**Comrade Mlonyeni  
ANC Chief Representative  
Republic of Zimbabwe**

**RE: MS NTOMBI HADEBE**

**Ntombi is attached to the Department of Education in Johannesburg and is undertaking research on our behalf.**

**We would like initially to confirm that she is an officially accredited person helping to build up our database on Educational issues.**

**She needs to be helped to acquire means of travel, preferably a car that could be given for her sole use and accommodation.**

**All of this need not impose any financial burden on your office because she can maintain the car from the allowance she has been given as well as buy her own food and other necessities.**

**Secondly her programme spans a period of not more than six weeks. We would appreciate it if she could be helped.**

**Best Regards,**
