Dear Mr Mbeki

Just a short note to say a very big thank you to you for all you did to make Hannah Pick-Goslar's visit so memorable. She was very moved by the inscription you wrote in her copy of your book, as were we all by your outstanding (unprepared?ll) address.

I was delighted that, after all the shifting around of dates, things worked out for the best, allowing you to attend the luncheon without rushing from the plane.

Please convey to Mandisa my appreciation of her efforts too in making this occasion possible.

Best wishes
