Comrade Fidel Castro, Comrades of the Central Committee, Distinguished delegates, Comrades and Friends,

Allow me to extend my heartfelt gratitude to the Cuban women, the Party and people of Cuba for the warm hospitality accorded to me since my arrival to this importand Congress: On behalf of the millions of fighting women of South Africa, the Women's Section of the African National Congress and the entire membership of the ANC (SA), I greet you all.

He feel honoured to have been invited to the 3rd Congress of the Federation of Cuban Tomen. For we have not only learnt from the great storehouse of experience of Cuban women, but we also draw immense inspiration and courage from the tremendous advances made by Cuban women since the overthrowal of the brutal Batista regime in 1959, and the creation of a new social order. The oppressed people of South Africa are follwing with admiration the giant strides taken by the heroic women of Cuba in building and securing a safe and prosperous path for the future generations. The infinite commitment of the revolutionary people and women of Cuba to the struggle of the oppressed and down-trodden people makes them natural allies of the fighting women and people of South Africa. Comrades,

The racist minority regime continues to perpetuate a system of inequality and the oppression of the overwhelming majority of the population, the black people. Thereas women the world over are striving to build a new life, we in South Africa are forced to resort to armed struggle as a precondition for the uprooting of the apartheid regime. We are vigorously fighting against forced removals, the separation of families and other brutal acts carried out by the regime of apartheid for the implementation of apartheid. In almost all major political trials and workers' strikes, taking place in South Africa today, our militant women are at the forefront.
