Dear Ethel,

Finally Ntke Maamoe and Nonkululeko Woko received their letters of acceptance. They are supposed to start their studies in Archives Management at the Loughborough University in September.

Ike has accepted the offer, and I am enclosing copies of the forms he has filled and sent off.

Nonkululeko is certainly also going to accept the offer, but is still waiting a bit with filling the forms. There was an offer for her from the Indiana University which she is interested in, but most probably that offer will not come in time for her to start studies this year. I'll inform you about the matter as soon as possible.

Both Ike and Nonkululeko would like to have single rooms with cooking facilities, which I think would be quite fair, since both of them are mature people. The University, however, doesn't seem to have such accommodation to offer. Ike has filled the application form for postgraduate accommodation and I am here sending it to you. If there is no other alternative, could you please forward the form to the University.

They have all now started the formalities for applying for passports. Only after receiving them can they apply for visas. I'll inform you, when they have handed in the applications, and hope you can then assist in that end.

Many greetings,
