CIRCULAR TO LISTED HEADS OF COMMITTEES AND DEPARTMENTS

The Administration is keen to learn of the problems and progress of various Committees and Departments in the College administrative structure. Dates will be announced on which the Council could meet the Heads of these departments to listen to their reports and discuss with them any problems that may exist. This will give the Council an opportunity to focus and co-ordinate where possible the functioning of these committees and departments.

These sessions will commence at the end of the first week of July.

The Heads of departments or committees, are therefore requested to hold regular meetings of their committees or departments to ascertain problems they face and evaluate progress made for these meetings with the Administrative Council when their turn comes.
