.- i t_r 1 New Series. Vol. 1 No. 7 PRICE 5c Stoking Up New Paarls December 13, 1962 EISELEN LINE , NOW NATION-WIDE African Women, From JOHANNESBURG. APARTHEID is not only designed to smash up the lives Of the Africans in the Western Cape. Already a removal scheme to expel African women and youths from the towns is in full operation. Instructions to physically remove the unwanted appear to have gone out to Bantu CommiSsioners on a national scale. In the same week in as far distant areas as Alexandra Township and Port Elizabeth police have been out arresting women whose permits do not entitle them to be in urban areas. sentencing them and then carrying them back to the reserves in Government-organised transport. FINES, JAILINGS Women picked up in Port Elizabeth have been taken to court in considerable numbers. Fines on conviction go up to R15. The men responsible for the introduction of the women into the urban areas are now also rounded up and arrested. After payment of fines or serving prison sentences the women are taken back to the reserves under escort. FOR THE FIRST TIME EVER WOMEN HAVE BEEN SEEN AS POLICE ESCORTS TAKING WOMEN BACK BY TRAIN. Women who serve jail sentences because they cannot pay their hnes are taken from prison to their homes to pick up their belongings and are then bundled straight off to the reserves. SUSPENDED Reports of this stirred Alexandra last week and then came the Youths Expelled Towns announcement from the Bantu COmmissioner that this was suspended for the time being. But the drive to get infringers of permit regulations out of the towns continues. Another ugly feature 0/ the present rouml-up of I/l(' apartheid Government is that African young men arrmretl far infringmnmm are being punished with cuts and are then being found employment

immediately on the mines, making it look as though Government Commitsioners and labour agentx are working this thing together. Chief Sabata Dalindyebo. Paramount Chief of the Tembu. who is fighting for non-racial democracy in the Transkei and who is expected to play a key role at the meeting of the Transkeian Territorial Authority this week. BANISHED PONDO LEADERS SENT TO JAIL

THREE banished Pondoland leaders sent into exile to arid Frenchdale and Driefontein have been sent from exile into prison.

They are Messrs Madikizela. Mbodla and Tshangela.

Messrs Madikizela and Mbodla thought they were being sent home when they got a message from the Bantu Commissioner to leaCk your belongings" and be ready to move. At the back of the minds of these two banished men was an earlier promise that they would shortly be released from banishment. The two packed and were readyion November 16 but on that journey discovered they were not going home but_far from it-to serve new jail sentences. This they learned when taken before Vryburg's magistrate.

Madikizela and Tshangela were sentenced to two years. of which 16 months were suspended. Mbodla was sentenced to two years, of which 20 months were suspended.

When they have completed their sentences they will have to return to banishment.

UWe are deeply mourning." said the letter from other Frenchdale banishees received in Johannesburg as the only news of Mr. Tshangela's fate.

It is presumed here on the lscanty information available that the three lost an appeal against a conviction and the prison sentences passed thus come into force.

STRANGE though it may seem, there is evidently a strong section of the Nationalist Party which is of the opinion that the Verwoerd administration is tltoo liberal? is spending too much money on the ltkatiirs," is giving the country away to them, is generally departing from the tried and trusted principles of Afrikaner nationalism.

At any rate, Nationalist Cabinet Ministers are finding it necessary to spend more and more time trying to appease the angry right, wing among their membership. In the process they are making some admissions which will prove pretty damaging to the Nationalist reputation in the eyes of the rest of South Africa and the outside world.

The Minister of Bantu Education and Indian Affairs, Mr. W. A. Maree, told a meeting at Helpmekaar last week that ilcomplaints that too much was being done for the Bantu and not enough for the European were disproved by the budget figures_96 PER CENT FOR EUROPEAN DEVELOPMENT AND FOUR PER CENT FOR BANTU DEVELOPMENT? (Cape Argus 6-12-62.)

This is a figure which one would think the Minister would normally prefer to conceal or disguise, because it reveals the naked truth about the apartheid regime and the ruthless exploitation to which the majority of the population are subjected. Talk of separate and equal development under apartheid becomes meaningless in the face of such a comparison of the real relationship between the races. In Mr. Mareels words we find a crude reahirmation of the brutal reality of White domination. Another who was obliged to come out with the truth was Mr. de Wet Nel, Minister of Bantu Administration and Development, who was closely questioned by a farmer at a meeting last week in connection with the Governmentis Bantustan plans. The farmer demanded an unambiguous answer to the question whether the Governmentls idea was to allow the Bantustans to become independent states which could make pacts with the communists. The Minister replied that they would not be able to do so before they became independent. iiBut if this did happen, WHICH HE DOUBTED, then they would have the right to make such pacts? The Bantu had told the Government they did not want independence. All they wanted was selfgovernment.

In other words, as far as the Government is concerned, independence for the Bantustans is not on the agenda and is not an aim of Government policy. Here again the Government has been forced to make an admission which makes nonsense of their whole propaganda case in favour of Bantustan, and which deprives their apartheid policy of any shred of moral justification.

Thus once again we learn from the mouth of Government leaders themselves that apartheid means that the White man will' stay boss and that the Non-White will be permanently subject to his domination. This shows that there can be no compromise with apartheid. Neither in the White man,s areas nor out of them will the Black man be able to win freedom. The only road to emancipation lies through unremittina struggle for equal rights for all in an integrated united South Africa in which Cabinet Ministers will talk the same language to all sections of the people and the honesty of their policies will be beyond dispute.

SPARK. THURSDAY, DECEMBER 13, 1962 3 FIRST TRIAL UNDEIL SABOTAGE ACT Two Sentenced to 12 years for throwing petrol bombs PORT ELIZABETH. GEORGE Sinkankanka and Richmond Dupreez appeared before a judge and two assessors in the first Supreme Court trial without a preparatory examination under the General Law (Sabotage) Amendment Act. Both men were charged with throwing petrol and parale bombs at the house of Bantu Constable Philemon Makwakwa of 43 anandi Street in New Brighton on the evening of October 6, 1962. Both pleaded not guilty. AT THE END OF THE CASE THE TWO MEN WERE EACH SENTENCED TO 12 YEARS, IMPRISONMENT. Cons. Makwakwa told the court that he left his house at about 5.30 pm. on Saturday the 6th to start duties at 6 pm. After a report was made to him he found his house at about 7.45 pm. full of people who had gathered to extinguish the hames. The house smelt of petrol and there were pieces of broken bottle and paper lying about. Windows of the bedroom, dining room and kitchen were shattered. There was still smoke. He estimated damage to his personal belongings at R89.70. He told the court he knew both accused but had never had any quarrel with them before. BOYSI EVIDENCE Evidence was then given by two young boys who alleged that on the evening in question they had chased a man up anandi Street after the bombing of the house. Evidence was then given by two young boys who alleged that on the evening in question they had chased a man up anandi Street after the bombing of the house. They both knew the man as Zakadee-Richmond Dupreez-and had run errands for him before. When the man reached a shadowy spot near Nongogo School he stopped and placed his hand in his pocket. He told them to go back or he would shoot. Sgt. Linde. a hnger-print expert, told the court that he could not find any fingerprints on the stick the police had found in the yard of the bombed house. Mrs. Cynthia Makwakwa, wife

of Philemon, told the court that on the Saturday she was sitting in her kitchen, breast-feeding her baby, her back towards the wmdow, when she heard the shattering of window glass and saw hames Spurting from her dresser. She stood up and ran to the door

leading outside. When she Opened the door she saw a man standing still. He was carrying a stick. She recognised the man as Sinkankanka. She went round the back to call neighbours to help. The flames were put out by neighbours who also brought the child who was sleeping in the bedroom at the time.

Def. Counsel: I suggest you only gave a heeting glance at the man you saw in the yard and that you would not be able to have a clear vision of him.

Cynthia: No. I looked at the man and I recognised him clearly. Def. Sinkankanka will tell the court that at the time he was preparing to go to a concert where he was to be a master-of-ceremonies.

Cynthia: I do not know about that.

POLICE EVIDENCE

Sgt. Card, of East London, told the court that they posted two men at Nonkonyanais house. Nonkonyana was later brought to the New Brighton police station. After 5 am. (on the 7th) they went to arrest Sinkankanka whom they found sleeping in his house. Sgt. Card alleged that they went to Nonkonyanals house after obtaining a tivery good descriptionn of the man from Cynthia. The police went to Nobantu Hall. The master-of-ceremonies, George Sinkankanka, appealed to the audience to remain calm as the police were there to look for certain people.

This was confirmed by Sinkankanka. He told the court that he had wanted to facilitate the in-Vestigations.

DEFENCE EVIDENCE

Sinkankanka told the court that he was married and had six children. He was-a carpenter and.employed by Freddie Tyolo. He was not working with Nonkonyana as had been alleged by Cynthia Makwakwa. He had never made any chest for the mother of Cynthia as alleged.

He told the court that when the police assaulted him they alleged that there were three witnesses who could testify that he had bombed the house of Makwakwa. Bantu Constable Barrington George assaulted him several times in the stomach with his fists. He pulled him by the shoulder and dragged him to a wall where he knocked him against it. He kicked him in the stomach and buttocks several times. The police used all kinds of obscene lan-

guage.

Warrant theer Du Preez handcuffed him and George continued to assault him. Then Sinkankanka told the police that he had no idea what they sought from him and whom they were talking about. and that they should shoot him instead. 1They were making me stliltijer for what I had no idea at a.

SECOND ACCUSED

Sgt. Card told the court that on the afternoon of the 8th they were travelling along a tarred road between New Brighton and Zakhele when they saw Richmond Du Preez, accused No. 2. He stopped the car about 100 yards away but Du Preez started to run as soon as he saw the police stopping. The police gave chase and caught him. Richmond Du Preez told the court that he was registered as a Coloured and that he was not working but earning a Government grant as a tuberculotic case. He told the court that he ran because he had once got into trouble With the police for a pass offence. He did not have his identity card With him when the police stopped and he saw Det. Constable Nyembana pomting at him. So he made a dash for it. Footnote: In Grahamstown on

that containers of blood must be labelled and the ttracial origin" of the blood donation may be indicated by the Mr. Ben Turok and several Indian_s in the flat of Mr. A. Kathrada in Market Street. The Special Branch arrived and arrested Mr. Sisulu and two others. Mr. Shapiro said that the man who introduced him to Mr. Sisulu sald: ttHe was secretary-general of the African National Congress? The prosecutor: I put it to you that you said in evidence at the trial of Ben Turok that Sisulu was Introduced to you as secretarygeneral of the ANC-It was all the same to me. Why did you then say something different? Mr. Slovo: I object. This witness .cannot be cross-examined unless he is declared hostile. POLICE RAID Sergeant A. J. Coetzee of the Special Branch said that on May 10 he went to an omce in Macosa House, Commissioner Street, where he found Mr. Duma Nokwe and Mr. Sisulu. He took possession of a writing pad. The detectives then searched Mr. Sisululs house in Orlando and seized documents and notes. Warrant Othcer J. Wessels of Durban said that in April and May he saw strike posters and leaflets put up or scattered all over Durban. . . . Under cross-exammation he did not dispute that the idea of a National Convention, as de-TE following code letters: W for Whites. K for Coloureds. A for Indians or Asiatics; B for Bantus. Footnote: Human blood is defined in the regulations as ttwhole blood which has been withdrawn from a human being. which has been mixed with a suitable anticoagulant agent and which is intended for therapeutic or prophylactic infusion into another human being. Its proper name is tHuman Blood." The definition contains no reference to Asiatic, White. Coloured or Bantu blood. and in fact there is absolutely no

difference medically. The same blood runs through the veins of all human beings. irrespective of ttracial origin? The purpose of the apartheid regulations is simply to appease White patients who object to infusions of blood donated by Non-Whites. manded by the All-In African Conference at Pietermaritzburg. was first suggested by the leader of the Progressive Party. He did not dispute that the idea was supported by many political groups and individuals, such as ministers of religion.

Sergeant Macwell Markwa told the court he attended the All-In Conference in March 1961. He said he saw Mr. Sisulu at the conference. The prosecutor said later that the State would be prepared to admit that the witness had made a mistake. Sisulu did not attend the conference.

Officials of the Johannesburg City Council, the Department of Labour and the Chamber of Mines gave evidence that if the large majority of workers had stayed at home at the end of May last year, there would have been serious consequences in municipal services, factories and mines. MAIL OPENED

Special Branch detectives from many towns and cities of the four provinces then gave evidence as to how they had intercepted letters from the All-In National Action Councilwsigned N. R. Mandela-or confiscated bundles of leaflets calling for a strike and demanding a national convention.

They gained possession of the documents by opening mail at local post offices. during house raids or through informers.

Warrant Officer C. J. Dirker of the Johannesburg Special Branch said he was investigating officer in the case.

In April last year he searched Mr. Sisululs office in Macosa House and found documents ene titled iA Guide to Organisers; information Notes for the Campaign, and Resolutions passed at the All-In African Conference.' The case was adjourned, after three days hearing, to December 20.

hT he German Reich must definitely strive to obtain colonies. In the Reich itself there is too little space for the big population. This striking call for colonies for German imperialism was made thirty-four years ago by Konrad Adenauer, today Chancellor of West Germany. SPARK, THURSDAY. DECEMBER 13, 1962 11 N EW ELECTION S FOR DAVEYTON Vernioerdir Supportem Fngt Rmrgzmrd' Action BENONI. DEFEATED in an election on the issue of Urban Bantu Councils, Verwoerdts supporters in Daveyton are still lighting a rearguard action to get their own way. The setting aside in the Supreme Court of the results of the Daveyton advisory board election has re-opened the whole question of these Urban Bantu Councils. WIDOW MUST LEAVE HER HOME it Mr. Witness Trimsnnqa, who was the successful candidate in the recent elections fought on the plattorm that the decision to accept an urban bantu council was taken without consulting the people. He was opposed by Mr. Shndraek Sinaba. a businessman and long-stnnding member of the Advisory board in Daveyton and Benoni. Mr. Sinaba was defeated, as he spoke his master's voice atiout the glory of Urban Counc1 5. Mrs. Kubeka. of 2012 North, is one of the widows who must leave their houses because of the death of their husbands. This policy of the Johannesburg City Council is a serious grievance with the people. Mr. Sinaba successfully challenged the results of the elections in the Rand Supreme Court on the grounds that his supporters had not been given a fair chance to vote. Mr. Sinaba alleged that the police ordered the crowd to form two queues according to the candidate they supported. There were complaints and protests of discrimination but no notice was taken. He also alleged that the queue supporting Mr. Tamsanqa was given preference in entering the polling both. When polling Was closed about 60 of Mr. Sinabals supporters were turned away, With the result that his opponents won the contest with a very narrow majority. Mr. Justice Marais said that it was clear that the authorities in control had very little choice. There would have been such a crush at the entrance to the booth that lights would probably have resulted. It was probable that the 60 or more people who were preclu'ded from voting were supe porters of Mr. Sinaba. Mr. Justice Marais granted an order setting aside the elections and directing the returning officer

to hold a new election.

SPARK, THURSDAY. DECEMBER 13, 1962 13 Bad treatment and conditions of African workers, low wages, non-recognition of African trade unions - these are some of the reasons Why World is Hostile To South Africa JOHANNESBURG. A FORMER Johannesburg City Councillor, Mr. Alec Gorshel, who said on Radio South Africa that he was shocked, during a Visit abroad, at the hostility to South Africa, has been told bluntly by a trade union official that the Johannesburg City Councills policy towards its African workers is a major cause of this hostility. Says Mr. John Gaetsewe. for the City and Town Council Workers Union: uOn October 12, 1962. we sent a memorandum to the Mayor of Johannesburg, to the Chairman and members of the Management Committee, the Chairman and members of the Non-European Affairs Committee and we also sent a copy to every City Councillor. We have received a formal acknowledgement from the Mayor and a letter from the Town Clerk. th0 have not had another single acknowledgment to indicate that any Councillor is concerned about the wages and conditions of the African employees of the Council. MINIMUM WAGE ttThe main point in our memorandum is that the City Council has stated that the minimum wage on which an African urban family of five can live is R48 per month. yet the Council itself pays its own employees wages which fall short of this minimum by as much as R22. "No explanation has ever been given by the Council to its African employees nor to the citizens of Johannesburg as to why the Council considers itself entitled to pay these starvation wages nor why it considers itself in a different cate-

gory from other employers (such as those in commerce and industry).

"We also stated that the African City Council employees cannot have their grievances redressed nor have they access to the heads of their Departments.

ltYou will note that the reply from the Town Clerk states: The Management Committee has instructed me again to advise you that it is unable to afford your Union any recognitionf JUST DEMANDS

ttThe City Council, therefore, appears to consider that it is entitled to treat its African employees as it thinks fit and that it is answerable to nOvonei It refuses recognition to the legal UniOn (there is nothing in law which prohibits African workers from forming themselves into Trade Unions) and it ignores the just demands of the Union.

uThese facts. together with the Johannesburg City Councills unenviable record of prosecution of African workers for rent arrears. have been made known to all our overseas contacts such as the British Trades Union Congress and the Transport and General Workers' Union and similar trade union bodies in Australia. New Zealand. Canada, Africa and other countries, as the African workers must seek the support of their fellow-workers overseas for their demands.

HOSTILITY

ttIt is not surprising, therefore, that Mr. Gorshel encountered hostility to South
Africa overseas. This hostility
is based on the treatment
meted out to African and
other non-white workers. It is
an informed, not an uninformed hostility, and it will
disappear only when all nonwhite workers are paid living
wages and are granted full
trade union recognition?
So young - and already a moustache!

FREE STATE ADVERTS IN INDIAN

DURBAN.

WHAT are the reasons that have prompted the Free State Provincial Administration to place ofhcial adverts in the Durban Indian weekly __iiThe Graphicm?

This question is puzzling many leading Indians who have noticed that in recent issues massive ads verts from this area totalling an average of 60 inches have been published in this newspaper.

VACANCY

Two adverts in particular are raising eyebrows. The first, a three column by 8 inch advert, calls for applications for a vacancy for an engineer at the Voortrekker Hospital. Kroonstad.

The second. an eight inch single column advert. calls for tenders to survey some land in the FOUrleSs burg-Bethlehem area.

Tenderers are asked to meet an official of the O.F.S. Provincxal Administration on Friday, November 23. at the ohices of the District Roads Engineer, Bethlehem. PAPER

It is a well known fact that there are no Indian Engineer: in South Africa. There are no facilities at the Universities to train Non-While engineers and even if there were any, no jobs are available for those who may qualify. As for Indian surveyors the only Indian who qualified in South Africa had to leave the country and find a job in Nigeria as he was starving in this country. AUCTION SALES Other adverts included three advertising public auction sales of redundant road building equipment such as water sprinklers. road graders. mechanical shovels and the like. at Ladybrand. Hoopstad and Kroonstad. Even if there were. by some remote chance, any Indian who was interested in these sales he would not be able to go to these sales as the Immigrants Regulations Act states that no Indian can visit the Free State except in transit.
