Dear Comrade Maseko,

RE: Teaching of health science at SOMAFCO.

It has just come to my notice that your children will be starting on their final year exams in six weeks time. I feel that the time is a bit too short for me to start them on the programme we have since agreed upon. This factor, coupled with the fact that we are so busy with this year's 70th anniversary celebrations has made me decide that for genuine progress and continuity of my prospective students, I should rather start with them at the beginning of the next academic year(who knows we could be settled right here at Tabora by then?)

Hoping that you and your staff will take this reasoning in its proper perspective.

RV Nzo
I remain,
Yours sincerely,
Regina Nzo.

c.c. Vice-Principal.
