit, which is the fascination of the hobby.

## S. MICHAEL'S CHRONICLE

### GRAMOPHONE SOCIETY

The Society has had a very successful season and the Record Library has been augmented by several new works, as follows: A "London" Symphony (Vaughan Williams); Overture, "Portsmouth Point" (William Walton); Variations on a Theme by Haydn (Brahms); the Opera "Figaro" (almost complete) (Mozart).

Members may now play records in the afternoon, as the music room is available for this purpose.

### CADETS

At the beginning of the year two companies of three platoons each were formed. This has greatly added to the efficiency of the Corps as the good platoons are now separated from the weaker ones.

Last year's annual inspection, by Colonel van der Spuy, took place on 5th November. We took this opportunity to have our first Inter-Platoon Competition for the R.D.L.I. Shield (hitherto it took the form of an Inter-House Competition). The platoons were suitably handicapped and the Shield was won by No. 6 Platoon..

Several cadets successfully attended the R.D.L.I.

Refresher" Camp last year. We have reason to expect the number will increase this year.

There is likely to be a Natal Cadet Camp in Durban towards the end of June, and it is to be hoped that Michaelhouse will be able to attend.

The promotions this year are:-

## SHOOTING

This year an attempt has been made to give the good shots more concentrated practice by the formation of a Shooting Club. Membership is limited, and is by invitation of the Committee, which consists of the House Shooting Captains. Practices are held every Wednesday when possible, and occasionally on other days. One great advantage is that new boys who have been good shots at their Preparatory Schools can be elected to the Club, and so receive that regular practice and coaching which was previously impossible.

In the first round of the "Frank Stevens Shield," although we were sixth, we were only ten points (out of eight hundred) behind the winners, Hilton, and averaged 97.2 against their average of 98.4; I. B. Cooper was top scorer with 99.

At the same time we are trying to provide more Shooting for the rest of the School who are not members of the Club. In summer, when Cricket is the only official game, it is quite easy to take one game in rotation every Monday, Tuesday and Thursday, but in winter, with both Rugby and Hockey being played, it is rather more difficult to arrange. However, when the scheme is working satisfactorily, the House Shooting Competition will be decided on these ordinary routine practices, which means that every boy who is any good at all with a rifle can feel that he may be helping his House. It is hoped that this will lead to a general improvement in the standard of shooting throughout the School.

The House Shooting Competition was fired off at the end of November. It was won by Founders by a fairly substantial margin, East being runners-up. The total scores, for ten members per team, were

1. Founders 902
2. East 873
3. West 848
4. Tatham 794
5. Farfield 737

Other good individual scores were: Gemmell (East) 98,

Robertson and I. B. Cooper (Tatham) 95, Baber (West) 94,  
Loxton and Parr (East) 92, Poynton ii (West) 92.

## SQUASH

Plans are out for the covering of the Squash courts and there is every prospect that this long expected improvement will be a fait accompli by the end of the year. We hope that this will be followed shortly afterwards by the laying down of wooden floors.

Over the Easter week-end we entertained the Rhodes University touring team, captained by T. F. W. Harris and including another O.M., W. MacRobert. They played two matches-against the Staff on the Saturday afternoon, and the School the next morning. Both were close, the Staff enjoying the merit of being the only Natal side to defeat our visitors.

The scores in the Staff match were:

K. M. Pennington beat T. W. F. Harris 9-2, 10-11, 9-6, 2-9, 9-2.

A. P. Woods beat W. MacRobert 9-2, 9-4, 6-9, 9-4.

P. J. Hall beat Bosworth-Smith 1-9, 1-9, 9-6, 9-2, 9-3.

C. M. Melville lost to McDonald 5-9, 9-5, 3-9, 9-4, 8-11.

P. D. Barnard beat Chubb 4-9, 9-4, 9-3, 9-6.

P. C. Cazalet lost to Holderness 7-9, 1-9, 7-9.

Staff won by 4 matches to 2, 14 games to 12, and 183 aces to 165.

## S. MICHAEL'S CHRONICLE

The scores in the School match were:

E. H. Bennett lost to Harris 9-2, 2-9, 2-9, 9-11.

D. P. Young lost to MacRobert 3-9, 9-6, 9-6, 6-9, 2-9.

A. R. Strachan lost to MacDonald 7-9, 6-9, 5-9.

M. Rosholt lost to Bosworth-Smith 7-9, 8-11, 6-9.

P. G. Henwood lost to Holderness 5-9, 7-9, 9-7, 7-9.

P. S. Pearce beat Chubb 9-6, 2-9, 3-9, 9-5, 9-5.

R.U.C. won by 5 matches to 1, 17 games to 7, 194 aces to 150.

## SWIMMING

The Annual Sports were held on March 3rd in glorious sunshine. The attendance of parents and friends was smaller than usual, but this did not detract from the success of the afternoon.

Mrs. N. Henwood was kind enough to come up from Durban to present the medals.

Tatham House once again won the championship, mainly due to the excellent swimming of Robertson and Croad. In the Junior events, McLeod and Knutzen, also of Tatham, swam very well. Whiting, of West, is to be congratulated on the good show he put up in the diving.

McClure was elected Captain of Swimming, the other members of the Committee being: Standing (West), Park Ross (East), Ladlau (Founders) and Robertson (Tatham).

The results were:-

### ATHLETIC SPORTS

This year for the first time the Sports were run on a grass track 440 yards in circumference which was laid out on the Hockey fields instead of round them. This was only a temporary measure, as it is intended to plant grass round the Hockey fields and have the track in the same place as before.

Sports Day was on Easter Monday, March 29th. The weather was less favourable than usual, and towards the end of the afternoon a high wind sprang up accompanied by rain. However, this did not prevent the programme of events being completed.

The general standard was quite high, and the comparatively small number of records may have been partly due to the track which was rough at one end. Bennett was the outstanding athlete, gaining first place in the 100 Yards, 220 Hurdles, Cricket Ball, Shot and Discus, second in the Long Jump and third in the 120 Hurdles. It is probable that he would have won the latter event also if it had not been necessary to change the order of events owing to the weather.

Bennett and Skelton (who won three events) were chiefly responsible for Farfield easily winning the Athletic Cup. There was a good struggle among the other Houses for second place, which was secured by West. Reim was outstanding in the Under 16 events and Lee in the Under 15.

Bennett easily broke his last year's records in the Shot and Discus, and as he is quite as good a hurdler as his brother was last year he should have a successful career ahead of him at Cambridge. Other excellent performances were those of Ladlau in the Half-Mile, Skelton in the 220, and among the juniors Reim's hurdling and Susskind's high jumping.

There was a fine struggle for the Relay Cup, which Founders won by one point from Farfield.

At the conclusion of the Sports, Mrs. S. W. Pape kindly distributed the prizes.

## S. MICHAEL'S CHRONICLE

## CRICKET

As with last year, we have to report a season in which we met with only moderate success. This was due to several reasons. Our batting was very uncertain; this was unaccountable as the turf practice pitches and main pitches had improved considerably. There was a lack of inspired leadership by the captains. For the first half of the season T. Henderson, though conscientious, was inclined to allow each match to run its own course and was unable to get the team to rise to the occasion. E. Bennett became captain after Christmas and was a marked improvement, but found it most difficult to get that extra kick from a team which had got rather too accustomed to batting failures and dullness in the field. There was a marked falling off in our fielding, once again due partly to lack of example, as both the captain and vice-captain up to Christmas were very slow and indifferent in the field. There was also a serious lack of enterprise and spirit throughout the team, while the customary enthusiasm seemed to be on the wane.

The one bright spot was our bowling, which was consistently good throughout. McClure, though rather erratic and consequently not so confident as last season, nevertheless proved dangerous on many occasions. Dawson, who changed from slow to medium fast, met with immediate success as he kept a perfect length, was able to make pace off the pitch and swerve slightly either way. Mann, bowling slow leg breaks, had a most successful season. He has plenty of stamina, spins and flights the ball well, and does not mind being hit. He should develop into a first-class bowler. Henderson was a most useful change bowler and was really good at splitting partnerships. Lee bowled well on occasions, but would be far more successful if he bowled on the wicket.

Of our batsmen, Dawson was the best when he got going, but was always a nervous starter and consequently not as reliable as he should have been considering his

ability. Henwood improved tremendously throughout the season and was the one man who could always be relied upon to make runs, even under adverse circumstances. Bennett played some fine forcing innings, but was too prone to hit at everything, with consequent disastrous results. Johnston was another hard hitter who came to our rescue more than once, but he, too, did not use his ability to the best of advantage. Lee, who missed a lot of valuable experience by not going on tour, played some really good innings, but got himself out often by foolish strokes which showed lack of concentration. Susskind played several useful knocks but was a very nervous starter and inclined to nibble at the off balls too much. Henderson could always be relied upon to make a few runs, but his weakness on the leg stump was a fatal stumbling block. Morphew batted really well on tour, while Doming, Gray and Gathorne showed great improvement towards the end of the season. Payn and Dobson were rather disappointing. Johnston kept wicket well, but was apt to lose his concentration towards the end of an innings. On tour Hodgson kept wicket in Johnston's place, and was a good substitute.

Dawson, McClure, Mann and Bennett are to be congratulated on being chosen for the Natal Schools team.

A new score box was built behind the score board, thus giving us much needed extra space in the pavilion.

The grass on the new Oval, which is named Hannah's, grew so well that we were able to play on it in February. Considering it was new, the wicket was most satisfactory.

We take this opportunity of thanking the Old Boys' Club for their magnificent present in the form of a canvas covering for the wicket. It proved invaluable on several occasions. The match against the Vultures was not spoilt by rain this year, and was a most enjoyable affair. We wish to thank them for presenting two bats. Lee won one for the best batting performance of the day, while Mann won the other for bowling.

During the season Colours were awarded as follows:

1st XI Colours: N. B. Mann, E. H. Bennett, M. R. Johnston, D. Henwood, F. C. Lee.

Blazers: P. J. Susskind, J. Morphew, A. R. S. Doming,

G. B. Payn, J. W. Hodgson, J. W. Gray, R. Gathorne, M. Reim, P. A. Dobson.

### MICHAELHOUSE v. OLD BOYS.

Played on the Oval on 29th September. Drawn.

Dawson and Henderson batted really well on a wicket which favoured the bowlers slightly. Against McClure, who bowled with plenty of dash, the Old Boys collapsed, and only a spirited partnership between Swales and Woods were they able to avoid defeat. M. Forder and G. Forder created a record by being the first father and son to play for an Old Boys' side.

### MICHAELHOUSE v. GLENWOOD HIGH SCHOOL.

Played at Glenwood on October 24th. Won by 93 runs.

Only Ball, who hit brilliantly (his score included 3 sixes and 9 fours) and Butler, who was very steady,

showed any form against our bowlers. McClure opened well, while Mann soon finished off the innings. Our batting was consistent. Dawson batted well and scored all round the wicket. Glenwood played with far more confidence in their second innings.

### MICHAELHOUSE v. N.U.C.

Played on the Oval on October 31st. Won by 16 runs.

On a wicket which remained sticky throughout the day there were some remarkable bowling performances. Having dismissed our opponents very cheaply, we just managed to win, thanks to some bold hitting by Johnston and Mann. Nicholson bowled with great determination, varying his pace and flight very well.

MICHAELHOUSE v. H. L. CROCKETT'S XI.  
Played on the Oval on November 4th. Lost by 9 runs.

We put up a very fine performance in this game, in which our bowling and fielding were splendid. Lee and Henwood both batted well to give us a good start, which was followed by a collapse. Bennett and Mann hit vigorously to give us a creditable total. With McClure and Mann bowling at the top of their form, and backed by good fielding, our opponents had to battle hard for victory. Randles batted freely, scoring all round the wicket. After his departure Wade batted soundly to win the game.

##### MICHAELHOUSE v. ST. JOHN'S COLLEGE.

Played on the Oval on November 14th. Lost by 11 runs.

Considering how much rain there was about it was rather amazing that we were able to play any cricket. We were unfortunate in losing the toss on a somewhat sticky wicket; nevertheless our batting lacked enterprise. On a wicket which played easily after rolling, our visitors fared little better, only a determined innings by Smith enabling them to win.

## MICHAELHOUSE v. NORTHERN DISTRICTS SCHOOLS.

Played on Kingsmead No. 2 on December 15th. Won by

4 wickets.

Soutar was the only batsman who could cope with  
our good length bowling. Lee got plenty of pace off the  
wicket. Dawson batted really well while Bennett and

## MICHAELHOUSE v. DIOCESAN COLLEGE

(CAPE TOWN)

Played on Kingsmead on December 16th. Lost by 62 runs.

Against a strong attack our batting failed hopelessly. Ellacombe (fast), Thompson i (slow leg breaks) and Galbraith (medium-fast) were three really good bowlers, but on a perfect wicket our batsmen were out through sheer nerves. M. Guest played a very patient innings while C. Thompson batted brilliantly and showed signs of being a really first-class bat. Dawson, who during the quarter changed from slow leg breaks to medium-fast, kept a consistent length and was able to get a slight turn on the ball. In our second innings Dawson and Henwood batted well.

## MICHAELHOUSE v. MR. G. ARGYLE'S XI.

Played on the Track Ground on December 17th. Lost by  
48 runs.

Our opponents, who were an unofficial team from St. John's College, batted incredibly slowly. Jack batted soundly against a steady but by no means dangerous attack. We threw the game away when the last wicket was allowed to make so many runs. Robertson should have been easily stumped off Mann, who bowled well with very little luck, before he had scored. Not knowing whether to play for a draw or go for a win, our batsmen did neither, and put up a very poor show, Henwood alone showing any form.

### MICHAELHOUSE v. MARITZBURG COLLEGE.

Played on Kingsmead No. 2 on December 18th. Won by  
5 wickets.

After an initial collapse Gillespie and Egner, both of whom batted really well, changed the fortunes of the game entirely. Mann once again bowled remarkably well, but had very little luck. This time our batsmen made no mistake and played their natural game, with the result that we won comfortably. Lee and Henwood gave us a splendid start, while Bennett and Johnston hit vigorously to give us victory with ten minutes to spare.

## S. MICHAEL'S CHRONICLE

## MICHAELHOUSE v. HILTON COLLEGE.

Played at Kingsmead at 21st and 22nd December. Drawn.

This was a most interesting match, which was spoilt by the rain which fell at intervals on the second day. Winning the toss, Hilton, after an indifferent start, were in a strong position while Ellis and Thompson were together and batted confidently. When Thompson was bowled at 118 our bowlers got on top and Hilton were out for quite a reasonable total. McClure bowled well and got good support from Mann, Dawson and Henderson. Everything in our innings was dwarfed by Johnston's magnificent knock. At a very critical stage he took his courage in both hands and hit in grand style. Bennett and Susskind had batted well in trying to stem the tide, but it was left to Johnston and Mann, who had defended stubbornly, to give us a most useful lead. Ellis with his slows kept a fine length and varied his pace and flight well. Hilton's second innings was almost the same as their first effort. Ellis again batted soundly but after his departure the remaining batsmen offered little resistance to Mann and Dawson, both of whom bowled really well. Owing to the stoppages for rain we were left 55 minutes to make 83 runs. We scored so quickly that after 28 minutes we had scored 58 runs, when a heavy shower came down and robbed us of a well-earned victory.

## MICHAELHOUSE v. DURBAN HIGH SCHOOL.

Played on the Oval on March 6th. Won by 99 runs.

Following rain overnight, Durban High School won the toss and put us in, but the wicket played slow and comparatively easily. Lee and Doming took full advantage of the conditions and batted really well for their century partnership. Gray was again sound. McClure was at the top of his form and with Lee and Mann also bowling well, D.H.S. were out for a small total.

### MICHAELHOUSE v. HILTON COLLEGE.

Played at Hilton on March 13th. Lost by 106 runs.

This was our most disastrous match of the season.

Winning the toss, we started confidently and looked like running up a big score, until Ellis came on to bowl. He had 10 runs hit off his first over, and then took 6 wickets for 7 runs in 7 overs. Our batsmen seemed paralysed and were unable to use their feet. Doming batted really well but was out to a careless shot. Poor fielding allowed HUton to get the total they did. Mann bowled excellently but was not well supported in the field.

## MICHAELHOUSE v. VULTURES.

Played on the Oval on March 23rd. Lost by 3 wickets.

Against a steady but by no means dangerous attack, our batting was sound, but too many batsmen got out to careless shots when well set. Lee and Doming looked set for another century partnership when the latter foolishly ran himself out. Susskind, Gray and Payn also batted well. Our bowling lacked sting and our visitors scored freely. Bruce Mitchell gave a delightful exhibition of all round stroke play, while Fred Susskind landed two glorious sixes. Mann stuck to his work well in spite of being hit about.

## S. MICHAEL'S CHRONICLE

## THE TOUR-JANUARY, 1937.

We met in Johannesburg for our Cricket Tour which took in parts of the Transvaal, Free State and ended in Bergville.

Our first match in Johannesburg was played on the Wanderers No. 2 ground against Mr. A. P. Walshe's XI. The matting wicket had a disastrous effect upon our team and the weather probably saved us from defeat. Sadler played a fine forcing innings. Next day we played against Mr. Walshe's Schoolboy XI on the Wanderers front ground and recovered our form. Morphew played a grand innings, which included four sixes-one of which was picked up in the Tennis Courts. Henwood and Bennett batted well, while Dawson bowled remarkably well, keeping a good length and turning slightly either way.

Next day we had free so as to enable us to see something of the Empire Exhibition. In the afternoon we were entertained to tea at the Bien Donne by Mrs. M. J. Susskind, whom we wish to thank for giving us such a grand time, and giving us the opportunity of dancing at the renowned Bien Donne.

The following day we travelled to Pretoria for a two day match against the Pretoria Schools. This was played on the Berea Park ground in ideal weather. The outfield had recently been grassed and was consequently on the slow side. Henwood played a fine innings and was unlucky in being dismissed before he got his century. Dawson again bowled well, getting nip off the wicket and swerving late.

On Monday we travelled to Kroonstad, and after a depressing start with no one to meet us (they had made a mistake about the time of our arrival) we were rescued by Dr. Donges and soon made to feel at home. Next day we met the Kroonstad side, which included several Currie Cup players, on a matting wicket and had a most exciting match. Dawson played a magnificent innings, while Woods hit out well when the position was critical. P. Border played a splendid innings for Kroonstad. At one stage when he and his brother were in it looked as though we should lose the match, but when P. Border was out to a good catch, the side collapsed, and we won an exciting match.

We left after the match for Bloemfontein where we had a very good match next day on the Ramblers ground. This was an exciting match and we had an anxious time until we passed our opponents' score. P. Susskind played a good innings, and Mann's bowling was outstanding.

Our match at Bethlehem was played in a very friendly, but anxious, atmosphere-we were up against those speed merchants, the Sparks brothers! However, winning the toss, we managed to get them out quite cheaply on a fairly sticky wicket which was admirably suited for Mann, who took full advantage of it. The wicket played very fast after rolling and scoring was naturally slow against the Free State speed merchants, but at a critical stage Bennett hit Promnitz for 2 fours and 2 sixes in quick succession and won the match for us. That night we were entertained to a dance, and would like to thank Mr. Kirton for all he did for us during our stay in Bethlehem.

Early next morning we caught the train for Bergville and after a weary journey eventually arrived at our various "homes." At Bergville we suffered our only defeat, and think it was due to the fact that we were so marvellously entertained that Cricket took second place. We played two matches. The first one we won easily, and the second one we were a little tired, and just when we looked as if we might dismiss Bergville, our wicket keeper missed several catches.

We would like to thank Mr. and Mrs. Scott and Terry for all they did for us, and look forward to some future time when we can again spend some pleasant days in Bergville and, perhaps, avenge our defeat.

On the way to Ladysmith from Bergville we had an adventure, and all missed our trains. We got caught in a storm, a spruit came down in flood, and we had to wait hours before we could cross it. We eventually arrived at the station and slept on the benches until our trains came in. Despite these misadventures-which were enjoyed by some!-the tour was a most enjoyable one.

We would like to thank Mr. M. J. Susskind for arranging our Johannesburg and Pretoria fixtures for us and for entertaining us so well at the Wanderers. Also Mr. Stephen Pitts for the way in which he entertained us in Pretoria, and Mr. Kaplan and the Ramblers Club, Bloemfontein, for their kind hospitality and the grand time they gave us.

## 74 S. MICHAEL'S CHRONICLE

### OLD BOYS' NOTES

#### GENERAL.

Tremendous interest was shown last season in the Currie Cup Cricket Tournament, and it proved a triumph for the Natal batsmen. They never failed to make a large score and won all their matches, generally on the double innings, with something to spare, thus fully meriting their success at the head of the log. It is therefore with real pride that we record that Natal was assisted in all her matches by Bob Harvey, who seldom failed to make a good score-his average was about 50-and Leslie Payn. The key match was, of course, against the Transvaal. Winning the toss, Wade batted, and by three o'clock anything might have happened when Payn joined Nourse. Together they flogged tired bowling so mercilessly that before stumps were drawn on the first day Natal had made the huge score of 566, Payn getting his first century in Currie Cup matches, and helping to give his side a first innings victory. He and Harvey also bowled for long spells with a fair crop of wickets.

In friendly Provincial matches, Alan Melville captained a Transvaal side, and is obviously destined with ordinary luck to do so for many seasons. Bob Howden also played for a Natal side at Dundee.

In intertown matches we were strongly represented in the Maritzburg side, M. E. Pennington (captain), R. Howden, D. Turner, G. W. Boyes and A. R. Stewart being selected. These O.M.'s, with A. P. Woods and A. F. Lees, also largely contributed to the great success of the Zingari Club in Maritzburg League Cricket, consistently making

## S. MICHAEL'S CHRONICLE

75

large scores and dismissing their opponents fairly cheaply. This Club also included as members: G. Pennington, K. Drysdale, B. Drysdale, L. E. Greene, R. Anderson and

G. Forder.

In Durban Cricket the Berea again had a wonderful season, winning both the Saturday and Sunday Leagues. R. L. Harvey, R. Collins, L. W. Payn and H. A. C. Swales turned out for them. Greyville were assisted by N. Crowe, W. G. Crockett, O. C. Dawson, D. W. Dawson.

In other centres we noticed the following O.M.'s turning out for their Clubs: Estcourt: D. B. Koe (capt.), M. H. Forder. Tintern: J. Price Moor, G. Robinson, G. W. Moor. Dargle: K. Edmonds (capt.), J. Morphew. Caversham: K. Pennington (capt.), H. S. Browne, G. A. Shaw, V. Greene. Richmond: St. J. Nicholson. Creighton: V. Houston, H. Butcher. N.U.C.: R. Howden, E. M. Burchell, R. J. Robinson, D. Henwood. New Hanover: T. E. B. Hill (capt.),

C. J. Crowe. Johannesburg Old Johannians: H. E. Boyes. West Rand: R. F. Leach, D. O. Roberts, N. van der Riet. Harrismith: A. Macfadyan.

The annual match with the D.H.S. Old Boys was again a draw, we being represented by R. L. Harvey (capt.),

H. A. C. Swales, R. Collins, L. W. Payn and D. Dawson, of Durban, and M. E. Pennington, A. P. Woods, G. W. Boyes, A. F. Lees, R. Howden and D. Turner, of Maritzburg. They made 360 for 7 declared, and we got 250 for

4 when stumps were drawn.

May we once more remind members of the Fund opened last year to commemorate the services of Matthew Hugh Brown to the Club and School? As the annual circular stated, sums from 2/6 to 10/- will be welcome and should be forwarded to the Secretary. The intention is

## 76 S. MICHAEL'S CHRONICLE

to erect a tablet in the Chapel and present a photograph to the School.

The Insurance Scheme is lagging. Surely we will see to it that at least a quarter of our life members support the Fund. This would mean the best part of £10,000 in 20 years' time when the School celebrates its Diamond Jubilee. If we could inspire half our roll with the worthiness of this conception, we should then really command a sum which in the future would do real service to the Old Boys and the School. Need we withhold our support just because the money is not earmarked for a particular cause? Surely our loyalty and our sense of gratitude should compel us to visit the local representative of the South African Mutual Life Assurance Society and take out a policy at once. Further details can always be had from the Honorary Secretary.

The second Annual Dinner was held in August at the Grand Hotel, Grahamstown. The arrangements were in the hands of B. Burnett and W. MacRobert, as the "freshers" at the University. A private dining room was suitably decorated in red and white (as also was the grape fruit!) and the company later repaired to the local cinema, where "The Private Secretary" was on the programme, much to the amusement of three of the party who had taken leading parts in the play here. Those present were: G. B. Long (in the chair), L. M. Thompson, S. Harris, G. Tolmer, M. Buckley, G. Holley, M. B. Lloyd, A. L. Robinson, B. Burnett and W. MacRobert. We hope this branch will long flourish, even if for the present their activities are confined to a very convivial Annual Dinner.

### PERSONAL.

Jack Ardington is engaged to Miss Lynette Shaw, of Elderslie, Karkloof.

R. W. Anderson passed his B.A. at the N.U.C. last December.

P. Asbury has joined the Artists Rifles and is a member of their cross-country and bayonet-fighting teams.

David Alder is back in Natal after the wonderful operation to his back, and hopes to resume his duties with the Union Corporation in a few months. Hugh is on the Nourse Mine.

J. M. Aitken was married to Miss Dulcie Phipson on April 3rd. We wish them all happiness. He is stationed at Bulwer, where he is Superintendent of Roads.

M. J. Adams writes enthusiastically of Oxford, where he is in residence at St. John's College.

M. Allanson came out for the summer vac. from Downing College, Cambridge, where he is studying medicine.

J. M. Arnott holds a commission in the N.M.R.

D. Atkins was on short leave in Natal in May and visited the School.

G. P. W. Austin spent his Easter holiday at Isipingo. He will probably take over P.T.S. in the near future, when his father retires after building up that well-known preparatory school. He had John Dunning with him. He became an assistant master there in May.

R. M. Antrobus is surveying with Halberstad & Webber in Johannesburg.

## S. MICHAEL'S CHRONICLE

J'. M. Barry is gaining practical experience in a lawyer's office in Johannesburg before sailing for England in July. He goes into residence at Trinity College, Oxford, in October.

G. Berry was successful in his fourth year medical examinations at the Witwatersrand Medical School last December.

A. Buchanan-Clarke was married to Priscilla, the second daughter of Allan Winter, on February 6th in Estcourt. They are farming at Highlands, Hidcote. We wish them all prosperity. Graeme was successful in Part

II of his Solicitor's examinations last December.

M. H. Bennett ran for Cambridge in the last inter-Varsity sports. He is our first Athletic Blue.

A. N. H. Bond is gaining business experience with J. W. Jagger & Co. in Durban.

Guise Beaumont holds the rank of Captain in the N.M.R. He is engaged to Miss Celia Delves Broughton, a Canadian, who is nursing at Grey's.

D. Brisker has the good wishes of the Club in his new responsibilities as Secretary of the Durban Branch.

A. Bailey has left the V.F.P. Company and joined the big electrical firm of Johnson & Phillips on the Rand. He is engaged to Miss Joan Knight, of Sussex, England.

Russell Burdon is engaged to Miss Joy Onslow-Carleton, of Durban, whose twin sister, Eileen, also became engaged a few weeks later to J. L. Maurice, who is an analytical chemist in Northern Rhodesia.

H. Beddy left the copper mines in Northern Rhodesia three years ago and soon earned promotion with Tanganyika

79

Concessions, Ltd. He is now business manager for the group at Kisumu, on the shores of Victoria Nyanza, where his wife recently ran into a hippo that was frolicing (?) on the road near their home. Their Ford liked it less than the old hippo!

Dr. Nigel Butcher has qualified at Edinburgh. He paid a short visit recently to Durban, but has returned to Scotland for more hospital experience.

S. J. Barker's studies have been interrupted by illness, but he hopes to resume them at Faraday House in September.

We congratulate Colonel L. G. C. Baylis on his election as President of the Club-fitting recognition of his many years' service as Honorary Auditor.

Guy Bennett is again stationed at Nottingham Road with the Electricity Supply Commission.

G. W. Boyes had the honour of selection for Natal in their Tennis match against the powerful Jugo-slavian touring team.

A. L. Briggs is up at Cambridge.

G. C. Brown, as Honorary Secretary of the Cambridge dinner, organised a most successful O.M. dinner there in May, details of which will appear in the next issue.

Q. H. Brown, of Kenya, has joined the band of O.M.'s whose sons have come to the School.

E. T. Brunskill is now in the employ of the Texas Company in Durban.

## 80 S. MICHAEL'S CHRONICLE

We offer our heartiest congratulations to Exton Burchell, the second O.M. Elsie Ballot Scholar. He goes into residence at Cambridge next year.

N. G. R. Crowe is engaged to Miss Edith Mitchell-Innes, who had two brothers at the School.

R. N. Carter was married to Miss Betty Taylor on January 2nd. They are farming at Woolston, eight miles from Grey town on the Riet Vlei road. Good luck to them! He has been given prime quality for his wattle bark.

Jimmy Clark, who took part in the S.A. Grand Prix at East London this year, had a miraculous escape when his car left the bank and somersaulted. We are glad to hear that he has recovered from his injuries.

H. A. Chater has joined the R.A.F. and is stationed at Grantham.

G. A. Cruickshank is doing research work on the staff of the Bernard Price Geophysical Institute at the Witwatersrand University.

After many years' service at Onderstepoort Laboratory, Dr. H. H. Curson has been transferred on promotion to be Deputy-Director of Native Affairs in Pretoria.

### CORDWALLES NOTES

The School Roll now stands at 122, of which 14 are day boys.

The school celebrated its Silver Jubilee on April 10th. This took the form of a most enjoyable dance in the new Gym, at which there were about 130 present, a well-attended Service in the School Chapel on Sunday morning, a Cricket match, Town v. Country, and a lunch, to which 84 sat down. Though the rain cut the match short it did not seem to damp the high spirits of either spectators or players. A sundowner party brought the proceedings to a close, and all voted the week-end had been a great success.

Mr. G. Beale, M.Sc., left us at Christmas after filling a temporary post for six months, while Miss H. Hinton Catherine and Mr. Chapman, B.Sc., joined the staff in February.

In the College of Preceptors Examination we had the following successes: 8 in the Junior, 16 in the Preliminary, 34 in the Lower Forms. There were two failures.

The present Head Boy of the School is Williams. The Heads of the Houses are as follows: Baines: Mackenzie. Butchers: Williams. Jacksons: Grice. Tatham: Southey.

CRICKET. OCTOBER, 1936 - APRIL, 1937.

In actual fact the season was a record one in that we did not lose a single school match. This statement, however, is really rather too flattering, though true. Prior to Christmas, when the side was of average strength, we were unfortunately only able to play one match, owing to illness. At the new year we were left with a very much depleted side, but the three old hands-Southey, Mackenzie and Gersigny-managed to come up to scratch on each occasion and pull us through unbeaten. Mention might be made of our score of 251 for 2 (dec.) against King's, which included two individual centuries.
