Dear Cde,

RE: RECOMMENDATION ON THE SUSPENSION OF Cde FRED MOCUMINYANE

The oommmission of inquiry is here-in calling upon the immidiate suspension of CDE. Fred Mocuminyana - the educational desk's officer who has up to now conducted himself, in conjuction with his work, in an unbecoming manner visa-vi the code of conduct of the African National Congress. It is within the code of cpde of conduct that healthy relationship between the A.N.C. as a movement/its individual members's tasks and the govermental, non govermental organisation or donor groups including various iñstitutions of learning should be maintained and avoid to prejudise the already established relationship.

Owing to the unbearable created conditions affecting the progress of the student population, we then formed the commission of inquiry, of which, during the process of its work, we discovered the following factors listed below which fueled the immidiate suspension of the present education desk officer.

These factor are:

1. The illegal swapping of the names and application forms of students from one donor sponsor to another thus creating uncertainty and general mulmanagement in both parties.
2. A deliberate delay in securing already prepared funds for the A.N.C. students.
3. The obstruction in the success of the commissiion of inquiry by coniving with the donor officers.
4. Falsification of the report on PAID_ESA to an extend of influencing the administrators with an aim of acquiring personal funds.
5. Obstruction of justice by revealing the findings of the commission to Maleke Moripa a non member of the commission.
6. The discloser of office secrets/information to World University Service Councillor

Considering the above mentioned points, we therefore request the office of the Chief representative to act immediately so as to facilitate the progress of the commission of inquiry.

Your's in the struggle.
