COMPASSION, COURAGE, INTEGRITY, RESPECT, RESPONSIBILITY

BUILDING YOUR SON'S FOUNDATION FOR LIFE

e =K
cournGE Â® HARACTER

ESTABL 15Ep N 19

Cordwalles

PREPARATORY SCHOOL FOR BOYS

Your Son's Foundation For Life.

Cordwalles is an Anglican Independent Boys's Preparatory School.

OUR PURPOSE

To build a boy's best foundation for life in a changing world.

OUR MISSION

Creating an innovative and nurturing learning environment
to inspire and educate boys to become men of significance.

OUR MOTTO

Courage Builds Character
(Devised by Andrew Lee's Grade 5 : 2006)

Courage

To stand up for the truth, persevere, take risks, have faith, take action,
feel compassion, be the best you can be.

Builds

This implies laying down a foundation on which further development takes place.
Building relates to making progress, transforming, growing and achieving.

Character

Each one of us has a distinctive and unique character. Our character is determined
by our mental and moral qualities. It is exposure to situations that require courage
which builds our individual personalities and makes us who we are.

Cordwalles 2018 Edition | Your Son's Foundation For Life.

EDITORâ\200\231S NOTE

2018 was another exciting and incredibly productive year at Cordwalles. The year was packed full of a diverse and incredibly stimulating variety of activities â\200\224 academic, co-curricular and sporting related; as well as goings-on involving social responsibility and relationship building with friends, families, the Cordwalles community and the broader Pietermaritzburg community. When glancing through the magazine, one cannot help but marvel at the scale and assortment of the events and happenings that occur in the space of a year in this wonderful, incredibly busy school. Our Cordies boys are indeed so fortunate to be exposed to so many activities, opportunities and experiences.

2018 started off on a very sad note as we learnt of the tragic death of our beloved Zulu teacher Mr Mdu Mtshali. Mdu was a much loved and respected member of our staff and a role model

and mentor to so many of the boys. Rest in peace Mdu. We miss you. On a happier note, we celebrated the marriage of Stuart Rogers and welcomed new-borns Caiden James Robertson and Kendall Jansen van Vuuren to the Cordwalles family. Congratulations to Richard Robertson and Kelly van Vuuren on the birth of their little ones.

| was fortunate enough to be offered the opportunity to accompany the Grade 6 Exchange boys on their trip to the United Kingdom. What an honour it was to be able to escort this group of four boys who were all fabulous ambassadors for Cordwalles. The confident and respectful manner in which they all conducted themselves throughout the trip was a tribute to themselves, their parents and their school. These four boys were the embodiment of the fine young gentlemen that we strive to produce at Cordwalles.

This magazine would not happen without the massive contribution of our staff who submit all the write-ups and photographs of the stimulating events and occasions as they happen throughout the year. Well done and an enormous thank you to each and every one of you for putting up with the persistent reminders and badgering to get another task completed amongst all the myriad of other demands that are placed on you on a daily basis.

| hope that, as you leisurely page through this magazine, you will think fondly of Cordwalles as you are flooded with the memories created at this wonderful school and the busy and rewarding year that was 2018.

Mrs Gill Hall
Editor

The year was packed
full of a diverse and
incredibly stimulating
variety of activities

SPEECH DAY

Address by the Headmaster
Mr Lance Veenstra

Mrs Martin, the Chairman of the Board, Mr Campbell, Board members, invited guests, ladies and gentlemen and most importantly, the boys of Cordwalles. We are delighted to have Mrs Martin as our guest speaker today. Debbie is recognised as an outstanding educational leader who is committed and dedicated to the teaching profession. For me it is extra special having Debbie and her husband, Alan here as | taught with both of them and their sons are both Cordwalles Old Boys. Mrs Martin will be introduced more formally later on.

Today we are here to celebrate the 2018 academic year and recognise the people involved in Cordwalles. Many of the achievements of our boys and staff are listed in the â\200\234Brag Sheetâ\200\235 that you would have found on your chairs at the beginning of the ceremony.

My job as the Headmaster is to report back on the past year and | realise this can be quite dry, especially for the young boys sitting here. | want all the boys sitting in front of me to take some time to reflect back on your year. | want you to think about the successes you might have had, no matter how big or small. The boys coming up to receive certificates today will be celebrating their successes and achievements and this is excellent. Many of you wonâ\200\231t receive an award but this doesnâ\200\231t mean you havenâ\200\231t had success this year. Perhaps you read a record number of library books, or you hit your first ever six, or you swam a length of the pool for the first time or you caught your biggest fish, or improved your marks significantly or played a musical instrument in front of an audience for the first time. It might even be that you regularly display the core values of Cordwalles, especially the core value of RESPECT. These are all things to be proud of and just because you are not going to receive a certificate, it doesnâ\200\231t mean these things are meaningless. | want you boys to take a few seconds and think of three things you would give yourself a certificate for. This is something you can be proud of.

The Cordwalles community ended the Christmas holidays on a very sad note when we heard of Mr Mtshaliâ\200\231s death. Mr Mtshali had taught at Cordwalles for the past 3 years. Like a tight knit family the boys, staff and parents faced this tragedy together to support one another. Just like any family we are not perfect and we have our differences. But at this very difficult time it was again illustrated what a special school Cordwalles is. Lala kahle Mnumzane Mtshali.

2018 will also be remembered for some exciting developments. We went through the arduous task of Umalusi. (I see some wry smiles from fellow heads who have been through this process as well) After months and months of painstaking work by the staff we received our accreditation. We completed the extensions to

04 Cordwalles 2018 Edition | Your Son's Foundation For Life.

the chapel and as a visiting minister said recently, we have one of the most beautiful chapels he has ever seen. Phase

1 of the boarding house renovations is finished and we now have, in the minds of many, a world class facility for the Grade 6 and 7 boarders.

We now need to turn to our future here at Cordwalles. We are very excited about what lies ahead. We are opening a Grade RRR in 2019. It will take some getting used to having 3 year olds on campus. Developing our staff professionally and personally is very important us. Our professional development programme continues to grow as we want to uplift and nurture staff for the benefit of our boys.

The culture and ethos of Cordwalles is something we work on every day. Growing young boys into significant men is central to what we do at Cordwalles and we need to regularly remind ourselves of the core values of our school. The culture of a school is a hidden force which legitimises and enforces behaviours which ultimately determine the long term success of any organisation.

It is imperative that we develop a positive culture at Cordwalles. We must understand that every action taken today will determine our culture and ultimately our success in the future. The culture of giving is very much part of an Anglican Church school. I would like to thank our community who give so willingly in all areas to benefit people in need. We have handed out a record number of St George certificates this year. A St George certificate is awarded to boys who uphold the Cordwalles values which contribute to the ethos and culture of the school. As part of our diversity programme we introduced awareness months this year. We focused on child cancer, the Pink Drive, the plight of the elderly, Women's Month and of course ended the year with Movember. As you would have noticed some of the male staff members have sported moustaches with varying degrees of success. Mr Nell won hands down, but rumour has it, he has been growing his moustache since June!

As you are aware we have made wholesale changes to our curriculum.

| would like to thank Mr Greaves, the Academic Management committee and the Cordwalles staff who have been brave and forward thinking enough, to embrace and implement these changes.

Our Grade 7 boys of 2018 have done us proud by achieving 9 scholarships and merit bursaries to various high schools. Certainly an excellent achievement. These fine achievements endorse what we are doing as a school and furthermore, the continued very positive comments from our high schools clearly indicate that Cordwalles is preparing its boys exceptionally well for what awaits them at high school and beyond.

Sport at Cordwalles continues to thrive. As a small school we are able to compete against our much bigger rival schools. More importantly is that every boy has a chance to participate, and in doing so, healthy physical activity becomes a habit. Once again we have had a large number of boys representing Cordwalles in various provincial teams.

The cultural side of the school is an equally important component in our quest for a holistic education. Our boys each had a chance to showcase their talents on stage in Grandparentsâ\200\231 Day shows, the Junior Primary play, â\200\234Ebenezerâ\200\235, and the brilliant Grade 7 production of â\200\234Joseph and the Amazing Technicolor Dreamcoatâ\200\235. Who will forget watching the choir - made up of 90 boys-singing at numerous events and then ending the year off in magnificent fashion at our Carol Service? These are ways we differentiate ourselves. Art is also one of these areas. You will see the boysâ\200\231 art displayed all around the school. It is relevant and authentic.

The staff at Cordwalles are a special group of men and women who give tirelessly to the boys of this school. To the staff, thank you for the work that you do. | do believe that each one of them strive to be â\200\234Boy Specialistsâ\200\235, educating boys in the best way possible so that they learn best as boys. Our administration staff and support staff also go the extra mile to make sure that this well-oiled machine keeps on running.

Today we say goodbye to a group of interns and boarder masters who have contributed to the growth of our boys over the last couple of years. In the Junior Primary we take leave of interns Mrs Kyle, Ms Uys, Ms Lalbeharee, boarder masters Messrs Dedekind, Cumings and Hudson. In the Senior Primary, Mr Clark and Mr Greyvenstein leave us. Mr Greyvenstein is teaching in Hong Kong and Mr Clark and his wife are going to teach in Vietnam. Mrs Hubbard, who has been teaching French part time here at Cordwalles, is leaving for the United Kingdom to be closer to her family. We wish them all well and thank them for their contribution to Cordwalles.

Mrs Winnie Mlawo from the cleaning department retires after

twenty-one and a half years of loyal service. We thank her for her dedicated service. We said our farewells to her at a special tea where the whole school was present.

Mrs Van Vuuren goes on maternity leave for the first six months

of next year and we wish her well as she awaits the birth of her second child. Mrs Taylor will be her locum next year. Mrs Chapman leaves us at the end of the first term and her place will be taken by Mr Henderson-Everill who comes to us from Cowan House. We thank Mrs Chapman for her innovative and creative teaching. Her classroom has been a safe place for her boys to learn and make mistakes, whilst having fun. Mrs Holdsworth moves from Grade RR to teach our first Grade RRR. We welcome Mrs Hull from Hilltops Pre-Primary to teach our second Grade R class.

At the recent Headsâ\200\231 Conference in Johannesburg | was lucky enough to listen to Simon Henderson, the Headmaster of Eton College, talk on the topic, â\200\234Is a liberal education still relevant in the modern worldâ\200\235?

Looking through our Deed of Trust that was written in 1912, | was reminded what our objective was as a school. The object of Cordwalles is to provide, under the auspices of the Anglican Church, a preparatory school for boys, which will provide a liberal education in accordance with Christian values and principles. So what is a liberal education? It is an approach to learning that empowers individuals and prepares them to deal with complexity, diversity and change. It provides students with a broad knowledge of the wider world. A liberal education helps students develop a sense of social responsibility, as well as strong and transferable, intellectual and practical skills such as communication, analytical and problem solving skills, and a demonstrated ability to apply knowledge and skills in a real-world setting. What we strive to do at Cordwalles with our curriculum is to prepare our boys to become men of significance in a modern and ever changing world. We are not bound by rigid curriculums but by a liberal curriculum that gives our boys a worldly education. | believe that a liberal education in the twenty first Century is a necessity for all students and not just an option for the fortunate. As Malala Yousafzai said â\200\234One child, one teacher, one book and one pen can change the world.â\200\235 Education is the only solution and as WEB Du Bois said in 1949, â\200\234Of all the civil rights for which the world has struggled and fought for 5000 years, the right to learn is undoubtedly the most fundamental.â\200\235

We need to raise children for the new South Africa, a child without the baggage of our generations, with little interest in money and material things, with no prejudice regarding race, religion or social standing.

| would like to thank the Cordwalles parents for their invaluable support of our school and our boys. As the Headmaster of the school one works closely with the Board and the parent committees. | would like to thank the members of all the various committees who have given unselfishly of their time and for all the many hours of hard work over the year.

Cordwalles 2018 Edition | Your Son's Foundation For Life. 05

Thank you to John Campbell, Chairman of the Board, for the invaluable advice and support over the last year. | would like to thank my family, Belinda, Jemma and Matt for all their support. Belinda, | really appreciate your support of me. | couldn't have done this without you. To my PA, Lynn Clark, thank you for your dedication, efficient hard work and your enormous support.

To end off | want to touch on our theme for the year, which was "Soar to New Heights". Our boys were encouraged to be the

%

best that they could be. Just like in the story, "Fly, Eagle, Fly" where we are reminded that we are not bound to this earth with a humdrum existence but are made with the potential to be something truly glorious. We are not mere chickens but eagles destined to soar to greater heights.

So for all of us parents and teachers sitting here today, | would like to draw on the words of Joanne Madgwick a parenting consultant. She said:

"As our year draws silently towards its close let's assess where we have been and how we have done it. Tugging, nagging, dragging or tenderly building and weaving something eternally beautiful into the lives of our precious little people. As we sit and ponder the year behind and the one ahead, let's choose, not for just today but for the future of our children, let's choose to soar. Instead of year after year tugging and pulling, let us take this season to weave, with love, fore knowledge, instinct, care and compassion, a nest designed just right in which your family can flourish. A nest that protects and provides warmth, yet allows for individual growth and exploration. A nest safely tucked against the cliff, far above the crashing waves and sheltered from the howling storm. A nest keeping everyone safe within the protective boundary of love and acceptance. Then one no longer needs to keep striving, trying, pulling, instead one can soar high upon the wings of creativity, free from a lifetime of bondage to this wearisome toil. Knowing for this season all are protected and safe within the boundaries of the nest. We can also rest assured that from this season, fledglings won't be crushed and maimed but instead fed to flourish so that they too can soar."

To the Cordwalles Grade 7 leavers, soar to new heights as you fly out the gates of Cordwalles. Go out there and make a difference, and become young men of significance.

Cordwalles 2018 Edition | Your Son's Foundation For Life.

I wish you all a restful holiday and a blessed Christmas.

Mr Lance Veenstra
Headmaster

SPEECH DAY

Thomas Mitchell and Jordan Baxter shared the award for Sportsman of the the Year; Mr John Campbell - Chairman of the the Board of Govenors; Sikuwe Msibi - John Fowler Good Fellowship Award; Ruben Marx - Headmaster's Award; Mark Brombacher - Dux of School 2018; Mr Lance Ventrata - Headmaster and Mrs Debra Martin - Guest Speaker

SPEECH DAY

Address by the Chairman
of the Board of Govenors
Mr John Campbell

Our Headmaster Mr Lance Veenstra, Board members, special guests, staff, parents, grandparents, boys and old boys. Welcome to Cordwalles on this very warm Maritzburg day.

Our guest of honour, Debbie Martin, thank you for sharing this special day with us. We look forward to hearing your message to our boys.

This significant day in the life of Cordwalles is greatly enhanced by the presence of our special guests. There are a couple of gentlemen here, who enjoyed a Cordwalles education ending more than 60 years, in some cases seventy years ago. These include, Liebie van Heerden, Viv Biggs, Fred Palmer, Gary Raffé and John Fowler. Your ongoing commitment and contribution to Cordwalles is admirable and has been most generous. Thank you for always being part of this special day. Grade 7s we hope to see you here in 70 years time.

It gives me great pleasure to welcome George Harris, Headmaster of Hilton College and Paul Fleishack the Rector of Michaelhouse, Matthew Marwick from Maritzburg College and Allen Von Blerk from St Charles. We appreciate you taking the time out to attend our speech day and witness first hand the talent that is heading for your schools next year. More than 80% of our boys are attending your high schools next year and we are thankful to you for always working so closely with us to ensure that our boys have a high school to go to.

This is the largest Grade 7 year ever at Cordwalles with 63 boys leaving today. There are number of us here today, including myself, who are feeling overwhelmed at the thought of our boys leaving this incredible school. | said to Ang this morning that one of the many benefits of having three boys is that the Cordwalles experience just never seems to end. We still have one to go. Cordwalles has engaged us in a farewell experience that will be fondly remembered for the duration of both our parentsâ\200\231 and boysâ\200\231 lives. Our leaversâ\200\231 dinner was a celebration of memories both humourous and meaningful, but more than that a demonstration of what a Cordwalles education produces.

On the Saturday morning we enjoyed a chapel service where Richard Kinvig handed out the Old Boys ties and shared the significance of these ties and how they must always be a reminder of the role Cordwalles played in your success in the future. This was followed by a dads and lads cricket game which not only reminded the dads that its far easier said than done, but also that age is taking its toll. On behalf of the Grade 7 parents | express our sincere gratitude to the staff of Cordwalles for the impact that you have had on the lives of our boys.

Today is an opportunity to reflect on the year that has passed and a celebration of success and achievement. Congratulations to all

Cordwalles 2018 Edition | Your Son's Foundation For Life.

the boys who received
awards in the final

assembly on Wednesday
and who will be receiving
awards today. To the
Cordwalles leavers, well
done on your achieve-
ments, progress and contribution to Cordwalles over the years
as pupils here. Embrace all your high schools have to offer and
we look forward to hearing of your continued success in the
future.

News from the Board:

This year has only seen one change to the Board and that was
the retirement of Ron Nicholson, who served as the school
chaplain for the past 10 years. Ron celebrated his 80th birthday
just last week. Thank you Ron for your contribution to Cordwalles
and the difference you made in our boys's lives.

After almost a year of construction, in February this year we
celebrated the consecration of the chapel, attended by more
than 400 guests from the Cordwalles community. As an Anglican
school the Christian faith forms the cornerstone of our school.
It was humbling to witness what this historic day meant to so
many people and again a big thank you to everyone who made
this possible.

Our purpose at Cordwalles is to build a boys's
best foundation for life in a changing world.
This starts with embedding our values and
growing the culture and ethos of the school.
This year the school formed a diversity
committee which gave us the forum to
consciously address the differences between
all of us, be it race, religion, sexual orientation
or marital status, and shared how we can
engage more effectively with one another to
ensure that Cordwalles is inclusive in every way.

Our community initiatives continue to be hugely successful, The
PA, under the guidance of Rob Mitchell, continues to do a
brilliant job of the Mudman. This year they raised over R350 000.
Mr Gasa, the Headmaster of Ashdown Primary School, is here
with us today and ever so grateful for the contribution that we
make to Ashdown. Other funds from the PA went towards

improving the acoustics in the dining hall, our new electronic scoreboard and air conditioning in some of the classrooms. Thank you to all the members of the PA for your support.

Our Jackson and Sapphire scholarship programmes continue to give boys from disadvantaged backgrounds the opportunity of a privileged education at Cordwalles. Early this year Ali Kingsley, very kindly embarked on a project to contact all the Jackson Foundation boys who had been through the school. The boys reflected on what Cordwalles had meant to them. Here are some of their comments: "a unique bonding experience", "Cordwalles taught me so much about myself", "I never felt out of place." "The scholarship brought my family together and gave us hope." "There is a place for everybody at Cordwalles" "The staff were like parents to me." This is a testimony of what we achieve at Cordwalles. Well done to our Jackson and Sapphire boys. Moving to the classroom. Our teachers have the task of opening up a new world to our children. Whether it is discovering the joy of a good book, the wonder of science, the thrill of competition or the pride in a challenge overcome. There is no task greater than preparing our children for a world yet to become a reality. Beyond maths, reading and writing we need to teach our children problem solving, resilience, creative thinking, teamwork and the ability to adapt.

Duncan Greaves, our Head of Academics, and his team have spent the last 3 years evolving our educational programme to provide a holistic, balanced curriculum which focuses on equipping the boys with 21st century skills. The Board is confident that the academic curriculum at Cordwalles is world class and most importantly preparing our children with the skills they need for their future. On this note | express our sincere thanks to these people who do so much of the work towards our children's success. Our teachers are amazingly dedicated people and one of Cordwalles's strongest assets.

Our cultural department continues to impress, Kerry Peckham doing wonders in the art room, the drama departments production of Joseph inspired by Mrs O'Donoghue, and Mrs Blunt and her team engaging more than 40% of the boys in music. The Board has confirmed an exciting project for next year will be a renovation to the music rooms and drama area, | know Mrs Blunt has waited for this for many years. Work will begin in early 2019.

This year we saw the completion of a R5 million renovation to the boarding house. The boys have new sleeping areas, beautiful ablutions and some very well-planned social areas. Thank you to Brendan Bailey and the boarding staff, for their guidance and patience during this renovation. Our goal to become a centre for boarding excellence is well on track.

The safety of our boys and staff is of highest priority and along with increasing our security for visitors at the gate, we have installed a new electric fence around the entire back of the school and installed state-of-the-art CCTV equipment. We have no crime to report on except for boarders sneaking down fire escapes in the late hours of the night.

Cordwalles continues to excel at their sport, a medium where the

boys learn a very different sets of skills to the classroom. We are very fortunate to have a mix of experienced coaches and young enthusiastic coaches involved in our coaching. This is complemented by professional coaches, Mandy Wheeler, Darren Mortimer and Chris Folker. Thank you to Dave Evans and his team for the magnificent grounds and facilities and to Luke

Hounsom and the coaching staff for all they do in the sport department. The Board has agreed to the upgrading of our cricket nets in 2019, with longer term plans of a sports centre.

In summary, Cordwalles is in a good place, economic conditions are tough, and we are all feeling this at home and in business. I must compliment Lance Veenstra and his team for being agile and able to adapt to ensure that Cordwalles thrives even through adverse times. An opportunity that arose through this challenging time was the starting of a Grade RRR. In no time at all Ruth Forder had eighteen 4 year olds committed to Cordwalles for 2019. The marketing team go to great lengths to attract boys from all over Africa and although our numbers are down from the highs of two years ago, we are confident in the efforts from the school.

Thank you to Graham Evans for chairing the Cordwalles Trust under the watchful eye of Fred Palmer and guidance from Andrew Smythe. The trust was set up to help fund the out of the ordinary school expenses, which include bursaries, staff development and some capital projects and has certainly been a great help to the school.

Thank you to all our parents and guardians for not only recognizing the importance of giving your children a world class education, but for choosing to give them the opportunity to attend Cordwalles. Many parents have also chosen to get involved in the school, be it as a class mom or helping on the PA or even just supporting your kids at a sports games. We are hugely appreciative of this and so are your boys.

Thank you to our Bursar Antoinette Hankinson, for your continued diligence in making the numbers work. We really appreciate all you do for Cordwalles. Thank you to the Board and especially our committee heads Kim Peddie, Franci Leppan, James Wardlaw, Rich Kinvig and Rob Mitchell for the time and dedication they give to Cordwalles.

Last but not least, our Headmaster, Mr Veenstra I can't believe you have been at the helm for 3 years already. I know at times you have significant challenges to deal with and often feel quite isolated in your role. We are hugely grateful for your sincere enthusiasm, integrity, passion for Cordwalles and continued humble leadership.

Wishing you all safe travels and a relaxing time with your loved ones over the festive season. Thank you.

Mr John Campbell
Chairman of the Board of Governors

Cordwalles 2018 Edition | Your Son's Foundation For Life.

SPEECH DAY

Address by the
Guest of Honour
Mrs Debra Martin

Thank you for the invitation to share this auspicious occasion with you.

It is wonderful being back at this special school which has a real hold on my heart. My husband, Alan and I spent so many good times watching sport, plays, cook offs, go karts, market days, musical concerts, prize-givings and we were stalwart supporters of the legendary 100 Club. Not to mention Mudman as Alan conceived the idea as a fundraiser for Cordies and he worked tirelessly with Ruth Forder and others in getting it going.

So much so, that when a young athletic-looking boy, Murray Starr, walked into my Grade 8 class at Maritzburg College, he gave me a big smile when he realised that I was his English teacher and announced triumphantly, "I know you! You're Mrs Mudman!" And indeed I am.

Today I'm going to focus on you boys and share some thoughts and hope that you will remember some of these handy hints for life!

Cordwalles is a school I admire enormously as it really focuses on the holistic approach of what is best for you boys. While the benefits of excellent staff, top facilities and beautiful grounds are obvious, a subtler aspect is the hidden curriculum of learning sound life-long values and enduring friendships.

An example of these enduring Cordies friendships which has intrigued me is that when our sons, Tom and James, return from the Cape during the holidays, they always meet up with a group of past Cordies boys, with the WhatsApp group the Burra Boys and they go to the Thistle Hotel for a curry and plan some golf. A touching moment as a mother was when they invited the moms on the one occasion and we had a great meal with the young men - and I don't think it was only so we'd pay!

What is important about this group, and no doubt other similar ones, is that these young men were in various grades at Cordies spanning four years and they had attended different high schools and universities, but that Cordies bond is there and they still look out for one another.

The Cordies brotherhood is real and is an aspect you must safeguard. I hope that many of you boys in this marquee may keep in touch and enjoy your bond throughout your lives - so please make the effort with old Cordies friends

I spent nearly twenty very happy years at Maritzburg College. As a teacher, I loved the energy, humour and camaraderie of the

boys, and when each
matric class left, | held my
breath and prayed for
their safety as risk taking
and living on the edge
awaiting the next adven-
ture, seemed part of being boyish.

So often when a boy was sent to me for some misdemeanour, his
opening words were, 'I didn't think that...' and you know, the
truth is, he probably didn't. Thinking of consequence is not
something which comes readily to young men, and as friends,
you need to guard one another to think for 30 seconds before
you decide to do something edgy. It's referred to as 30 Seconds
of Madness and is responsible for so many poor choices.
Parents, one of the most important things you can teach an
adolescent boy is consequences - it could just save his life. |
know as mothers, we tend to view our children through rose-
tinted glasses but to any mother who says that they know that
their son would never do a particular deed and that he would
definitely be honest with his mother, | need to say, 'oh yes?'
There's a good reason for the impulsive behaviour which boys
are more prone to, and that is because the frontal lobe in males
takes longer to close only when you're about 25. Michael
Gurian was one of my gurus when | was teaching boys, and his
story about Charlie illustrates the 'I didn't think that...' behavi-
our
very well...

When we were 13, my friends and | had this game. We'd go
down to the basement where it was completely dark, and each of
us would find a hiding place. Then someone would start the
game by turning out the lights, and we'd try to hit each other with
darts. You'd think you heard someone make a noise, and you'd
come out of your hiding place throwing darts but cringing
because you were fair game too. There would be complete
silence, and then you'd hear someone yell 'OW!' One time we
turned on the light and a guy had a dart dangling from his cheek
just below his eye.

For you young men, the world awaits, and you will find that you
are exceptionally well prepared for high school. You have learnt
so much without sometimes realising it: such as: crucial people
skills, time management, how to be a team player, winning and
losing, and your foundation for academics has been laid firmly.
From my experience of teaching boys, the stereotype of the
Cordwalles boy was a gentleman who became involved in
numerous areas, and was a loyal friend to others.

With your superb head start, it is expected of you that you give of
your best with enthusiasm and that the lives of others around you

are improved because you have the skills to make people feel more than in your company. With privilege comes responsibility to lead a life of significance.

All of you young men sitting here aim to be successful at high school and as adults, don't you? How will you measure your success one day? I urge you that rather than aiming for success, you aim to lead a life of significance. So what is the difference between success and significance?

Scoring a century, playing the lead in the play and making piles of cash, might make you successful but they won't necessarily make you significant. They do not change the world or make it better in the long term. In the whole scheme of things, they are insignificant.

Joe Ehrman says, "All of us have a responsibility to give back, to make the world fairer, more just, more hospitable for every human being." Success focuses on one's own ambition, desires and sometimes ego, while significance focuses on the positive impact one has on other people. So how do you start leading a life of significance? I would suggest by walking the path of being a good man.

Unfortunately, our society has not always given a healthy view of masculinity and in the past, outdated ideas were heard, such as "boys don't cry", men must be the breadwinners, and a ripped 6-pack is essential. Myths about masculinity have centred around the importance of being athletic, earning lots of money, wielding power in the board room, and of being a slayer. However, these are myths and will in themselves not lead to happiness, nor to being a good man. Being a good man is so much more than that.

Men have as great a variety of emotions as women do, and need the freedom to express these emotions if they are to be well adjusted and happy.

Fundamental to being a good man is the ability to love and be loved in return and the best place to start with this is within one's family. A good man values his family. So treasure yours and let's start by thanking them for the opportunity of a Cordier's education

Research has shown that the most admired quality in good men is kindness. Far from being a soft characteristic, it is the one that defines a person who makes a difference. Learning to love, to be loved and to show kindness are the glue of relationships and for you to lead significant lives as good men, your relationships are key.

According to research, other noble qualities of good men are courage, integrity and determination, or grit. These are traits which others admire and to which you young men of Cordwallers have certainly been exposed. Your school motto of "Courage builds Character" reinforces this.

As schools, we need to reflect on whether we have created adults of quality and this is difficult to measure now as we can really only judge in a decade or two when you young men become life partners, start working, and perhaps become fathers.

Keith Richardson, past Head of Wynberg Boys', comments in his book, "Before the wax melts", on the document put out by the

New Zealand Rugby Board after they had instigated an enquiry as to why the All Blacks' performance had disappointed in the World Cup in 2007. | paraphrase and quote from Keith's book: The 44-page report could be summed up in these words:

A better person makes a better All Black. No mention of results or World Cup trophies. The emphasis was on what makes a better human being a significant one. The report provided guidelines on: how to treat team mates, the opposition, spectators, the bus driver, and the importance of leaving a change room spotless. The result? A long term winning streak and two consecutive World Cup trophies...

This philosophy is epitomised by the action of Sonny Bill Williams after an excited boy ran onto the field after the 2015 World Cup Final and was tackled by an overly zealous security guard. Williams accompanied the young boy back to his mother and gave the boy his gold medal. That is class. That is a quality human being. My Jewish friends would say THAT is a MENSCH. | have known so many quality teachers in my time who understand that their rewards come years later. They see beyond the temporary euphoria of a sporting win, an Eisteddfod Gold or an A aggregate in Matric. They realise that their true role in life is to produce a mensch. So go on each one of you, stand tall as a significant young man, a mensch.

In your years at high school, try to maximise your experience by making friends with people from diverse backgrounds, read (even if you don't like that much a try harder!) and be curious, find out more about your own spiritual needs, get involved at school, work hard, and enjoy yourself.

Imagine that Cordwalles is a high diving board and it's up to you how enthusiastically you propel yourself into high school. Opportunity awaits so back yourself and leap forward as you embrace the challenge.

As you go on your way remember:

To keep in touch with your old Cordies friends

Think for 30 seconds before doing something risky

Seek significance rather than success

Value your family

Show love and kindness

Seek spiritual peace

and may God bless you and hold you in the palm of His hand.

Thank you.

Mrs Debra Martin

Cordwalles 2018 Edition | Your Son's Foundation For Life. 1 1

SPEECH DAY

Grade 7 Leavers Address
Mark Brombacher

Good morning Mr Veenstra, Mr Campbell, members of the Board, Mrs Martin, staff, parents and fellow Cordwalles boys. Today, it is a great honour for me to be able to give the Grade 7 leavers speech for 2018.

A coastline is a dynamic environment, this is because of the actions of external forces such as winds, tides, waves and currents. This is something we learn in Natural Science, but it also describes our time at Cordwalles. Over the nine years that we have been here many people and friendships have changed just like the beaches do, because of external forces.

Life is like a day at the beach, some days are calm and still but others are wild and scary. On the calm days everything goes according to plan but on the wild days it seems like there's chaos all around you.

A X T

il l

i3
e

Cordwalles 2018 Edition | Your Son's Foundation For Life.

On those wild days there can be massive waves, which are great if you have a surfboard, but some days you forget you have a surfboard and have to try and keep your head above the waves. These waves can be challenging to fight and difficult to overcome like stress about exams or arguing with friends. Then you remember your board and ride these waves all the way to the beach.

On some days it can feel like there is so much pressure you are going to melt. But with the right suntan lotion you can tan rather than burn.

Just like the wind and tides shape a beach, so has Cordwalles shaped us, from little balls of energy into men of significance. During our time here we have been taught many life lessons and we have been helped to grow to be the best that we can possibly be.

When you go to the beach you need to remember to pack the correct things to enjoy your day. Cordwalles has given us all the necessary tools to enjoy our day at the beach. Cordwalles has given us a firm foundation on which we can build the rest of our

lies. Here we have made friendships that will last forever and have learnt how to handle challenges and successes alike.

We have learnt to be resilient, brave and courageous and we have been able to discover who we truly are. These are the qualities that we will carry with us into high school and beyond.

To my fellow Grade 7 leavers, donâ\200\231t swim under those big foamy, scary waves, rather use what you have learnt here at Cordwalles and surf them.

Mark Brombacher

Armour for life

These are my number ones. The blazer and tie [wear each day at Michaelhouse. To you they might seem like simple clothing and adornment. But they are much more than that. Though they are light, they carry weight. The weight of integrity. The weight of humility, compassion, courage and understanding. They are my identity and armour. They give me the courage to learn to discover and to embrace the opportunities that life will present to me. And when I leave my school, I will continue to wear them inside of me. My number ones might appear as a simple blazer and tie - but they are the makings of a man.

GRADE 7 SUBJECT PRIZES

The English Prize : Mark Brombacher

The Afrikaans Prize : Ruben Marx

The Natural Science Prize : Mark Brombacher

The isiZulu Prize : Kuhle Mthimkhulu

The Social Science Prize : Michael Sara

The Crookes Trophy - for the pupil who has achieved the highest combined aggregate for Social Science and Natural Science: Michael Sara

The Mathematics Prize : Mark Brombacher

The Raciborski Information Technology Trophy - for interest, commitment and dedication in Computer Science: Thomas Griffin

Smith Family Trophy for Speech and Drama - for his consistently high standard and contribution in Drama lessons: Sikuwe Msibi

Directorâ\200\231s Cup - The van Velden Trophy - for his enormous commitment to the school play, and leading by example: Nkosiye Shoji

Best Actorâ\200\231s Cup - for his versatility and natural stage presence: Michael John van Selm

Art Prize - for a senior boy who shows a flair, talent and love for the subject: Oliver Armstrong

Design Technology Prize - for a boy who displays an aptitude and love for the subject: Luke Hubble

General Knowledge Prize - awarded to the senior boy who has achieved top marks in the termly General Knowledge tests: Sikuwe Msibi

Young Reader of the Year 2018 - presented to a boy whose reading range is both diverse and discerning: Christopher Adam

The Chess Player of the Year: Connor Sawyer

MUSIC

Hallot Trophy - for determination and dedication to music: Sikuwe Msibi

Brent Black Trophy - for excellence in music. This trophy is awarded to a pupil who has a natural talent and works hard to achieve a standard of excellence: Aryan Govender

SPORT

The Fred Palmer Cricket Bat - the open Cricket Player of the Year: James Campbell

The Redfern Trophy - the open Hockey Player of the Year: James Gilson

The Rugby Trophy - the open Rugby Player of the Year:
Ruben Marx

The Cock House goes to the champion sports house
1. Baines 2. Tathams
3. Jacksons 4. Butchers

Tatham Memorial Essay - the best set essay in English:
Jordan Baxter

Twin Streams Earth Care Prize

Donated by Ian and Jean Garland. The recipient displays a love
for nature and an understanding of the environment:

Benjamin Guimaraens

Cordwalles Boarding House Trophy - The Gayle Bastard
Prize - for Boarder of the Year. This is awarded to a pupil who
shows empathy, guidance and reliability within the Boarding
House at all times: Declan Sawyer

Dr Maurice Peters Memorial trophy - for sportsmanship.

Is awarded to a boy who displays humility in victory and
graciousness in defeat, who at all times upholds the ethos of
manners, competitiveness and team spirit, in a balanced
fashion, to the betterment of sport above himself:

Chad Newman

All Round Sportsman of the Year trophy - The Liebie van
Heerden Trophy - This award is based on a points system and
this year it has been impossible to separate the recipients.
Between these two outstanding all round sportsman, they have
represented the school's first teams in cricket, hockey,
swimming, athletics, cross-country and rugby:

Thomas Mitchell and Jordan Baxter

The Whitelaw Trophy - the recipient of this award has been
committed and has achieved worthy praise for his huge
contribution on the sports field, academically, culturally and
spiritually: Jordan Baxter

The Whittle Trophy - for courage, tenacity and perseverance in
adversity as well as continuous application and diligence with
a will to achieve: Kwanele Gumbi

Sally Cornish Trophy - for compassion.
The recipient of this award is well liked and respected by the
boys and is always willing to help others: Oliver Armstrong

The Reed Trophy - for integrity.

Both these boys have a deep sense of integrity and are true to
themselves at all times. They stand up for what is right and are
balanced and principled: Evan Kurz and Michael Sara

The Biggs Family Trophy - for service to the school.

The recipients work hard behind the scenes and give selflessly
of themselves to the betterment of the school:

Mohamed Kajee and Judah Conolly

The Deâ\200\231ann Brooks Trophy - for tribute to Cordwalles, respect for God, others, the environment and himself.

The trophy this year has been awarded to two outstanding gentlemen who have a deep respect for all people, amazing empathy and intuition and are sensitive and caring to those around them: Luke Hubble and Aryan Govender

FINAL ACADEMIC AWARDS

Dux of School - This is a Grade 7 pupil who has attained the highest aggregate over the whole year. He is a young man with

SOUTH AFRICAN SOCIETY OF MUSIC TEACHERS EISTEDDFOD

a will to succeed The 2018 Dux, with an aggregate of 88% is: Piano
Mark Brombacher Pre-Grade 1 Franko Bocking gold
Grade 1 Luke Spear silver and gold
Headmaster's 200\231s Award for Leadership. Grade 2 Robbie Cullis silver x 2
The boy who receives this award has made an outstanding Milan Latchmanan silver x 2 and gold
contribution in all spheres of school life. He sets a fine example Matthew Emmott silver x 2
by always giving of his best in all he does. He has been an Thomas Mitchell silver and gold
excellent ambassador and he has shown a willingness to stand Grade 3 Aryan Govender silver
and bronze
by the values of the school: Ruben Marx

Cordwalles 2018 Edition | Your Son's Foundation For Life. 1 9

2018 Leavers

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Mohamed Kajee

Modest, selfless, unaffected, serving, genuine and kind. All of these great attributes you put into daily action. You are always aware of those around you. You treat everyone with empathy and set an example of how things should be done. You have given so willingly to the sound and lighting department. Your teachers say you are always polite, even-tempered and are a delight to teach. Your friends say you are an amazing listener and they appreciate your soft and gentle nature and they know you are someone they can go to when they have a problem. We will remember your contribution to all the string groups and especially when you were Lady Macbeth.

James Hendry

Reliable, loves Krispy Kreme doughnuts and food in general, very athletic and enjoys video games. When James was in the Junior Primary, his teachers remember him as being beautifully spoken with a twinkle in his eyes. His friends say that he reserves his time, friendship and opinions for those he trusts. One friend said that he is one of the funniest and greatest people he knows and is always good to be around. James as you go off to high school keep on being that sincere friend but please donâ\200\231t watch too many movies on Netflix!

Oscar Bredenkamp

Strong-willed, determined to succeed, great sense of humour and a forgiving nature. Oscar is a

gentleman who has an air of maturity about him. He is easy to converse with and really listens to

what those around him are saying. His friends love his generosity, especially when it comes to McDonalds! Oscar, your gentle soul has stood you in good stead, except when Potipharâ\200\231s wife â\200\224 in the Grade 7 play - laughed at you when you said â\200\234You are mineâ\200\235. We have loved the fact that when you arrived from Zimbabwe you jumped straight into Cordwalles life and got fully

involved. Oscar as you head off to high school, continue being the person who stands up for what you think is right.

Ruben Marx

The kicking king. He is a thoughtful and sensitive gentleman. Ruben, also a â\200\230Zululanderâ\200\231, is happy to stand apart and stand up for what is right, even when it makes him unpopular. He is a self-motivated young man who has excelled in the classroom and on the sports field playing 1st XI cricket and representing his province on the rugby field. His friends say he is quite serious but when he laughs he canâ\200\231t stop. They also say that he will always lend a hand and cheer people up when they are down. However, there is one thing Ruben isnâ\200\231t good at. Apparently he is the worst top player ever. Ruben, we have loved having you at Cordwalles even if it was only for a year and a bit.

Ryan Maskell

Kind, caring and mischievous. Quick to share with anyone. A ball of energy. When Ryan was in the

Inky his teachers remember him being cute and sociable. He loved riding his motor bike and Monday

news was all about the beach, fishing and motor bikes. They also remember he liked to wear a bright yellow T shirt over his other clothes in the Red Group. Nowadays, his friends say he always goes the extra mile and is constantly looking to help people. They also say that he has one problem - he finds it difficult to wake up, even when you pour water over him! So Ryan, as you go off to high school, we wish you well, but please stop diving on the soccer field like Messi!

Tristan Reeves

Our version of Rambo! Hunter and gatherer of possessions, can fix or make anything and the only boy in the school who baths with crocodiles and has lions for pets. He is also the only boy to have ever brought a crocodile for Show and Tell in the Inky. Tristan is one of those people who gets excited

about the pure and simple things in life. He always gives 100% to everything he does whether it is fishing, hunting or on the sports fields. His friends say that he is one with nature and is not scared of anything. Tristan, stay humble, stay original, stay real and remember there are no rules for how to build your dreams. We will miss your stories about Zambia and Mufasa but | am sure there will be lots more stories to come.

20 Cordwalles 2018 Edition | Your Son's Foundation For Life.

Evan Kurz

Evan hangs out with everyone, he knows his birds, he's good at spelling, a wonderful story teller, is encouraging and kind to all. Has been a Cordies boy since Grade RR where his teachers remember him as quiet and well behaved. Evan has an air of quiet commitment and self-assurance and gives 100% in everything he does. In the Junior Primary he kept his class informed about the weekend sport, knowing all the players and final scores. Evan's friends say he is the definition of loyal and has the biggest sense of humour. He laughs at almost everything. Evan, as you leave Cordies, you have the admirable quality of being able to fit in with any group of people. You are a woriderful advert for Cordwalles.

Onke Kweyama

Onke is a capable young man who has natural ability in a number of areas. He is a strong muso who

has shown charismatic leadership in the music department, leading the djembe troupe and has a strong solo voice. He is Cordwalles's own Beast on the rugby field and he is a massive hitter of a cricket ball. He has represented his province in both these sports. Onke has been a superb mentor to the younger boys. One of the young boarders described him as being more than a brother to them, he is in fact a superhero. Onke, your love of cooking is well known so as you head off to high school, remember that a MasterChef award is the most coveted award for a chef to aspire to. It is a journey that takes passion, creativity, individuality, courage, hard work and perfection.

2018 Leavers

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Mark Brombacher

The new Albert Einstein, responsi-
ble and loves his hair! Mark has
been at Cordies since his Inky days
and didnâ\200\231t always like coming to
school. We werenâ\200\231t sure he would
last at Cordies as he ran out the
classroom following his mumâ\200\231s car
in the first week of Grade 1. But he
has excelled both in and out of the
classroom and has developed great
leadership qualities. This was very
evident in the way he captained the
1st XV in a great rugby season. His
friends say he is passionate and
funny in his own way. They also
remember how he loves his hair.
Even when Mr Greaves tells him to
cut it, they say it comes back
longer. Mark, you know what you
want in life and where you want to
go. Now go out there and get it.

Chad Newman

Even in his early years at Cordies,
Chad was remembered for his
charm and great conversation.

Chad has shown courage in the
classroom and has contributed in
SO many areas outside the
classroom too. He has an
outstanding stage presence and
charisma, and who will ever forget
him prancing around in his motherâ\200\231s
fishnet stockings and high heels?

His friends say he is the best golfer

ever. When someone is feeling sad
he will crack a cheesy joke which,
more often than not, makes that
person feel worse. Chad, as you go
off to high school | believe these
two quotes are so apt for the type
of person you are: â\200\234The object of
gold is not just to win. Itâ\200\231s to play
like a gentleman And winâ\200\235 and

â\200\234Charisma is not just saying hello.

It is dropping what you are doing to
say helloâ\200\235.

Aryan Govender

A boy with a mission! He has a
clear purpose with definite goals.
He has a twinkle in his eyes, and is
a fanatical Liverpool supporter.

Aryan has excelled in many areas of school life. He is an amazing young man whose humility and disposition is to be admired by young and old. He has made a huge contribution to the Music Department in drums, piano and rock guitar. His Inky teacher remembers him playing a drum solo in the Inky play and always checking to see if his younger brother was behaving in the Red Group! Aryan's friends say he is full of life and cheers everyone up. They can trust and rely on him at all times. So Aryan as you move off to high school we know that you are going to fly to new heights.

Nkosiye Shoji

Loves KFC, is the Neymar of Cordies, passionate and lively. Here is a young man who has grown into

a talented young leader in his 4 years at Cordwalles. He is the choir captain, house captain of Jacksons

and the heartbeat of the 1st XV

rugby and 1st XI hockey. He has

played provincial hockey and his stage presence and charisma have had audiences watching him since

Grade 5. His role in Joseph as a

narrator was outstanding. Nkosi has also guided and mentored the younger boys in the boarding house

so well. His friends see him as a

friendly joker who has a special talent for tuning other boys. Nkosi, your journey through Cordwalles has come to an end. Everything you now do is for your future. People follow you, so think deeply about the way you wish to go. You are a leader and an achiever.

Thabelo Letjama

Never gives up, hardworking, solid and always does the right thing. Thabelo you have grown so much since you arrived in Grade 5 from Lesotho. You have been superb in the boarding house and have been a fantastic dorm captain for the Grade 4s. Your smile alone will brighten anyone's day. Your tenacity is evident in how you went from the U11C rugby team to wearing the famous brown and white hoops of the 1st XV in two years. Thabelo's friends say that

he lightens the mood with his
cheesy puns and silly jokes. Your
loyalty to the choir and djembe
troupe and your part in the Grade 7
play as an Ishmaelite demonstrates
your talent on the cultural side of
the school.

Hamza Ameen

A gentleman, lovely manners and a
crazy fan of cars. Hamza has a
gentle spirit, is unfailingly polite and
always makes eye contact with you
when he greets you. He is
observant, a great listener and
knows how to adapt to different
situations. Hamza's presence and
speed in the 2nd XV insured a very
successful season for the team. His
friends love the way he can do
funny accents and he is always
hungry after school. His friends say
that he is a fun person to be with
and always has your back. Hamza,
you have wonderful attributes.
Thank you for being the person you
are. We believe the best is yet to
come!

Kuhle Mthimkulu

Loves his food, funny, strong and
cool with the girls. Kuhle is a man
of integrity and has got involved in
all aspects of school life. He played
for the Sharks U13B team and
showed good leadership in the
choir. He has a presence on the
stage where he played one of
Joseph's brothers and sang a solo.
His friends say that life would be so
boring without him and he is not
scared to do anything. They also
say that he loves basketball and
McDonalds. Go well and thank you
for your contribution Kuhle.

Luke Reynolds

Good manners, respectful, sociable
and lots of E.Q. Wow, what an
awesome way to be remembered
by the staff at Cordwalles. Luke is
the fourth generation of his family to
attend Cordwalles and what a
faithful Cordwalles boy he has been
since the Inky. Luke has been a
long standing member of the choir
and has thrived in the creative
environment of the Art Room. He
was a nifty rugby player in the 1st
XV and his try against St Charles
will be remembered for a long time.
His friends say he has a fantastic
selection of tuck, has a very
different walk and loves his dogs.

Luke, continue being that energetic,
friendly, humorous and awesome
friend.

Cordwalles 2018 Edition | Your Son's Foundation For Life. 2 1

2018 Leavers

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Peter Hein

Always has a smile; loves 2 minute noodles, sweets and chocolates; a real farm boy who loves to ride fast motor bikes. Peter is a right-brain thinker who has used his visual talents well in the Art Room. He also has a beautiful solo voice and was a wonderful Benjamin in the Grade 7 play. Your friends say you are loyal, reliable and a cool guy to be around and you are a great tackler on the rugby field. Peterâ\200\231s favourite times at school were tea break, lunchbreak and afternoons but we also saw his hard work and strong mind shine through in the classroom. We have loved having this young Underberg farmer at Cordwalles.

Seth Abrahams

Excellent moral judgement, always encouraging, loud and energetic. Sethâ\200\231s Grade 1 teacher remembers his strong sense of smell. He could tell to whom lost clothing belonged by smelling it! Seth has matured since he was Joseph in the Inky play and was a brilliant Arial in the Grade 3 play. He was born for the stage as we saw this year in his confident performance as one of Joseph'â\200\231s brothers in the Grade 7 play. Seth has been a solid member of the Music Department where he is a good guitarist and has a lovely solo voice. His friends say he always has food to go around and is sharing and caring.

Michael Sara

An enquiring mind, sensible, a dry sense of humour and extremely determined. He is a creative boy who has made an excellent contribution to the Music Department. Michael shone on stage as a narrator in the Grade 7 play. He has a broad general knowledge and won the public speaking competition this year. He has excelled on the sports field, playing 1st team hockey and cricket and showed lots of courage on the rugby field. His friends say that he plays every sport with his heart and he can answer all the questions in

class. They also say he has a great personality and is a human dictionary. Michael, as you head on up the hill, don't lose your liberal outlook and your ability to voice it.

- - S -

Oliver Armstrong

A natural artist who has a talent for all musical instruments. He is always happy and smiling. He has a knack of putting people in a good mood. He loves to get involved in everything. Wow, Ollie has come such a long way from that homesick little Zululand boy who arrived in Grade 5. Now the captain of Baines House and a key player for the 1st XV. Your friends say you are a true all-rounder and the friendliest guy you will ever meet. They also say you are the master at mind maps. Ollie, with all your natural talent, you are going to fly at high school. Watch this space.

22 Cordwalles 2018 Edition | Your Son's Foundation For Life.

Luke Hubble

Laughs a lot, is good at funny accents, talented, kind and caring. Luke has made the most of his opportunities and has been outstanding in all areas. His Inky teachers remember him as always being ready to take on a challenge and persevering until the task was complete. His love for basketball is legendary and who will forget his beautiful solo part in Joseph as Pharaoh? His friends say that he is serious in class but hilarious on the fields and most probably the only person you want to be with for orienteering. Luke is a great character and thinks that everything he wears is swag. Luke you have been both loyal and trustworthy. Keep this up and the world is your oyster.

Yanga Ndamase

Very funny and an awesome friend who never backs down from a challenge. Yanga has a gentle spirit and a heart of gold. This was so evident in his interaction with the children at Thandi House, an orphanage in Pietermaritzburg.

Yanga's friends say that he loves to talk about boxing and his laugh is funnier than the joke. At times he will laugh for hours at one bad joke. Yanga excelled on the rugby field this year. Having started off in the U10D team, he made his way up into the 1st XV. Yanga, remember the true character of a man is not what he does in front of a crowd but instead what he does when no one is watching. Remember to always be yourself, unless of course, you are being a Superhero.

Jordan Baxter

Dedicated, polite, not afraid to speak his mind and a friend to all. Jordan is a very grounded young

man who has excelled in all areas at

Cordwalles. He embodies the many values that Cordwalles holds dear. His quiet determination drives him to work hard for his goals. He is a great sportsman, incredible in the classroom and a muso with much potential. His friends say he is a

skilled dancer and makes sure

everything is fair. They also say that he loves eating but never gets fat. Jordan doesn't lose your awesome sense of humour but please don't eat too many potatoes as you head

off to high school.

James Gilson

Creative, fearless, a natural leader and reliable. James arrived at Cordwalles from Underberg as a bundle of energy. He shares his energy with everyone he comes into contact with. His Grade 3 teacher remembers an oral he did on "My Passion." James spoke about polo and wore all the polo kit. As one of his friends said, he is a polo and hockey legend. His friend goes on to say that he can skill anyone in hockey, but if he loses the ball, he will do anything to get it back. James is a kind and caring young man who likes everything to be fair. He has led his Cordies family well and his captaining of the 1st XI hockey side meant much to the success of the team. So James, as you gallop off into the sunset of your Cordwalles career, there are many more exciting sunrises awaiting you.

2018 Leavers

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Jaden Adam

An awesome builder and a great friend. He drives tractors, is very chatty and relates well to adults. Jadenâ\200\231s friends say he is very quiet during school but funny and energetic when outdoors. In the Art Room Jaden is a wonderful helper who is perceptive and thinks out-of-the-box. Jaden, as you head off to high school, keep on being the kind, well-mannered boy who is always friendly and helps everyone when they need it. Surround yourself with the dreamers and doers, the believers and thinkers, but most of all surround yourself with those who appreciate the greatness in you.

Luke Warren

Very good at building forts; a likeable â\200\230skelmâ\200\231; a typical boy; Mr Charming (with a capital C). Luke is a talented all-rounder who cruises through each day. He is an extrovert who bubbles over with enthusiasm. He has an uncomplicated nature and is easy to befriend. Luke loves to chat and can relate an experience with great enthusiasm. Luke loves his free time where he has built many tree houses, ramps and swings. Luke is starting to find his artistic potential and sings beautifully in the choir. His friends say he puts in some weird and funny one liners when they are in bad situations. Luke, as you move off into high school, donâ\200\231t lose your curiosity and creativity. Please always retain that tremendous spirit of adventure.

Ahmed Noorgat

Beautiful smile, grounded, well-mannered and a big Liverpool fan. Ahmed is always willing to try a new challenge, and does so with a smile. He has a high E.Q., is mature and sensible and has been a great leader in his Cordies Family. Ahmed was a brilliant Mrs Potiphar in the play Joseph, where he had such presence and unintentional comic effect. His friends say that he loves to talk about â\200\230Fortniteâ\200\231 and they will miss his wonderful sense of humour

and his good natured bantering.
Ahmed, one more thing your friends
will miss is watching out for your
new car from the top of the balcony
every day.

James Campbell

Respectful, good natured, verbally
strong and a kind and decent
human being. James is a young
man who stands up for himself and
is not afraid to show people his true
colours. He has done well on the
sports field playing 1st team tennis
and captaining the 1st XI cricket
side. He played cricket for his
province. A friend said that James
loves his tennis, but not as much
has his cricket and his friends. He
was also a most beautiful chorus
girl in the Grade 7 play. James is
seen by his peers as someone that
is supportive in difficult times and
someone that tells a good joke. So
James as you head on up the hill,
carry on being strong but not a
bully, kind but never weak, bold but
never over powering, humble but
never shy, confident but never
arrogant.

Njabulo Kunene

Friendly, loves dinosaurs, funny,
always helpful, silent and respectful.

Njabulo, we have loved seeing you
grow from a young boy in Grade 4,
(who always covered your ears
because you said there was too
much noise) to a young man who
came alive on stage this year,
singing a solo in Joseph. Your
peers say that you may seem quiet
at first but are actually very
talkative. We have seen how kind
and considerate you have been to
your brother and how you always
help your friends with their
problems. Njabulo, remember that
silence can be a sense of great
strength. Everyone's true colours
show eventually and we have
certainly seen yours.

Matthew Emmott

Loves his friends, loves computers
and will help with anything.
Matthew has really come into his
own this year. He has been a faithful
member of the choir, an excellent
Jacob in the Grade 7 play and a

great captain of the 6th rugby team.
His friends say that he is a smiley
guy with great ambition and
Emmott is the name to call when
you are stuck on the computer.
Matt, the longer you have been with
us the more comfortable you have
become in your surroundings. We
will watch your progress with
interest at high school as we know
the best is still to come.

Jason Dix

Eternally optimistic, cheerful,
competitive, mischievous with a
huge E.Q. Jason has shown
courage in many areas and
definitely lives up to the saying
â\200\234dynamite comes in small
packages.â\200\235 His performances on
the rugby field this year will be
remembered for a long time to
come. His competitive tenacity is
always displayed with a fairness to
all. Jason loves to crack a dry pun
and apparently never has a bad hair
day. Jason has contributed in all
areas of sport at Cordwalles, having
played 1st team rugby, cricket and
hockey. Jason, carry on being that
person who perseveres. We look
forward to seeing you retain that
tremendous zest for life.

Sholly Lawal-Solarin

Most hilarious and infectious laugh;
Cami Maths speed test champion;
loves to argue a point. His Inky
teachers remember him as a little
boy who had a thirst for knowledge
but he also used to get quite tearful
when he injured himself. He will be
remembered for his gorgeous long
news stories in Grade 1. Sholly, with
his beautiful smile, has come a long
way since he was a mermaidâ\200\231s
sister in the Grade 3 play. He is a
committed â\200\230musoâ\200\231 with a happy
disposition. Shollyâ\200\231s friends say he
is very talkative, in and outside the
classroom, but still knows
everything that is happening around
him. They appreciate his great
sense of humour and how he uplifts
those around him. Sholly, there is
never a dull moment when you are
around.

2018 Leavers

Jack Williamson

Sensitive, caring, unfailingly polite and has great empathy. Jack has come a long way since he arrived here in Grade 5 as a very homesick boy from East Griqualand. He has the manners of a true gentleman and is quietly confident. Polo is his life, his pride and joy. He is a true farm boy. His positive attitude and great pace made him a valuable member of the 1st XV. He is a happy, friendly chap who helps his friends out when they are sad. Jack you have shown perseverance and courage in your years as a boarder at Cordwalles. These will stand you in good stead as you move onto bigger things.

Huntley Price Moor

Huntley is a typical farm boy who is passionate about the outdoors. He gets very excited when people talk about hunting and fishing. Huntley is a creative thinker in the Art Room and loves spending time on the cricket field. His friends say he always has a smile on his face, is easy going and gets on with everyone. They tend to get nervous when they motor bike ride with him because of how fast and daring he is. Huntley, as you ride off to high school, keep on being that loyal friend who people love to be around and remember a bad day fishing is better than a good day at work!

Sikuwe Msibi

Sikuwe has had a very good innings at Cordwalles and has grasped all the opportunities with both hands.

He is an outstanding â\200\230musoâ\200\231 who has made excellent progress in violin and on the piano. His good E.Q. is evident in his dealings with the younger boys in the boarding house as well as his Cordies Family.

They also say he is a caring, funny guy who has a way of picking you

up when you are down. Your talents and strong work ethic are going to allow you to fly at high school. Continue being a servant leader and we look forward to seeing you tackle your future, just

like the big tackles you will always
be remembered for.

Tariq Mahomed

A good heart, king of â\200\230memesâ\200\231, best
manicured hairstyle and quick
witted. Tarigâ\200\231s Inky teachers
remember him as being a sensible
boy who was always alert and
eager to learn. They also remember
how he always wanted to take the
lead role and had a strong sense of
right and wrong. All these years
later Tarig has grown into a young
man of few words who is popular
with both staff and peers alike. He
comes across with an air of quiet
respect and is someone who his
friends say is balanced, has a great
sense of humour and a person you
can always count on. Believe in
yourself Tariq and we know you
will go far.

24 Cordwalles 2018 Edition | Your Son's Foundation For Life.

Matthew Louw

Matthew is a typical Zululander. His
happy place is in the bush, where
he can be outdoors fishing, hunting
and riding his motor bike. At school
Matt can often be found barefoot -
he hates shoes. He loves building
forts in the forest. His friends say
that he can be mischievous but is
always helpful and enjoys fixing
their bicycles. Matt is a creative
thinker and a problem solver who
can be bright and charming. Matt
use these wonderful qualities and
think deeply about the way you
wish to go. Matt you are a natural
leader. People follow you. It is time
to decide how you would like
to lead.

Adam Cole

Quiet, unassuming, at home on the
farm and a very good friend to
others. Adam, you come from a
family that has set an example of
love, loyalty and commitment and
you reflect this. Your friends call you
the â\200\230white Zuluâ\200\231 and say you can be
quiet in class, but with your friends,
you can talk forever. Adam, as you
go off to high school, we will always
remember you for your kind heart,
you are a giver and not a taker. A
wonderful trait to have and this is
what will bring you much happiness
in the future.

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Ethan Leppan

Impeccable manners, a hard grafter, loves to tell stories in full detail and is always generous and kind. Ethan is a very together package. He is confident and prepared to stand up for what he believes is right. Remember the days in the Inky when he could not move without Teddy? The two of you were glued to each other. His friends say he is funny and kind and loves cricket so much he even plays cricket games on his PS 4. They say he is the best person to be with in situations like â\200\230Movie Nightâ\200\231. Ethan with your serious exterior and mischievous inner self we know that you are going to fly at high school. Keep on growing and standing up for what you know is right.

Judah Conolly

An awesome â\200\230musoâ\200\231, creative, great E.Q, likes things to be fair and has a broad general knowledge. In Grade 3 Judah is remembered as a fun, shy boy who had a cute sense of humour. He blushed easily and never said an unkind word. My, things have not changed! Judahâ\200\231s friends enjoy his company and they admire his ability to learn and tell jokes at the same time. They say his laugh is infectious and makes other people laugh. Judah has a presence on stage and was an amazing narrator in the Grade 7 play â\200\224 Joseph. He has managed to strike a fine balance between his many commitments and has done equally well in all. Judah is unfailingly polite and relates well to his peers and teachers alike.

2018 Leavers

Tayedza Jaravaza

A very fast athlete, fun to be with, not afraid to speak his mind, an independent thinker, insightful and always owns up when he is wrong. That's what makes you stand out Tayedza. You have fitted in so well this year and have got fully involved in all areas of Cordwalles life. Your contribution to the Music Department was immense. You did well on the rugby field and the little boys in your Cordies Family listened intently when you gave your opinion. Taydeza, even though you were only with us for a year, you have been a great addition to Grade 7 and have contributed much to the ethos of Cordwalles.

Jordan Benians

A funny, cool guy who always has a trick up his sleeve. There is never a dull moment when Jordan is around and he always has a smile on his face. He loves his gadgets, his drone and fishing. His friends say he is a beast on the rugby field and that when he runs at you, you had better get out of his way. Jordan may have this tough exterior but he shows his sensitive, caring side when dealing with the younger boys in the boarding house. Jordan, continue to carry yourself with grace and confidence. We look forward to hearing your success story as you tackle the new world of high school.

Olivier Gaboreau

Loves the outdoors, quiet, co-operative and respectful. Olivier we still remember the day you and

your brother came for your

interviews and the beautiful manners that you displayed. Nothing much has changed since those days. You still love the outdoors, fishing and hunting. Your friends call you Gabbers and say that you are funny and positive and that you always have a story to tell. Your love for tennis is noted and as Venus Williams said "Tennis is a mental game. You win or lose the match before you go out there" Olivier you deserve to win in life so

make every shot count.

Christopher Adam

Loves reading and fishing, has great general knowledge and is awesome on the drums. Christopher is very comfortable in the outdoors where all his strengths come to the fore. He is a boy who stands up for what he thinks is right, has courage and never holds a grudge. Christopher has grown in confidence this past year, becoming more independent. His friends say he has a great personality, loves the Wild Coast and spearfishing. He also likes to tell stories about himself. So Christopher, as you enter the next chapter of your story, remember that the biggest challenge is going to be to remain true to yourself in a world that is trying to make you like everyone else.

Matt Mason

A real gentleman, serious, hardworking and determined. He is always eager to do the right thing.

Matt is such a good advert for a Cordies boy. He started in Grade RR and has grown into a well-mannered, engaging young man with bright shiny eyes. He has come into his own this year in the Music Department and has been 100% dependable. Matt's friends say he is a charmer of note, funny, good company and loves to chat and laugh. They have also noticed how the younger boys in his Cordies family look up to him because of his caring and helpful nature. Matt, your wonderful manners and great values will stand you in good stead as you head off to high school next year.

Tristan Ardã©

Silent assassin, unfailingly polite, mischievous and always honest. Tristan is a good person to be around. A real farm boy who loves to fish and hunt. His friends say that he has thrived in the boarding house where they enjoy his sense of humour. They also say that he is quiet and innocent in front of the teachers, but with this friends, there is a naughty twinkle in his eyes. Tristan, you have only been with us for two years but you have made

your mark. We know that you are going to fly at high school.

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Robert Butcher

Salt of the earth, engaging, always has a smile on his face, knows what is right and wrong and is a boysâ\200\231 boy. Rob is a sensitive young man who interacts with everyone. He has grown so much since he arrived as a homesick young boy from Malelane. Rob has had a successful rugby and hockey season and is starting to realise his creative potential. His friends say that he really enjoys being on the farm, loves fly fishing and is very chilled. He tells a good story too. Rob, we have loved having you at Cordwalles, we wish it could have been for longer.

Luke Marshall

Luke loves a laugh and a joke; he has courage, character and is self-assured, has shown so much personal growth, tries hard and does not like to disappoint. He is very talented musically and has been a valuable member of the choir with his beautiful singing voice. Luke enjoys spending time outdoors and loves being around his friends. They say that he talks a lot but always has a smile on his face. They love his sense of humour, especially how he is always making people laugh. This is sometimes at the wrong time, but he makes it feel like the right time. Go well Luke, and thank you for your contribution to Cordwalles.

2018 Leavers

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Kyle Walker

Charismatic, a strong leader,
opinionated and loves his chicken.
People are drawn to this Zambian

crocodile farmer because of his
caring and friendly nature. His
friends say he is always smiling, has
a deadly cough and a contagious
laugh. Kyle has been a boarder at
Cordwalles since Grade 4 and is
now part of the furniture. The
boarders love him for his over-exu-
berance. He is always well meaning
and never gives up in a debate.
Kyle has worked hard for
Cordwalles on the sports field
having had very good rugby and
cricket seasons. Go well Kyle and
we look forward to hearing your
success stories in the future.

Thomas Mitchell

Respectful, a leader, multi-talented,
a B.F.G. His Inky teachers
remember him as being shy and
sensitive and could hardly greet his
teachers. He has excelled in all
areas of Cordwalles life. He has
been a loyal member of the choir
and an excellent soloist. In the
Grade 7 play he owned his part as
one of Josephâ\200\231s brothers. He has
represented his province in various
sporting codes. Thomas, your
friends say that you think you are
Trevor Noah the second and can
change your accents easily.
Thomas you are a leader and
achiever, go well and we will watch
your future with interest.

Fortune Mpofu

Loves to sleep, is appreciative,
polite, loves spare ribs and is a hard
worker. Fortune has had a fantastic

Grade 7 year. He is a natural
performer and long standing
member of the choir and djembe
troupe. He played rugby for the
Sharks last year and broke 5
records at the Inter-House Athletics
meeting this year. Who will forget
his amazing performance at the
Inter-Prep Athletics meeting even
though he had measles. They also
say that his record breaking feats
arenâ\200\231t just for the athletics track, he
also has the record for being able to

sleep the longest. Fortune, as you get ready to leave us, you will be remembered as a giant of a boy whose personal strengths are even bigger than you are.

Ross Mackenzie

Champion mind-mapper; good manners; a perfectionist; always friendly. Ross, we have so enjoyed watching you grow from the quiet boy who joined us in Grade 6. You have relaxed and you really love the company of your friends. You have worked so hard this year and have had a great season in the 1st XI hockey team. They also say you are good at making jokes, always just at the right time. Ross it is exciting to see your creativity begin to shine through. We look forward to seeing you build on this strength. Your love of the outdoors and the simple things in life, will stand you in good stead as you begin the next chapter in your life.

Dylan Peddie

Wonderfully diverse interests, visually talented, a lovely sense of humour and always creating or building something. From an excellent scarecrow in the Inky Nativity to a most beautiful girl in the Grade 7 play, Dylan has always been sensible and reliable and a good influence on his peers. He has a strong thread of steel that runs through him, never complaining and always giving of his best. Dylan's friends say that he may be a quiet young man but when he is just amongst friends he comes alive. They say he loves Fortnite, is a brilliant artist and loves to throw in a funny, odd comment. Dylan, you know what you want in life and where you want to go, now go out there and get it.

Michael John van Selm

M.J. announced it was the best day of his life when he arrived at Cordwalles on his first day. He is the last of 4 brothers to go through Cordies. When we talk about the holistic education at Cordwalles, M.J. is the perfect example. He has shone in all areas of school life. He captained the unbeaten 2nd XV and is deputy choir leader. His outstanding vocal ability and charisma ensured that he won Idols this year; and his performance as

Joseph in the Grade 7 play was what his drama teacher described as a â\200\234teacherâ\200\231s dream.â\200\235 He loves to be around his friends and has an amazing talent for cheering people up when they are down. M.J. with your friendly, likeable and enthusiastic character, you are a natural leader.

26 Cordwalles 2018 Edition | Your Son's Foundation For Life.

Benjamin Guimaraens

A dry sense of humour, incredibly perceptive and always willing to go the extra mile. Benjamin was Mary in the Inky play and has now grown into a young man with a twinkle in his eye and someone who thinks far beyond everyone else. His friends say that he is such a quiet boy that half the time we donâ\200\231t even know he

is at school. They say he cracks very good jokes, likes â\200\230Wacky

Wackyâ\200\231 and â\200\230Blackholesâ\200\231. Ben, it

has been exciting to watch you grow in so many ways and as one of your friends said, â\200\234every single person in Grade 7 respects the mighty Benâ\200\231.

Blake Chittenden

Someone who sticks up for the underdog, an engaging conversationalist, a very good dorm captain, mischievous but kind. Blakeâ\200\231s friends say he is someone they love to be around because he always has a joke and makes you laugh when you need it most. He is a young man who does everything with lots of heart and passion. We saw this on the rugby field this year. Blake loves the outdoors. He is a fisherman, hunter and motor bike rider. Blake we know that you are going to go into the world to do well, but most importantly, go into the world and do good!

Thomas Griffin

Well mannered, a gentleman, a farm boy, a humble individual who stands up for what is right. When Thomas was in the Yellow Group all he wanted to do was to be outside. He entered Grade 1 as a little farm boy with a huge smile. In Grade 3 he loved telling stories about the farm, beef, chickens, double yolks, horses and cross country trails. Wow, now the farm boy has become a smooth saxophonist - quite the package! He loves animals, is sporty, bright and cultured. Tom, your friends say you have an awesome nature and will do anything to make things equal. As you ride off into the next chapter of your life carry on being the delightful young man who is always ready for a game.

Campbell McKenzie

Master joker, loves cricket, hunting and fishing. Campbell has a smile that can never be ignored. His friends love being around him as he can make up a story about almost anything. They say he is over enthusiastic about fly fishing and can't wait for the weekends to be back on the farm. Campbell is equally at home on the cricket field and on the stage where he played one of Joseph's brothers with aplomb. Campbell keep on making raps and making people laugh but please, as you go off to high school, remember to tidy up after yourself.

2018 Leavers

Kwanele Gumbi

A kind and caring boy who listens with his heart. He is always positive and well presented. Kwanele has been with us since Grade RR and has a great attitude. He is engaging and can converse with anyone. Kwanele has been a long standing member of the choir and djembe troupe. His friends say he is amazing and is one of the kindest and funniest boys around. He always has an infectious smile on his face. Kwanele you are a young man that Cordwallles can be proud of. Keep on being there for people in need. A truly wonderful attribute.

Dylan van Tonder

Loves his friends; is a supreme avocado picker; comes alive in the Art Room and is 100% committed to the Music Department. Dylan has come such a long way since he arrived here in Grade 4. From his first visit to Cordwalle's we knew that there was something special about him. Dylan has an incredibly good heart and loves to be involved in everything. He has a way of finding colour in dark situations. His friends say he is great at climbing trees especially Mr Greaves's avocado tree! They also say he is a funny guy who can turn a sad moment into a fun one in seconds, making him a person you like to be with. Dylan, with your lively and playful disposition, you are going to make an impact in the future.

Gregory Lovett

A well-mannered, well-intentioned, solid citizen. A no fuss boy and a very good friend. Gregory is a young man who loves having his friends around him and accepts people for who they truly are. He has been a long standing member of the choir and rock guitar band. Gregory's friends say that he may be laid back but is a well-rounded character who loves his gadgets. Gregory, we are going to miss you. We have grown to love this young man who has laughing fits. But please, as you move off to high school, don't stash snacks in your tog bag!

Martin Lazarov

Martin is a hard worker; tries his best at everything; observes everything. Martin has been with us since Grade RR. He has grown from a small boy into a young man who takes risks and is not afraid to get stuck in. He is studious, quiet in class but really good company. He has a quirky sense of humour, is his own man and not one to be easily influenced. Martin's friends say he is full of jokes and someone you can trust in any situation. Martin, as you leave us after nine years, your dry sense of humour and quiet wit are

going to stand you in good stead.
YYou have your foundation, now go
off and fly high.

Speech by Mr Lance Veenstra at the Leaversâ\200\231 Dinner

Theodore Paviov

â\200\230Teddyâ\200\231, good work ethic, wit of the
year, loves a Steers burger with
extra cheese. Teddy started at
Cordwalles in the Inky and held

hands continuously with Ethan. He

lived in a fantasy world and spent
many hours in an imaginary world of
his own. He has grown into an
intelligent, well-mannered, popular
young man who moves very easily
between different groups. This year,
he was the Butler in the play, scored
heaps of goals for his hockey team,
has a unique style of expression in
art and has been a member of the
string ensemble. Teddy'â\200\231s friends
say he has a great sense of humour,
has a good work ethic and is such
an awesome friend. Teddy you
have a good balance between
culture and academics. With all
these attributes, you are going to go
places!

Cordwalles 2018 Edition | Your Son's Foundation For Life. ||1

A Plan for Every Boy

At Hilton College we celebrate every one of the 570 diversely talented, creative, altruistic gentlemen that make up our school. Our focus throughout a boy's journey with us, is to equip him with the skills to work with others, inventively solve problems and to look beyond himself to better his community, society and country. Central to this is a Plan for Every Boy, fulfilling an environment of opportunity that will serve to establish a lifetime of excellence and service in whichever pursuit he chooses.

We look forward to meeting with you so that together, we can build your son's plan.

Boarding House

After years of research and visits to top boarding schools in the UK and in South Africa, 2018 saw the first phase of the upgrade of the Cordwalles Boarding House completed. The Grade 6 and 7 boarders now have an exceptionally well appointed boarding facility with new showers, toilets, dormitories, common areas, kitchen and storage compartments. The Grade 4 and 5 dormitories are being repainted and we plan to have new curtaining in place before school opens for 2019.

At Cordwalles we remain firmly of the view that no contact between boarders and their parents for a period of 10 days at the beginning of each year is essential to help the boarders to get to know each other and to establish friendships. New and existing boarders were again kept very busy on the first weekend and took part in team building activities and enjoyed a fun filled day on the first Sunday with a braai and many water activities. The boarder masters ensured that their families got to know each other and that everyone felt at home. This helped to set the tone for what proved to be a very happy and enjoyable year in boarding for the boys.

Michael Campbell, Richard Robertson, Christiaan de Jager and I attended the bi-annual Boarding School Conference at Michaelhouse. Presentations were given on the latest trends as well as problems and solutions faced by boarding schools. Much focus was placed on the dangers of social media and the importance of schools (and parents) monitoring what boys are getting up to on these platforms. While social media seems very important to the present school going generation, it was again highlighted how getting to know people face to face was a far more valuable skill. An over reliance on social media could result in the vital ability to build a relationship being lost. Social media really should not be available to boys in their bedrooms at night or in an unlimited manner.

Dr Rob Pluke again met with boys and staff during the course of the year. His interventions, together with our ongoing Big Brother and Big Sister programme, remains a very important part of the pastoral care offered to boarders at Cordwalles. It is a concern to me that boys seem to instinctively buy into the Code of Silence. This is such a dangerous attitude and one that has caused a great deal of harm to countless individuals in many institutions over the years. Cordwalles has a blame free approach to hurtful behaviour and boys are encouraged to seek help from an adult they trust immediately they feel threatened in any way.

Sisters Sue Warr and Linda Mapham dealt with broken ankles and wrists, many scrapes and bruises and long lasting coughs this year. While this is obviously an important part of their jobs, their ability to hug, love and listen is even more important and they are thanked for their amazing patience and kindness.

Xolisile Nzimande, Winnie Mlawo and Fikile Ngcobo do a great deal to make sure that the boarding house is clean and tidy at all times. While certainly not part of their responsibility, they are

often found remaking beds, folding clothes and packing various items for our boys. Their contribution is huge and I sincerely hope that it is appreciated by the boys. Winnie Mlawo retired in December after 21 years of loyal service. We thank her and wish her well for the years ahead.

In her address at Speech Day, Debbie Martin mentioned the All Blacks attitude of better people making better All Blacks. We have been trying to implement a very similar approach in the Cordwalles Boarding House for several years now. We have achieved a great deal of success with the boarding staff and some success with the boys. One aspect that remains problematic is that the All Blacks always leave a room in a better state than they found it. The coach, captain and team leaders set the example and take a major role in sweeping, picking up litter and cleaning. This ability to clean up behind them remains a work in progress for Cordwalles boarders. While some may say that boys will be boys, I think that in line with our value of RESPECT, it is not impossible to get Cordwalles boys to pick up and tidy up any mess they have made.

Our boarder masters and interns contribute a great deal in many areas in the boarding house. A sincere thanks to all for your time, efforts and care. We bid farewell to Travis Clark, Nick Cumings, Ross Hudson, Michael Dedekind and Ariksha Lalbeharee at the end of this year and wish them well on their next adventure.

Michael Campbell, Ruth Forder and Antoinette Hankinson all play a vital role in the successful running of the boarding house and they are thanked for their tireless efforts.

We wish all the Grade 7 leavers the best as they head off to their respective high schools. We look forward to hearing of their successes in the years to come. Thabelo Letjama is congratulated on being awarded the Gayle Bastard trophy for Boarder of the Year for 2018.

Chapel and Pastoral Care

Induction of Tracy Bell

It was with sadness that we said farewell last year to our much-loved past chaplain, Rev Ron Nicolson. We wish him a happy retirement and an opportunity to enjoy his zest for travel and time to potter around in his garden. The Bishop of Natal, Bishop Dino, appointed Rev. Tracy Bell to take his place as school chaplain. Tracy is the parish priest of St David's Church in Prestbury and has been involved for many years in spiritual guidance at St Nicholas Diocesan School. She is also involved with Safe Church work at both Diocesan and ACSA levels. At a service held in our beautiful chapel, the Bishop inducted Tracy as the chaplain of Cordwalles and she quickly slipped into her new role. The boys enjoy her relaxed approach and informality of her services. We welcome Tracy and hope that she will share many happy years with us.

The consecration of the extensions to the
Cordwalles chapel on 9 February 2018

On Friday morning of 9 February, the Cordwalles community gathered together to open and consecrate the magnificent work that had been done to extend and improve the chapel at the school. Bishop Dino officiated and blessed the new building.

It was an enormous honour for me to be invited back to Cordwalles for this significant occasion in the school's history. It was truly gratifying to see a dream become a reality and the outcome of these additions to this building are truly magnificent.

When I was a boy at this school, the chapel was a place I would often come to for quiet contemplation and prayer. This special place has played a meaningful role in my life starting from when I was boy here through to when I was a boarder master and it was my anchor in my time here as the Headmaster. John Steere, who taught here for over 30 years always proudly told us boys that this was the only building in the area that did not have any cracks in it on this very clay based hill above Pietermaritzburg. He said it was as if God had protected it from nature.

It would seem appropriate to reflect on the history of the chapel and how we arrived at this memorable occasion. The Christopher family, in memory of their son John who died of leukaemia, originally donated the money for this chapel on 28 May 1930. The chapel was built and then consecrated in March 1932. Mr and Mrs Christopher's enormous faith and love of God is portrayed in them saying "We have lost our son, but even in this God is glorified." The Latin words "Ad Majorem Dei", appear on the tablet that they installed in the chapel after it was built. This means "To the greater Glory of God".

On this beautiful bronze tablet is a picture of a runner handing over a baton to another runner. The inscription on the tablet reads "The chapel was built by the parents of John Christopher of Selborne Ladysmith in loving memory of their son, a boy of this school, and in the hope that succeeding generations of boys may in worship here gain inspiration of service and sacrifice." It ends with the Latin word "Vitam Lampada Tradunt", which means "They pass the torch of light."

This has a wonderful message for all at Cordwalles. As the Cordwalles community, we are responsible for passing on the torch of light from one generation to the next. We need to ensure that God is glorified in this place.

In the generation before us, Ronald Brooks the third Headmaster, found the chapel rather dingy and depressing. He dreamed of transforming the chapel and that is what he was able to achieve. He was instrumental in beautifying this place of worship by installing the two stained glass windows of St George and St Michael, the tester, the candlesticks, the cross and the arras. All of this was done for the improvement of worship.

It was our turn to pass the torch of light on to the next generation by enlarging the chapel as the school had grown enormously. When I arrived at Cordwalles as the 6th Headmaster in 2004, there were 240 boys at the school and we were able to cope with the chapel size as we split the times of chapel for the Junior Primary and the Senior Primary. However, the numbers grew to 370 and this meant that there was no space in our small chapel

to house the increased numbers. We squeezed boys into every nook and cranny until eventually it became untenable to continue. We knew something had to be done. The dream of enlarging

the chapel was thus born and we worked with Nick Grice to develop a plan to increase the chapel from seating 150 to seating over 300. It was an ambitious plan and dream and yet, through the very kind donations of many, we have been able to make this dream a reality. The renovated and enlarged chapel now serves as our generation's legacy as we hand the baton on to those who come after us.

However, the handing over of the torch should not only be in what we build with bricks and mortar. The Christophers made it clear that we should be handing on the torch of worship and Christian inspiration so that the boys who pass through this school may dedicate their lives to sacrifice and service. Our real challenge as a community is to ensure that this continues and strengthens into the future.

We, all forming part of the Cordwalles community, need to ensure that we encourage a love and reverence of God in this place where there is a dignity and beauty in the worship that takes place in this sacred space. We also need to inspire our boys to search for a deep and abiding faith and at the same time instil in them a tolerance and understanding of difference. As Cordwalles is a boy's foundation for life, it is the chapel that is and should be at the centre of that foundation. The chapel and the worship that takes place in it is the heart and centre of the school. With the renovation and extension of this building, the Cordwalles community can be very proud of its heart and soul.

I would like to take this opportunity of congratulating everyone who has contributed in making this dream a reality. It was a great privilege and honour to be a part of the opening ceremony and I wish all in the Cordwalles community blessings in abundance and many hours of meaningful prayer and worship in this special place.

Pop Idols competitors

MUSIC WEEK

2018 marked the inaugural Music Week, packed with music events from start to finish. We were honoured to welcome Mrs Haylea Heynes (Mr Hounsom's sister) to open the week at our first assembly with two beautiful renditions of familiar songs. Over the week, all 145 of the boys who learn an instrument were able to showcase their talents at the age appropriate recitals, some of them for the very first time. Audiences were smaller and the boys were all able to appreciate each others' successes. Much fun and excitement was had at the interactive quiz sessions held in the music classroom each grade took part and their general knowledge and auditory skills were tested and rewarded accordingly with lots of sweets!

Two separate Pop Idols competitions took place and once again, the judges had a difficult time choosing the finalists. Winner of the singles section in Grades 4 and 5 was Christopher Gilson. Tied 2nd place were Luke Mitchell and Rory Treleaven. Winners of the group section were Lwandle Gabuza, Langelihle Dlamini and Mhlengi Nsuntsha. In 2nd place were Luke Mitchell and Jason Peddie and in 3rd place were Qiniso Ngubane, Nathan Dickason and Joshua Easthorpe.

Winner of the singles section in Grades 6 and 7 was Michael John van Selm. In 2nd place was Callum Henderson and tied 3rd

50 Cordwalles 2018 Edition | Your Son's Foundation For Life.

place went to Ivan Jjuuko and Sebastian Hofmeyr. Winners of the group section were Oliver Armstrong, Nkosiyethu Shoji and Michael John van Selm. In 2nd place were Luc Schraevesande, Luke Spear and Siyamkela Maphumulo and in 3rd place were Connor Sawyer and Lubanzi Zulu.

Tuesday evening was perfect - cold and dark, with fires lit and picnics brought for the campfire evening which took place in the outdoor theatre, where the atmosphere was conducive to song and fellowship.

Wednesday morning showcased the Music Department from Grades 5 to 7. The senior choir, rock guitar, djembe troupe, saxophone ensemble and violin ensemble performed items to the whole school and parents.

The finale, held on Thursday evening to wrap up the whole week was a great success. The winners of both the Junior and Senior Idols competitions were invited to perform once again, along with a few other invited numbers. Tom Usher, Cordwalles old boy (2013) and ex-choir leader, Idols winner and pianist, entertained the audience with Callum Scott's 'You are the reason.' What a way to end off the week's music...a most successful initiative, to be repeated in 2019.

Junior Chess

Despite having only half an hour per week to squeeze in some practice time, on average we had twenty-five very enthusiastic Grade 4 and 5s playing chess every Monday morning before school. It is wonderful to watch the frowns of concentration as the boys plan their next strategic move in an attempt to outwit their opponent of the day. Chess is such an important game and the skills involved help the boys in many different arenas.

Cordwalles 2018 Edition | Your Son's Foundation For Life.

The highlight of the year is always the much anticipated matches against the TWC girls. The boys and girls are pitted against each other in a fairly formal situation, plus they have an opportunity for some excitable socializing! Two rounds of competitive chess are played, with a break in between the rounds to enjoy a delicious picnic supper.

The Junior Chess Champion was Andr  Boshoff.

Mrs Gill Hall

Senior Chess

Chess is a sport for champion minds. This year we sadly had very few boys playing due to the time slot available. We did however make the best of this time and enjoyed some well-played games.

It doesn't think many people realize just how much chess benefits a child or an adult, so I thought we could highlight some key points that have been researched. Chess can raise your IQ within as little as four months of starting and playing it consistently on a weekly basis. The brain works like a muscle and chess has the potential to prevent Alzheimer's disease in elderly people. Chess exercises both sides of your brain, and creates opportunities to see solutions to problems in logical and creative ways. Chess can help increase memory retention and the ability to adapt to changing situations much faster. It increases problem solving skills and for some reason also increases reading skills. It helps with concentration. It really helps with planning and foresight. The most amazing thing chess can do for a person is that it can help a person grow dendrites. Dendrites are the tree-like branches that conduct signals from other neural cells into the neurons they are attached to. Think of them like antennas picking up signals from other brain cells. The more antennas you have and the bigger they are; the more signals you'll pick up. Learning a new skill like chess-playing causes dendrites to grow. But that growth doesn't stop once you've learned the game; interaction with people in challenging activities also fuels dendrite growth.

With all of that in mind you can see why we think that chess is such a powerful and fun sport for our boys to play. Johnathan Baber from Butchers managed to clinch the win for the Interhouse Senior Chess championship. The Chess trophy for best player of the year went to Connor Sawyer who stayed ahead of the pack for the year in his matches. It was nice to also see

boys teaching each other attack and defensive moves during the year. Chess is a sport where we can all learn from each other! I look forward to the fierce battles in store next year with all the talented Cordies boys.

Mr Yasean Khan

Media Centre

â\200\234Reading is to the mind,

what exercise is to the body.â\200\235

There is a poster in the Media Centre with this quote by Joseph Addison. | often refer to it when talking to the boys about the importance of reading and why reading is vital for their developing minds. It is quite funny to watch the expressions on the boysâ\200\231 faces when | tell them that reading is a sport because it exercises their brains!

The Media Centre is a busy multi-purpose venue and a wonderful, stimulating and usually peaceful place in which to spend my working day! | love seeing the boys passing in and out of my area for so many different reasons â\200\224 using the Project Room for research and investigation; coming in to read and discuss the information in the newspaper and on the displays; chatting about and exchanging their library books; watching educational movies; revising for tests; catching up missed work; using the giant world map when discussing their travels with friends; building Lego; playing card games; building puzzles or just sitting quietly â\200\224 or not so quietly â\200\224 chatting and catching up with their friends.

The art that adorns the walls is such a pleasure to see every day and | always marvel at the talent that Mrs Peckham draws out of her art pupils in her lessons. So many visitors comment on the beautiful art.

As in previous years, the boys were treated to another fantastic and entertaining performance by the incredibly talented actors

54 Cordwalles 2018 Edition | Your Son's Foundation For Life.

from Hooked on Books. What a wonderful way to stimulate the boys and encourage them to read! Our annual book sale was again a resounding success with an offering of really good, reasonably price books to choose from. A highlight for the boys was the beat boxing talents of the gentleman who works for Books2You! Thank you to parents for their support of this book sale.

The second Book Week was a great success. The week kicked off with an assembly during which the staff dressed up as a very interesting variety of book characters. Grade 4 to 7 classes spent the week engaged in a plethora of exciting activities and decorating their classrooms in ways related to the book of choice in their grade. Sadly, the reading breakfast picnic could not be held due to inclement weather. Nevertheless, the boys did themselves proud by dressing up very creatively as a wide variety of book characters.

Parents are encouraged to be reading role models to the boys. Being read to by an adult or older sibling is as important for the boysâ\200\231 reading development as reading quietly to themselves or aloud to an adult. Fill your homes with books and if not doing so already, read to your son before he goes to sleep at night. What a wonderful way to end off a busy day!

Mrs Gill Hall

Read Aloud Day

Grade 4 Book Talk by Lori Ann Preston

On Wednesday 24th October, the Grade 4 boys were fortunate enough to be visited by a best-selling South African author â\200\224 Lori-Ann Preston who hails from East London. Lori-Ann has just released her new science fiction comedy for tweens, Thabo, the Space Dude. In this first instalment of what promises to be a much-loved series, eleven-year-old Thaboâ\200\231s parents announce that the family is moving ... to Mars. Lori-Ann shared her journey as an author, played some literary games and gave the boys some tips on how to start writing their own award-winning book!

Pictured with Lori-Ann are Hayden Holt, Sbonakele Khoza, Wenzile Nzuza and Arav Lalloo.

Social Responsibility

PREPARATORY SCHOOL T OR BOYS
0 Your Son's Foundation For Life

The Grade R boys visited The Nest old age facility in Scottsville and did puzzles with the elderly folk. We also sang songs and entertained the residents providing much laughter and delight, adding sparkle to their days .

The Grade RR boys collected food and blankets for the SPCA. They visited the animals and dropped off their donations at the same time.

Grade 1

On Thursday, 6th September, some of the Ashdown Grade 1 pupils came to join our boys for a morning at the Outdoor Classroom. Any reservations brought about by language barriers or the presence of little girls soon melted away and all of the boys and girls enjoyed the walk down to the classroom. It was delightful to see our boys pointing out some of the plants that they have learned about to their new friends as they walked along.

Once we arrived at the Outdoor Classroom each boy was paired with an Ashdown pupil and they set off on a scavenger hunt. Once they had found all the natural items on their list, the children learned how to safely build a fire and had great fun roasting marshmallows over their fire.

The morning was an interesting, enjoyable experience and we look forward to hosting our Ashdown friends again next year.

Grade 2

As part of our Social Responsibility Programme, the Grade 2 boys invited Grade 2 children from Ashdown Primary School to come and visit Cordwalles. Along with their new found friends, they spent part of the morning at the Outdoor Classroom, playing a variety of Literacy and Numeracy games and enjoying the forest on the school's grounds. The Grade 2 teachers from

Ashdown then took the various games back to their school to continue using these in their classrooms, sharing them with other staff and children at Ashdown. Each boy packed an extra snack to share with a child from Ashdown. Much fun was had by all.

Grade 4

Grade 4 went to Ashdown, ready to inspire the 200 Grade 4 children. Our boys taught them our rap song:

- * Reduce, Reuse, Recycle
- + Clean our land
- * Lend a hand
- * Trash for cash
- * Bring your stash

One of the Cordwalles' teacher Grade 4 boys taught Ashdown students how to make a heart from recycled paper pulp and mounted them on board, which would become a plaque to remind them to recycle. Ashdown will be supplying Central Waste with trash and earning cash which they will be able to buy different balls for the children to play with at break times.

L
4

Grade 3

The Grade 3 boys collected a sum of R3000,00 towards stationery for the Ashdown Grade 3 teachers for 2019. These items were delivered to Ashdown by the grade. Whilst we were there, each boy taught a group of Ashdown children how to make a candle holder using the base of a used milk bottle. This was interesting to observe; what a hive of noise and activity! Thanks to the response to our request for milk bottles and to Mrs Peckham's guidelines, the boys, with varying degrees of authority, set about tasking their pupils. The end results were testimony to the effective teamwork and camaraderie; the day was fun and successful.

Grade 4s went to Emuseni. When we got there we sang songs and also said a poem called uGogo. We gave all the elderly people socks and cupcakes. I met someone called Norman and his one leg is shorter than his other leg, so he has a special boot with a very thick sole. Some of the elderly there were blind and some couldn't walk. I felt so

sorry for them and | also felt bad because of all the things
we take for granted. | think we made them really happy
going there and one of the umkhulu was telling us jokes.â\200\235
- Dane Harrison

o7

Cordwalles 2018 Edition | Your Son's Foundation For Life.

Social Responsibility

Grade 6

In the first term the Grade 6s collected pet food which was distributed to the Howick SPCA. The response was excellent and the boys were thanked for their generosity.

The Grade 6s also collected donations and sponsorship for an evening readathon. The boys arrived at school after supper in their pyjamas, armed with their book of choice which they then had to read for an hour. The boys enjoyed the time spent reading and it was interesting to see the variety of books. For those who were sponsored they had to total the pages read, and collect the sponsorship. The evening was ended with much enjoyed delicious doughnuts and hot chocolate. The Grade 6 Ashdown teachers will be consulted with regards to how the money raised should be spent.

58 Cordwalles 2018 Edition | Your Son's Foundation For Life.

Grade 5

Well done to the
Grade 5 boys and
parents for raising
R12 765 for the
Roselands Trust
Butterfly Project.
A huge thank you
for your support.

Grade 7

In September 2018, Grade 7D visited Thandi House in Chase Valley. Thandi House is a home for children in need. The home takes in orphaned and disabled children, as well as abandoned babies. The boys took some teddies and reading books which they shared with the children, as well as a variety of food and donations. We had the opportunity to play with the children on the outdoor swings and equipment. It is beneficial for our boys to see how they can make a difference, albeit small, in the lives of others. Thank you to all who made donations. Driving away from Thandi House it made us realise how important an attitude of gratitude really is and not to just take everything for granted. A truly humbling experience.

â\200\234It made me appreciate my family and | was grateful for my education here at Cordwalles.â\200\235 - Adam

#GoBlue awareness campaign. Jan de Wit, Ruben Marx, Rina de Wit ~ Cordwalles for generously giving of our time and funds to

and Ria Marx, Glynn and Michele Bodley with Guy and James Fender. Support Ashdown. Gresham Wealth were also acknowledged for their support of Ashdown.

Pink Drive Swimathon

Thank you, most sincerely all those who 'gave' of their time, their effort, their great swimming and, of course, their money to raise funds for Pink Drive/MBTM Charity.

Love boxes

John Gilson, Langelihle Myeza and Tahil Nankin proudly displaying some of the boxes that were delivered to Emuseni Old Age Home.

Jordan Benians showing compassion and patience with his Cordies Family team member Sbonakele Khoza, completing the laps in the allocated time.

Visual Arts

The Art Department at Cordwalles strives to create a safe environment where each boy has the opportunity to express his creative ideas and a mutual respect is given. It is a happy place where boys are encouraged to engage fully in the process of art making and learn a variety of skills that will enable them to express themselves independently.

-

5 ' N W ki A x

Caleb Kinvig and Connor Maitland icing their 3-D cake

Problem solving is going to be a key attribute which will be sought after in the market place in the future. Using environmental or land art as a spring board this year, the boys looked at the work of Andy Goldsworthy and where challenged to try it out. The Grade 4s studied spiders and made sculptures out of polystyrene, their challenge was to make a realistic web that could catch giant flies with a ball of string. This was an excellent problem for the team of 4 spinners to solve.

It was clear that the teams who pooled their ideas were more successful. The teams that could also communicate their ideas clearly also found the task easier. It was interesting to watch the teams spinning their webs between the trees in the forest, and overcoming the challenge of how to tie knots and weave a web that could catch giant flies.

4% O B
\

Cordwalles 2018 Edition | Your Son's Foundation For Life.

The Grade 5 boys looked at design and cartoons. They created a bird that could be used as an app image and then carved it out of polystyrene and had fun decorating their characters. The problem they had to solve from natural resources found in the forest was to build a nest for their bird. The nest had to provide shelter for the egg and warmth for the chick.

iyt

AndrÃ© Boshoff, Nathan Forte, Tristan ArdÃ©

Again it was an excellent opportunity to see the boys use creative thinking skills to solve the problem, using only natural resources. Environmental art's aim is to bring boys into an awareness of their environment without using man-made materials to create art works. Everything must be biodegradable.

On the 8th of May an excited group of Grade 6 boys headed off to Ardmore Ceramic Studio in the Midlands.

Their task was to look for ideas for a container that they could make in the style of the Ardmore artists who draw a lot of inspiration from the animals and plants around them. The boys were amazed at the detail that these artists use in their sculpture to capture so realistically the world around them.

It was fascinating to observe how each sculpture is created by a group of artists, starting from the sculpture, then the wheel thrower, to the hands that fire it, paint it and finally glaze it. No wonder they adopt the creed: We are because of others.

The Tatham Gallery was a wonderful spring board for discussion as the boys in Grade 7 viewed the Matric Art Exhibition which show cased work from various schools around the city. The boys saw how, through many different mediums, art can be used to give a message.

The boys in Grade 3, 4 and 5 visited Ashdown equipped with bags of trash to turn into treasure. Art is a wonderful vehicle to bridge many chasms. The Grade 3s collected over 300 milk bottles from which they made water lillies. They used this activity to inspire the children to recycle and bring plastic to school. The Grade 5s sang their recycling song and used coke bottles to demonstrate how to make flowers which brought great pleasure to the Ashdown children. The Grade 4s took buckets of paper pulp with which they had to make hearts with the Grade 4 children to show their love for the environment and to pledge to

recycle. Not only did these projects help our boys to consolidate what they had learnt by teaching others, but it also encouraged Ashdown to take the opportunity to recycle and turn trash to cash, with Central Waste coming on board. The Grade 4s had made up a song which goes like this: Reduce, Reuse, Recycle, Clean our land, Lend a hand , Cash for trash, Bring your stash.

Art is an invaluable subject in which our Cordwalles boys are equipped with creativity, problem solving skills and the lenses to see the world differently.

Arbor Day

This Crowned Eagle visited us on Arbor Day and has since been seen regularly

Cordwalles Arbor Day took place on the first weekend of Term 4. Once again, you as parents have shown your enormous buy-in and support of the project of re-foresting the Cordwalles plantation area with indigenous trees. This year we planted 240 trees spanning 26 different species, all of which are indigenous not only to South Africa, but specifically to the Pietermaritzburg area. Eight of those species have also not been planted at all under the Arbor Day programme for at least the last 3 years!

The boys certainly enjoyed planting the trees, and although many required some assistance, they mostly did a very good job of ensuring that in true Cordwalles spirit, the trees received their own best Foundation for Life.

Indigenous Nursery (owned by Cordwalles old boy Andrew James) once again supplied us with a fabulous array of fine trees and we eagerly await their growth and development on the slope looking out towards Clarendon. If you haven't done so before, do yourself a favour and take a walk down to the Outdoor Class-

The barren piece of slope that was replanted in 2018, along with the greener section of slope just to the right that was replanted in 2017

Meloh Mthembu, Joel Shuttleworth and Amazi Luthuli after having successfully planted an Acacia

room to see what a magnificent piece of land the boys are privileged to experience. With your help and support, our forest really is growing into a treasure within the city limits.

The upside of so many indigenous trees is the return of the birdlife to this area. From small frugivorous species, to insectivores and even a wide range of raptors, one can spend hours simply watching and listening to the birds doing their thing.

But the Cordwalles Arbor Day project is a success story. Harry Jarvie, Neil Bararugurika, Jasper Bruno and Benjamin Bryden with Ms Hubble as they prepare to plant a Wagtail (Ziziphus Mucronata)

Nanniesâ\200\231 Day

This is always such a special day in the Cordies Inky and one that the boys and the nannies look forward to with great anticipation. The purpose of the day is to give the boys a chance to â\200\230show offâ\200\231 to their nannies what theyâ\200\231ve learnt and how they spend their days...and â\200\230show offâ\200\231 they do! A morning activity in the class-rooms is followed by outdoor activities that the boys love.

The nannies love to get involved and before long we had nannies playing soccer, hula hooping and climbing the jungle gym with much laughter and to the boysâ\200\231 great delight. It is also a time to say thank you and the boys make cards and draw pictures to give thanks to their nannies for all they do for them. This is a morning not to be missed on the Inky calendar.

aQuellÃ© Cordwalles Mudman

It was a wet, cold and most certainly a very muddy Mudman!

On Sunday 18th March, in true Cordies spirit, many athletes, spectators and campers braved the cooler weather conditions to participate in the 14th aQuellÃ© Cordwalles Mudman event. Despite the challenge of the continuous rain, our super-efficient Mudman Committee remained upbeat, positive and delivered another epic event. As always our title sponsor aQuelle did not disappoint with their generous sponsorship. A highlight of the day was the 120m floating bridge that was sponsored by Tekwani Sawmills.

We were very grateful to have Life Hilton Private Hospital come on board as the Mudskippers sponsor. The Mudskipper participants as well as some Mudman athletes were treated to a splash of colour as they ran/rode through showers of coloured powder paint. Our athletes were wet, muddy and colourful.
#brightestofthemALL

It was promising to see so many athletes of all ages and abilities participating and enjoying an event as wonderful as the aQuelle Cordwalles Mudman. An event like this is not possible without the support of MANY generous sponsors and we were humbled by their contributions: -

TITLE: aQuellÃ©

PLATINUM: The Witness, Life Hilton Private Hospital, Jason Dix Family

GOLD: Hilton College, Kia(PMB) Motors, Liquid Rock, Kinvig & Associates, Seattle Coffee, Sahil Naidoo Family

SILVER: Michaelhouse, Chartered Wealth Solutions, Kantey & Templar, Efficient Wealth, Gwahumbe Reserve, Royal Smokers, Dial-A-Picnic

BRONZE: Maritzburg College, Kearsney College, Hilliar & Gray Optometrists, Farmer Agri-Care, Maitland & Associates Inc, Ragland, PwC, Kyle Walker Family

As well as many product and prize sponsors.

Grade 6 General Knowledge Quiz at Kearsney

On the evening of Tuesday 11th September, eight very excited Grade 6 boys represented Cordwalles at this thrilling and enjoyable event at Kearsney. Our boys, in teams of four, competed against 18 other teams, which included Cowan House and mainly schools from Hillcrest, Durban and surrounds. The boys equipped themselves very well, displaying an impressive and varied depth of general knowledge. The teams did themselves

Grade 6 UK Exchange

As many of you may know, every year several Grade 6 Cordwalles boys are very fortunate to enjoy the incredible experience of being part of the UK Exchange programme with St Piran's School in Maidenhead, England. Three St Piran's boys visited Cordwalles in February of this year and on the 26th April I was privileged to be the teacher who accompanied the four Cordies boys as they flew to London to start their part of the exchange. With all the regulations and requirements involved when accompanying minors overseas, we endured a few anxious moments as all the documentation was carefully scrutinized by the authorities at the airport. Fortunately, Lynn Clark was as efficient as ever and her scrupulous attention to detail meant that no problems were encountered. However, Jarred Maltby learnt the hard and somewhat embarrassing lesson that a 500ml bottle of mouthwash was an unwelcome guest in his hand luggage!

After a delayed departure in both Durban and Johannesburg, we finally took off and settled in for our long flight to London. It was an absolute pleasure being chaperone to the four Cordies boys who were a credit to Cordwalles and themselves, behaving impeccably as is expected of true young Cordwalles gentlemen. On arrival in London we discovered that Riley's luggage was missing – clearly the fault of a person in a hurry who had taken Riley's suitcase in error, only to leave his own standing forlornly next to the baggage carousel! The excited host families met us at the airport and spirited the boys away to begin their adventure. I collected my hire car and then set off through the somewhat terrifying London traffic – I only got hooted at a couple of times – to spend the weekend with friends in the beautiful Cotswolds. Thank goodness for Google Maps – bless the person who invented that!!

As the accompanying teacher on an exchange trip, one is tasked with visiting UK schools to learn how they do things over there, to garner ideas and to see how what we do at Cordwalles compares with schools in the London area. My task was to look at school libraries. I visited a total of six private schools in Oxford, Shaftesbury, Haslemere and Poole, which is down in the beautiful county of Dorset. I also visited one government school called Cordwalles Junior School in Camberley just outside London. From these visits, it was obvious that reading was a priority in all schools. However, only one school – Dragon School in Oxford – had a library that compared in any way to the beautiful, bright, spacious space we are so lucky to occupy at Cordwalles. Two of the school's libraries doubled up as classrooms, one school did not have a library to speak of – just two rooms used for storage of the books; only one school had a full time librarian; one school had a lovely library space with a good selection of books, but no librarian at all – a librarian was starting in September, and one school shared their librarian with another school.

I believe that a library should not only be a source of a wide

Cordwalles 2018 Edition | Your Son's Foundation For Life.

variety of interesting and stimulating fiction and non-fiction reading material for the boys, but that it is also an information centre and a place where the boys can extend their general knowledge and knowledge of current affairs and the world around them by way of interesting and informative displays. I also believe that the library should be a haven for those boys who

do not enjoy the rough and tumble of physical games at break times, a place where they can read quietly, build puzzles or play board games. None of the libraries that | visited were structured along these lines, probably as a result of there not being a dedicated, full-time person to run the library. What | took away from the visits to the schools in the UK, was that we are very fortunate at Cordwalles to have a large, modern, multi-purpose space in which our library is housed and a supportive management who willingly grants me a generous budget to buy new books and decorate the space.

In between visits to the various schools, | managed to visit friends and family and spend some special quality time catching up with them! We were fortunate to enjoy some very pleasant, hot and sunny spring weather, so much so that on the Saturday of the Bank Holiday long weekend there were 100 000 people on the beaches of Bournemouth and | came back with a tan! The boys were thoroughly spoilt by their host families and enjoyed a myriad of exciting experiences during their stay. What an unforgettable two and a half weeks for us all! All too soon we met up again at Heathrow on the 13th May. Four very happy boys, so much richer for their experiences, said fond farewells to their host families and boarded the plane, sad to leave, but ready to go home; bursting with stories to share with their parents who were eagerly awaiting their arrival in Durban. Thank you Cordwalles for this incredible opportunity!

Mrs Gill Hall

Grade 6 UK Exchange

After getting to know our exchange students when they came to Cordwalles in February we were really excited to go on our exchange to St Piran's in Maidenhead at the end of April this year. The flight over was awesome. We watched lots of movies, ate lots of sweets and didn't sleep. When we landed early the next morning, our host families met us at the airport. We went to school after a shower and tea at Xander's house. It was a long Friday at school and when we eventually got home, I had a good night's sleep. Over the first weekend Xander and his family took me to Cliveden Gardens and we were lucky enough to go to a London Irish versus Saracens rugby match. We even got to meet the players after the match and got some autographs. St Piran's School was very different to Cordwalles. It was smaller and the swimming was indoors and very warm. We did different subjects such as French and Spanish. During our stay we saw so many exciting places. We went to a Victorian Village where we had to exchange our pounds for shillings before we could shop. We shopped at an old fashioned sweet shop, a printers and a bakery. We even learnt how to do a maypole dance, which is way harder than it looks. I enjoyed our visits to London as well as Legoland and Windsor Castle which we visited a week before the Royal Wedding. In London we went on the London Eye, watched lots of street performers at Covent Gardens and watched School of Rock. I made lots of friends and still talk to Xander and his family. I would highly recommend all Grade 5s to sign up and do it.

Jared Wilson

I will always treasure the memory of my trip to the UK with my exchange buddy, Myles Brocas. It was a privilege to stay with the Brocas family and for them to so kindly take me to so many places around the UK.

The highlights of my trip were going to London, going on a rugby tour to Gloucester as well as going to Legoland. The rugby tour to Gloucester was also a great experience for me. I met many of Myle's fellow teammates and became good friends with them. We were so fortunate to be able to watch a league rugby match between Gloucester vs Bath. At the end of the game, Myles and I managed to get a selfie with the Gloucester wing, Henry Trinder. Going to London by a train was a new experience for me. It was amazing seeing all the famous sights from the ride on the London Eye. I was lucky enough to go on a boat tour which took us on the River Thames. My favourite part of London was walking around the city.

I loved St Piran's School although it was quite different having classes with girls.

Thank you to Cordwalles, St Piran's, the Brocas family and my parents for giving me this unbelievable opportunity to experience life in the UK.

Callum Henderson

I

Events

Grade 6 UK Exchange

I knew that going on exchange was going to be fun and would widen my world. I was so excited to meet Thomas... When he arrived at the airport he was half my size and as pale as a ghost! I got a bit of a shock, but he landed up being game for anything. He fished, went pigeon shooting, drove my dad's 1960's jeep and flew in my dad's small plane. He found the weather hot but he said Cordies was super cool. It all went by in a rush and before I knew my visa was through and we were due to leave for the UK. London was just amazing. There is no other way to describe it. My parents asked me in the last few days if I was ready to come home and I said no there is just so much more to do. Thomas and his brother and sister live in a lovely house on the outskirts of London in a place called Maidenhead. They were wonderful to me. I saw West End shows, the Crown Jewels (Thomas's dad who is very funny said they were very sorry that they had stolen the Cullinan diamond!) the palaces and the build up to the royal wedding, the NASA Space Centre, Legoland, Miniature World, steam driven play parks, amazing restaurants and walks in their beautiful countryside. Thomas' granny's house has a cellar that is 300 years old and an ancient wood - a forest to us. I met a few South African rugby players like Pieter van Zyl who are playing in England and I even surfed in their freezing Atlantic Sea. St Piran's is a lovely school ... oh my word their food! I came back for rugby season fat and unfit! St Piran's put us in really easy sets so the work wasn't hard. What I did learn at this amazing school is how unbeatable Cordwalles is. It really is the world's best junior boarding school. Our teachers, our sports and the caring. Be very grateful for our discipline here - it makes a huge difference to a school.

Thank you to all the teachers especially Mrs Hall who looked after us so well, Mr Greaves, Mrs Clark and Mr Veenstra and my parents for making this experience possible. It will be with me forever. It was awesome!! Grade 5s you have to go!

Riley Gehren

88 Cordwalles 2018 Edition | Your Son's Foundation For Life.

The Grade 6 Exchange was one of my best decisions ever. It was an amazing trip and I would recommend it to any Grade 6. My favourite part was when I went to Centre Parcs in Nottingham, which is a wildlife park that had rock climbing and zip lines. It reminded me of South Africa and it made me feel at home. We spent three nights and four days there. We completed a very intricate obstacle course that ended off with an extremely long zip line over a dam. We played lots of nerf wars which I have never done before. While we were at Centre Parcs it reached the highest temperature ever in May, which was very exciting. I remember having cheese on toast that morning and even the cheese was sweating! It was a long four hour drive back to our house in Maidenhead. When we got back I had supper and then dragged my tired, contented body to sleep. The school for me was very unusual, but I enjoyed experiencing its differences. My host family spoilt me and I went to Windsor Castle, Legoland, Hampton Court Palace and Hamleys, the biggest toy store in the world. We also went to see School of Rock perform live, London

Bridge, London Eye and last of all Wimbledon. | am a huge tennis fan so that was a phenomenal experience. Overall my trip was extraordinary and the homesickness in the end was almost forgotten. If | have another opportunity | will definitely do it again. | am so grateful to my school, my host family and my parents for this wonderful experience.

Jarred Maltby

School Council

School Council

The School Council is a way for the boys to be involved in decision making at a grassroots level. All the Grade 7s have a chance to serve on the council and the rest of the classes, elect one representative per term. This is not a forum for complaints or an unlimited wish list. Boys chat to their classmates and then feed back to the council, where we debate and discuss proposals. Boys will often work in groups to gather more information and considerations and thereafter the council will vote for the most suitable solution. During 2018 we discussed many different scenarios, a few of which are listed here: School strops, birthday civvies, recycling bins, changing the tuck shop days, air conditioners in the classrooms and blazers (Imagine the lost property!). We also discussed Cordwalles branded rugby balls and possibly getting Grade 7 shirts that the boys would like to receive at the start of the year.

This year we managed to get a designated area for a basketball court and one great quality basketball hoop.

I must say that in these meetings it is great to observe the passion that the boys have for Cordwalles. Long may this last, as we all work together to make the Cordwalles experience a worthwhile one!

Mr Christiaan de Jager

Cordwalles 2018 Edition | Your Son's Foundation For Life.

Project Week

Grade Four

A week of investigating, experimenting, building and learning by doing! The Grade 4s took a trip through space this week where they investigated the various planets, learning about the properties and characteristics thereof. The final step was to design and create their planet's surface and a custom-built space buggy. What the boys managed to create from recycled and various other mechanisms was mind-blowing!

Vuysio Mqokiyana designing and planning his space buggy

Cordwalles 2018 Edition | Your Son's Foundation For Life.

Science Fun - making carbon dioxide - Bradley Cook, Oliver Vickery, Guy Fender, Jack Benkenstein and Ethan Maltby

Grade Five

The Grade 5 boys certainly challenged themselves, asking relevant questions and exploring their understanding of the scientific method. A creative fun week, where they teamed up with fellow students to present their very own Science Expo. The boys were expected to come up with a quirky question, draw up a hypothesis, experiment and record results. The highlight was presenting their research on expo boards to the rest of the class as a teach back.

Tristian Grant and Joaquim Abreu filming the process of making their smoothie Harry Jarvie and Jasper Bruno getting to grips with the recipe for their smoothie

Proudly displaying their handy work are the Grade 7 boys of 2018

The Grade 7 Project Week was once again dedicated to their go-kart building and preparation for the racing which took place on the first weekend of the fourth term. The boys were allocated a standard pack of resources from which they had to build their go-kart in teams of 4. Much strategizing took place around selection of teams that was more akin to forming alliances on Survivor than a school-boy fun event; it was clear that there is plenty of prestige at stake for the victors!

While some teams were comfortable designing and constructing their go-karts, others needed a little more supervision and assistance to get going. However, the end product was 16 reasonably effective go-karts that all made it through the race to the finish at Gibson's Field. The boys had the chance to display their work before the racing took place (and be judged on it) in the JP carpark, where the younger grades and many parents came to have a look and enjoy the festive atmosphere.

3 A e

Team Mo and the Mechanics driver, Jaden Adam, demanding more from the engine room! Mohamed Kajee, Ahmed Noorgat and Adam Cole

The technical race around the carpark is always spectacular and filled with thrills, spills and the occasional roastie too. Those times were then used to seed the teams for their downhill run.

Environmental Education

Grade 3 Environmental Trip to Cumberland

Cumberland was great! Although the cold snap really reminded us that it was winter, the rain held off and all activities went ahead. The boys were cosy in their dormitories and even braved the cold dam water to kayak, stripping down so that they wouldn't have wet clothes to deal with!

This particular group of Grade 3s proved to be real lovers of the outdoors, believing that bedtime is bedtime and a good night's sleep, beyond 5am, is the way to go, if one wants to be prepared for all eventualities and adventures!

Hearty meals meant a lot of energy and this resulted in full physical involvement and led to some sleepyheads around the campfire at 8pm!

The boys were spoilt for choice; kayaking on the dam, designing and building, challenging activities and games, walking, observing nature and animals, blow dart shooting, star gazing, team war cries and of course fun bonding together.

As always, the Grade 3 parents were very relieved to welcome the boys home with open arms and the stories about camp probably emerged over the next couple of days.

Happy memories were made and thanks to all the prior organisation, as well as the slick programme run by Outdoor Educators, this camp was a resounding success!

Grade 4 Environmental Trip to Spirit of Adventure

The Grade 4 boys went to Spirit of Adventure at Shongweni Dam. A reflection from one of the Grade 4 boys who went to Spirit of Adventure:

"My favourite activity at Spirit of Adventure was abseiling because I've never done it before and I did it and it was fun. My most challenging activity was rock climbing because there was a big rock on the one side so I could not get around but I got to the top! I liked my instructor because he played first team rugby and he also helped me when I needed it. I learned how to work as a team and also learned how to tie logs together to make a raft. I learned, as a life lesson, that teamwork is much easier than being alone. I would encourage schools to go to Spirit of Adventure to learn how to learn in teams and learn different and new skills."

Grade 6 Big Adventure

The Grade 6 Big Adventure always begins with a degree of trepidation as a number of the boys find the task rather daunting. An 11km uphill walk, followed by a 17km cycle is a bigger challenge than many have faced before. This year's group had perfect weather for day one and took to the task with enthusiasm and vigour. The walk went well and the cycle was handled admirably by all involved, despite the steep descent being a little scary for some of the less experienced cyclists.

Upon our arrival at Hilton College, the boys enjoyed the freedom of being boys, cooking their own dinner and sleeping around their campfires under the stars. The following morning started with a river crossing, before a team-based Amazing Race around the Umgeni Valley Nature Reserve on route to the campsite. The afternoon's activities also revolved around group dynamics and team-building exercises.

Day three involved a raft building challenge, abseiling and the obstacle course. Despite the chilly conditions, the boys got stuck into their raft building and many ended up swimming due to construction failures; sometimes the school of hard knocks is just cold and wet!

The abseil is often the highlight, and simultaneously the greatest terror for many of the boys. While some are able to hop over the edge and scuttle down, many find this an enormous battle between rational thought and clearly evident danger. Tears, squeals, joy, encouragement, victory and some defeats are all part of the package.

The return trip of the cycle and walk can be as challenging as the outbound journey for tired and very grubby boys. However, all showed character as they soldiered on towards home. Arriving safely, they had the honour of ringing the school bell, signifying their arrival home. Our thanks, as always, go to the large group of staff and boarder masters who accompanied the boys ensuring their safety throughout this unique trip.

Environmental Education

Grade 7 Environmental Trip to Babanango

On Sunday 13th May 2018, the Grade 7 pupils left for their annual battlefields trip to Babanango. We first visited the â\200\230The Board-walkâ\200\231 in Eshowe. Here we walked amongst the canopy in the indigenous rainforest, enjoying the lovely doughnuts kindly donated by the Chittenden family. Thereafter we drove to the â\200\230Spirit of Emakhosiniâ\200\231. This was the start of our education about Zulu culture and the Anglo Zulu war in general. We had a look at Umgungundlovu, and were amazed by the Zulu architecture and war strategy. On Monday we made our way to Isandlwana. We climbed to the top, sang the National Anthem and completed

Mr Veenstra wishing the boys a safe trip and also warning
Yanga Ndamase to be on the lookout for the
dreaded Zululand rain spider

our diaries. We then had a quick lunch at Isibindi Lodge, courtesy of the Gehren Family. At Rorkeâ\200\231s Drift we were reminded of the bravery shown on both sides of the battle. All the boys were impressed by what they saw and experienced during their lectures and visits. Back at Babanango Valley we enjoyed orienteering, stalk the lantern and group activities to name but a few. Unfortunately, due to the weather, we could not visit Blood River. | do hope that the friendships made and tenacity shown during this trip will remain with the boys for years to come.

Junior Primary

2018 Theme: â\200\230SOAR to new heightsâ\200\231

We have soared and swooped and glided. New heights have been reached in many small moments, in tiny achievements and in other more significant ways, on a larger scale.

Each term was filled to capacity with activities, some grade specific and some whole Junior Primary events. Each gradeâ\200\231s outings and activities reflect a balance of educational excursions, outreach projects and bonding time with parents.

The â\200\230Fruits of Loveâ\200\231, Afrikaans, isiZulu and the Christmas theme days proved to be such fun, affording each individual a chance to contribute, play their part or to be physically engaged in craft work, in a relaxed, social setting.

The annual Junior Primary production, â\200\230Ebenezerâ\200\231, was a highlight which gave many boys the opportunity to shine and develop confidence.

The Outdoor Classroom has continued to be an exciting opportunity afforded to all boys; classes are guided through activities by Mrs Hubble, or on â\200\230whole classroom daysâ\200\231 by the teachers, who cover their daily class lessons in this wonderful environment. We continue to enjoy the services of our cleaning ladies, academic support staff, specialists, interns and teachers and for them we are very grateful.

On the sporting front, the Grade 3s coped exceptionally well with their busy year of U9 sport and the Grade 1s and 2s with their practices and festivals.

2018 has seen the establishment of the vegetable boxes in our JP Quad. As the crops grow, we will ensure that the harvest is shared and boys will need to become more involved as the beds need tending.

The Grade 3 boys set a wonderful example to the younger boys throughout the year. We wish them well as they enter the Senior Primary phase of the school.

As the year comes to an end, we look down from the new heights reached, wonder at how far we have come and perhaps decide to descend and land gently and gracefully for a well-deserved rest.

Mrs L-J Colepeper (Junior Primary HOD)

Tatham Memorial Essay by Jordan Baxter

An exciting day in the life of a soldier

I wake up with a cold shiver down my spine due to the loud screeching of spears against rocks. Today was the day, the day I dreaded most. The day a silver bullet might penetrate my head. My mind kept racing about all the ways I could end up dead, but my fellow warriors thought otherwise. Their excitement could only be measured by the enormity of the British's cannons. We all started to gather our spears and shields. The butterflies inside my stomach soon turned into snakes, with the chief's order to gather around the fire pit. We all stand before the great and wise king. As he starts to speak the snakes within transform into heavy elephants, stomping the fear deeper and deeper, until it feels like I have got a jungle expanding through my shivering body. His words encourage others to bask in the blood of our enemies, but I just stand still, trying to get rid of fear. All of a sudden he screams at the top of his lungs. "Phambili!"

We race through the African plains, our bare feet almost a blur. The constant banging and thrashing of shields and spears do not annoy or hurt us, because we are warriors. My isiZulu spirit lifts up from my feet and back to my heart, where it belongs. All of the fear I have kept inside has vanquished and has been replaced with a new, energetic soul. Our leader's hand raises, telling us to stop. The silence enrages me, as I thirst for the

British's thick, rich blood. The sun is a bright orange, yet still beating down on our shirtless torso's. Beads of saltiness run down my forehead like a river, drenching my face in sweat. The leader soon shouts so loudly that the tall mountain ranges echo it as far as the eye can see. We stand still another moment, anxiously waiting. Our ambition grown to heights never reached before, but we still partially wait until ... bang!

A bullet brushes through the veld and we are off. We chant choruses to encourage other to believe that this battle is ours. I grab my spear and slice it through one of the British's necks. The head rolls off his lifeless body with a heavy thud. First blood drawn. One down, one hundred thousand to go. Hours of gruesome deaths go by, but I still wanted more. I twist and turn and dodge and duck. My spear is stained blood red and the hide

on my shield is torn off, but a few British still remain, scared like little kids. We lunge our spears through them, the weapon hitting their soft bodies. We all rejoice with pride, singing songs long into the night. My heart beat heavily with joy. Victory was ours!

Grade 7 Leadership Camp

On Thursday 18th January 2018 the Grade 7 boys left for their annual leadership camp. Sixty three excited boys were quite a sight to behold. Some were a bit nervous, but their nerves were quickly calmed by the excellent weather and our reassuring hosts at Hela-Hela. The weather played its part and the boys had a cracking time in the dam and the Umkomaas River. There were different problem-solving games, singing competitions, sack races and an obstacle course, to name but a few of the activities. Having the river so close was a treat and the zip-line and cliff jumping proved popular. We also took a long hike, which made the swim back to base so much more rewarding. It was with mixed feelings that we all returned to Cordwalles. Yet we knew

Just hanging out together are Tarig Mohamed, James Hendry, Dylan Peddie and Ethan Leppan

that we have gotten to know each other better and that we could not have asked for more suitable weather, friends and learning material to make sure that 2018 would be a huge success.

Tom Mitchell: It was really exciting and | enjoyed the challenging hike.

Matthew Emmott: The camp was fun and | particularly enjoyed swimming in the river and the dam.

Luke Hubble: Exciting and fun. The foefie slide drop was awesome!

Theodore Pavlov: The teamwork encouraged us to think about others.

Benjamin Guimaraens: The food was good and the rope swing was exciting. | had a lot of fun with my friends.

ATHLETICS REPORT

Traditionally Athletics at Cordwalles is crammed into 4 very busy weeks during the 3rd term and this year was no different. The first week of school saw the boys taking part in heats to see what race they would run in, as every boy runs in a race on Athletics Day. This gives every boy the potential to be on the podium. The field event heats took place during PE lessons in Term 2 where boys took part in high jump, long jump and shot put.

The Inter-House Athletics Day took place on the second Friday of the third term. Mrs Mpofu was our Guest of Honour. How fitting this was as we all watched in amazement as her son, Fortune Mpofu, went on to break 5 long standing records, a feat that will take a very long time to better.

| would like to take this opportunity to thank Mr Evans and his ground staff for preparing the fields so well in readiness for the Athletics season. Thanks must also be extended to all the staff who were involved in the Athletics programme over the four week period. It really is a very busy time of the year for all involved.

The results were as follows:

INTER HOUSE CUP (THE STEWART TROPHY)
1st Jacksons (234.9)

2nd Tathams (199.31)

3rd Baines (191.1)

4th Butchers (162.63)

146

OPEN SENIOR VICTOR LUDORUM (THE SCOTT TROPHY)

Fortune Mpofu (Jacksons)

The Athletics season culminates in the Inter-Prep meeting hosted by Merchiston and the following schools took part this year: Merchiston, Cordwalles, Highbury, St Charles, Howick Prep and Pelham.

The boys competed superbly throughout the day and I was very proud of the team as they finished in second place narrowly missing out on 1st place to Merchiston. It was a wonderfully well run and organised event and a huge thanks must go to Mr Richard Bennett and his team for hosting the meeting on the evening. Once again, Fortune Mpofu was at his scintillating best. He was inspirational in all his races spurring the other team members to follow in his footsteps. The Cordwalles relay teams certainly stood out from the rest and all the hard work leading up to the meeting definitely paid off. Well done boys.

I would like to take this opportunity to thank Mr Greyvenstein and Mr Nell for all their hard work in preparing the team for the Inter Prep Meeting. As always, the 2018 Athletics season was a very successful one.

Congratulations to Fortune Mpofu who broke the following school records this year:

Long Jump - 5.25m

High Jump - 1.54m

Shot Putt - 10.51m

200m - 26.06s

80m Hurdles - 12.53s

Mrs Mpofu (Guest of Honour) and Mr Veenstra with all the trophy winners at the end of the Inter House Athletics day

CRICKET REPORT

Cordwalles has been riding the crest of a wave of late with its cricket. The number of boys in each age group has hugely increased the depth. This, as well as the excellent coaches that we are fortunate to have in each age group, has contributed to a fantastic season.

The U9 age group, ably lead by Mr Greaves and Mr Campbell, grew from strength to strength. This is where the boys are introduced to hard ball cricket and it often takes them a while to settle into the season. The boys grew immensely as a group and as a result it was a successful season for them.

The U10 age group was headed up this year by Mr de Jager who does an outstanding job with this age group. As an age group, they had a very good season and | look forward to watching this group of boys progressing through to the Open age group in a few yearsâ\200\231 time.

The U11â\200\231s, headed up by Mr Robertson, grew throughout the season. All the teams played regular matches and fared well against all the other schools they played against. There was excellent depth in the age group and this made for healthy competition for places.

The Open age group was one of the biggest we have had in recent memory. 115 boys turned out for trials at the beginning of the year and this meant that we would have 11 Open cricket teams. The 8th, 9th, 10th and 11th teams played in a very

148

Cordwalles 2018 Edition | Your Son's Foundation For Life.

successful â\200\234Cordies Big Bashâ\200\235 League every Thursday. They played 15 overs against each other and this became very competitive indeed. Some of the most exciting cricket took place during these matches. The rest of the teams fared extremely well indeed against all opposition that they played. The sheer number of teams meant that there was also very healthy competition for places throughout the season.

There were a few special individual performances throughout the year that | would like to highlight below:

Jack Benkenstein: 106* vs St Charles U10A

Chad Newman: 101* vs Pelham 4th XI

Midlands and KZN Inland Reps:

Midlands U12: Matthew Solms, Ivan Jjuuko, Sebastian Hofmeyr

Midlands U13: Jordan Baxter, James Campbell, Onke Kweyama,
Thomas Mitchell

KZN Inland U12: Matthew Solms, Ivan Jjuuko

KZN Inland U13B: Onke Kweyama, James Campbell,

Thomas Mitchell

And so ends another fantastic year of cricket at Cordwalles.

Mr Luke Hounsom

1ST XI CRICKET REPORT

The 2018 1st XI Cricket season was a tale of two halves. A young and inexperienced 1st XI struggled to realise their full potential during the 1st term and as a result it was a long season.

The first fixture of the term was against a very strong Highbury side. Batting first, Cordwallers were bowled out for 142 and this was never going to be enough against a very strong batting line up. James Gilson top scored with a well-played 45. During the next couple of games the team struggled for runs and never gave the bowlers enough to bowl at. As a result the bowlers had to bowl to defensive fields and lots of chances were missed.

And so mid-term break was upon us and this meant an exciting trip to Cape Town for the team to participate in the annual Prep Schools Cricket Festival hosted this year by Western Province Prep School in Claremont.

The boys arrived at school bright and early and we set off for King Shaka International Airport at 07h00. We boarded the flight at 10h00 only to be taken off the flight due to technical reasons. The flight was delayed for 10 hours. The boys were absolutely superb exhibiting patience and manners throughout the long day. The plane eventually took off at 18h30 that night and we arrived at our accommodation after 23h00!

The next day the team were up against Western Province Prep. We lost the toss and were asked to bat first. It proved to be one of the best batting displays of the season as we amassed 277/5. Sebastian Hofmeyr top scored with 87 and James Campbell made a brisk 67. Unfortunately, we were unable to bowl Wet Pups out and the game ended in a draw.

Our second match of the festival saw us play against Kingswood from Grahamstown. A superb bowling display of 5/20 by Michael Sara saw us win by 50 runs. The last match of the festival saw us play St Stithians in a T20 match in very wet conditions. Unfortunately we were outplayed and finished up on the wrong end of the result.

The fourth term of cricket is a short but busy term and is often affected by rain. This was the case during the first two weeks when we had matches against Merchiston and Highbury cancelled due to heavy rain. This left us not having played any cricket going into a very busy weekend of cricket against our traditional rivals from Johannesburg, The Ridge and St John's. The weekend began with a T20 against The Ridge on the Thursday which we won off the last ball with a boundary by James Campbell. The following day saw us playing a 50 over game against the same opposition. After some slow batting to start with we accelerated and ended on 180/6 with Kyle Walker top scoring with 50. In reply, The Ridge struggled throughout the innings and were eventually bowled out for 170.

On the Saturday, St John's arrived and after 40 overs we had scored 170/5. Once again the top scorer was Kyle Walker with a well-played 61. In reply, a fantastic spell of bowling from Ruben Marx saw St John's bowled out for 135. And so ended a fantastic weekend of cricket and the team had shown real growth from the 1st term. This now gave them the confidence to kick on and end the season on a real high.

The last two matches of the season were against Pelham and a combined Howick/Clifton Nottingham road side. The match against Pelham turned out to be a reasonably comfortable

victory for us and so the last game of the year was upon us. Having lost to Clifton Nottingham Road in the first term, we knew

that we were in for a tough final match especially as they had strengthened by joining forces with Howick. The boys were really up for the game as this was the last time that the Grade 7 boys would be playing on the Pennington Oval. A superb bowling display, led by Michael Sara (5/44), saw us restrict Howick/Clifton Nr to 152. A wonderful display of power hitting from Onke Kweyama (70* from 52 balls) saw us record a comfortable 7 wicket win. This win showed how far this team had come from the beginning of the year and | was unbelievably proud of their achievements.

Cricket at Cordwalles is in a healthy state and this is in large part due to the fantastic group of coaches that we have. | would like to take this opportunity to thank them for all their efforts throughout the year and cricket is in a better place because of them. Thanks must also be extended to Mr Darren Mortimer for all his efforts with the one on one coaching that he and his team do. Our boys really have benefitted from this. To Mr Evans and his unbelievable ground staff, thank you for the fantastic facilities that our boys are privileged play on week in and week out.

Mr Luke Hounsom

Well batted Basty

CROSS COUNTRY REPORT

The theme for 2018 has been â\200\234SOAR to New Heightsâ\200\235 and it was such a pleasure to watch boys do just that in Cross Country this year. One of the joys of Cross Country is that it allows each boy to pursue his own personal best, whether it be winning his age category or simply bettering his own time on our scenic 2km course at school.

This season the Cross Country team participated in meets at Laddsworth and New Hanover, where we had a team of nearly 50 boys. Any boy who would like to run may request to be a part of the team. It is immensely gratifying to see how many boys choose to run. On the 11 May, Cordwalles hosted the Inter-Schools meet. The lovely path down through our gorgeous forest and the challenging climb back up to the top, makes the Cordwalles Forest Run a popular one. With over 700 children running and many parents supporting them, the atmosphere was festive. Our beautiful school grounds, combined with the clear blue autumn skies made for a spectacular backdrop. Despite the relaxed atmosphere, there was some competitive running and the boarder masters, who were the hares, had their work cut out for them keeping ahead of the leaders!

The culmination of the Cross Country season was the Inter-House Cross Country event. We were treated to another beautiful afternoon and some impressive running from the boys. The competition was fierce, with each house fielding age group winners. In the end, it was Jacksons that claimed the trophy.

A record is kept of the number of kilometres that each boy has run and at the end of the term the boys who have achieved a milestone number of kilometres (50km and in 50km increments thereafter) are awarded a certificate and a badge. Over 45 boys were awarded badges this term; a wonderful example of boys soaring to new heights. We are already looking forward to the 2019 Cross Country season and the dedication, determination and excitement that goes with it. Well done boys!

Sport

Hockey

HOCKEY REPORT

The Cordwalles Hockey season begins in April for some senior boys who enter the provincial trials process. As always, we had a number of boys being selected through the various rounds of trials that culminate in representation for the Umgungundlovu District at the Inter-District Festival. This festival forms the final provincial trial for KZN Inland teams. This year, six u13 boys and four u12 boys were selected to the KZN Inland teams that participated at tournaments around the country during the mid-year holiday.

The main school season begins in July and runs for a brief but intense season that lasts only eight weeks. During that time, buses of boys being ferried to artificial surfaces across the city are a daily sight. As far as possible, we try to get all of our teams to train on artificial surfaces at least once a week. Inter-school fixtures are rarely played on grass thanks to the enormous amount of work done by Mr Hounsom.

Our Saturday mornings are a hive of activity with as many as four matches happening on a single field at any one time; and fixtures taking place at numerous locations simultaneously. This places enormous demands on the staff as they are required to coach, manage and umpire at various times throughout the morning. Our boys are extremely fortunate in that every team has its own dedicated coach. With twenty five teams that play each week, it is only thanks to the passion and commitment of almost all the

Our rock at the back in the 1st XI, Nkosiyethu Shoji, has everything under control as the corner defence team try to close the space

Cordwalles 2018 Edition | Your Son's Foundation For Life.

Cordwalles staff that land up coaching during the hockey season, that we can achieve this! And our results across the spectrum speak to this dedication and quality as a number of our teams went unbeaten throughout the season! :

Our 1st XI squad play by far the most hockey during the season. Given that most of these boys come off a provincial tournament before the school season gets under way, this added amount of playing time makes for some extremely attractive hockey from this group. A full season of ordinary fixtures was punctuated by festivals at Hilton College, Michaelhouse and King Edward VI Prep in Johannesburg. The 1st XI acquitted themselves extremely well at all of these festivals and throughout the rest of the season too. The season ends with the traditional matches against the 1st XI parents and then against the staff. These extremely

competitive games, and the amount of fun and enjoyment that they produce, remind us of the reason that we play.

My thanks go to the many staff who pour so much energy and enthusiasm into the hockey season as they coach our boys not only how to play, but also how to be gentlemen on the sports field. While many of them dislike doing so, matches need to be officiated too. The staff do so uncomplainingly in order to ensure that our boys get to enjoy all that they do on the hockey pitch.

Mr Richard Robertson

RUGBY REPORT

The 2018 Rugby season was a great success as a whole. We had 18 rugby teams which played in regular fixtures, either on a Wednesday or a Saturday. Every team had at least one coach specifically allocated to them where the coaches sole responsibility was to coach that side.

The U9 age group, ably lead by Mr Bailey, grew in stature throughout the season. All the hard work paid off with some lovely rugby being played during the latter half of the season. The U10 age group proved to be a very strong age group as a whole. They dominated most of the opposition they played with some wonderful running rugby. Mr Nell and the rest of his coaching team do a fantastic job of drilling home the basics of the game which stands the boys in very good stead for the future.

The U11 age group played wonderful running rugby throughout all the teams. In order for this to happen there was a focus on skills development with the boys and a huge thank you must go out to all the U11 coaches for their efforts in this regard.

The Open age group was one of the largest in many years, 112 boys took to the fields. The depth across this age group was very impressive and as a result the competition for places was very healthy indeed. All the coaches played an important role in playing the same structured rugby across the age group and | would like to thank them for this.

15T XV RUGBY REPORT

The 2018 season started early in the second term with open practices that lead up to the 1st XV tour to the St. John's Easter Rugby Festival. A large number of boys attended these practices and competition for places was stiff. With the squad finalised and the Easter holidays upon us, we set off for Johannesburg to again play in four tough fixtures. We played a double header on Thursday beating The Ridge 22-7 in an impressive first game. Unfortunately we had some fatigued boys after the first game and lost the second 19-26 to St Davids. In our next game against St Stithians we also suffered a narrow loss of 5-12, but the boys learned a valuable lesson and showed some real guts on defence. After some much needed rest at the lovely Easter lunch function held at the beautiful Johannesburg Country Club Cordwalles was determined to win their last game, and so they did, beating St Peter's 26-0. Even though we only won two out of the four games we ended the tour on a positive note. The tour gave Mr Majola and I some valuable insight into how the rugby season would play out. Special mention to Mr Bailey and Mr Cumings for accompanying us and adding value to the tour as a whole.

I was extremely excited for the rugby season to kick off, and so were the boys. Based on what I saw on tour I knew we would have a great 2018 rugby season. The team had lots of experience as it was littered with Grade 7 boys of tremendous talent, skill, and determination. There were only two Grade 6 boys who

regularly played in the first team throughout the season. This meant that the rest of the Open age group was very strong as there was an even mix of Grade 6 and 7 boys who showed a vast amount of grit and potential.

Winning 5, drawing 1 and losing 1 of the seven games my claim to a good season for the 1st team was backed up by the way the team pulled together during tough games and sometimes tough conditions. In true Cordwalles spirit the boys never gave up and always played for each other. In my mind this is what team sport is all about, always giving your best for the sake of your team. In my year of being head coach I could not have asked for a better group of boys to coach. Throughout the season they have grown as players and as young men. They made the Cordwalles jersey a proud one and set the bar for next year's team.

Lastly, I would like to thank Mr Majola for his valuable input as the assistant coach. He brought a different dynamic to the team in the way he coached and in the way he interacted with the boys. His contribution is truly valued.

Mr Andr   Greyvenstein
Cordwalles 1st XV Head Coach

SWIMMING REPORT

The 2018 season was led by an outstanding group of Open A swimmers who were motivated at practice and who won every relay they swam in the season. These boys were Thomas Mitchell, Mark Brombacher, Ruben Marx, Jordan Benians, Robert Butcher, Gregory Lovett and Dylan Peddie. Congratulations to Thomas Mitchell who won the Senior Victor Ludorum and broke the Open backstroke record. The U9, U10 and Junior Victor Ludorum winners were Rex Wardlaw, Riley Graves and Joaquim Abreu respectively. The results of the Inter-House Gala were Tathams-413 points, Baines-373 points and closely contested for third and fourth were Jacksons-292 points and Butchers-291 points. Cordwalles A were placed second in the Inter-Schools A Gala behind Merchiston A, with the B team going down from the A Gala to the B Gala in 2019. The C team was placed sixth in their Guest of Honour Francis Brombacher with the proud trophy winners Inter-Schools gala. Rex Wardlaw, Riley Graves, Robbie Cullis, Thomas Mitchell and Joaquim Abreu. Ethan Muir, Oliver Gray, Robbie Cullis, Joaquim Abreu, Mark Brombacher, Matthew Longmore and Dane Harrison were selected to swim in the KZN Primary Schools Aquatics Championship Gala for the uMgungundlovu Team. Special mention must be made of Robbie Cullis who was selected to swim for the KZN Provincial Team. Congratulations, boys.

A very big thank you to the dedicated team of swimming coaches who spend many hours on the pool deck as swimming goes from strength to strength.

TENNIS REPORT

It has been fantastic to see the enthusiasm for tennis this year
and | hope this interest and motivation continues. The increased
number of boys wanting to play has meant that we have started
hiring Valleys Tennis Club, to ensure the boys get as much court
time as possible. We have also added another early morning
session for the team players to ensure both senior and junior
team players are receiving professional coaching.

The Senior School Championships were played in good spirits,
as were the inter-house tennis matches. The boys have shown
huge drive and it has been good to witness their competitive
spirits in both the ladder challenges and the various inter-school
tennis matches. The tennis at Cordwalles would not be where it
is without the committed and knowledgeable coaches from CF
Tennis and we thank them for their continued interest and
support.

Old Boys

Dear Cords,

As another year closes, it is good to look back and reflect on what has happened during the previous 365 days!

2018 started with the consecration of the extensions to the school chapel, whose history is so embedded at the heart of the school. The whole community came together to mark this wonderful event as we welcomed back Old Boys across the age divide. It included the return of past Headmaster, Simon Weaver (Class of '75) whose vision for a chapel to accomodate the whole school had come to fruition. This was followed by a wonderful birthday tea celebrating the 106th birthday of Cordwalles.

In the afternoon, an old tradition was brought back to life. The Old Boys vs School 1st and 2nd XI cricket! Excitement was high as the Old Boys and boys took to the pitches. A wonderful afternoon of laughter, competition and fun was had with the OBs taking the trophy at the end of the day. It was hailed a great success and we look forward to next year's matches and to keeping this tradition alive in the coming years!

Later on, the Old Boys came together for an evening of good humour, laughter and the telling of many stories. This event is now a solid fixture in the Old Boys's calendar with those attending showing their love and passion for the school that helped set them on their way. We are already looking forward to the events

of 2019 and to the reunions that will be held across the country to which we very much hope many of you will come along and join us.

As I continue to run the day to day issues of the Old Boys's Club from afar ... my office is now based in a French farmhouse which, in the summer, overlooks fields of sunflowers and, in the winter, the wonderful tapestry of bare fields and those filled with the burgeoning of winter wheat. Walles (the Cordies teddy bear) and I sit and do all things Cordwalles. It is truly amazing how technology allows me to communicate with others around the world as if I was still sitting at my desk in the Brick Quad. Whatsapp keeps me telephonically connected with the staff at school...it is as if I never left! That is until the clocks change and we, in Europe, head into the twilight zone that is the winter months! Oh how I miss the fairly constant light mornings and the genetically pre-set alarm clock of the hareda!

I look forward to keeping connected with you all and bringing you news throughout 2019.

With best wishes,

Mrs Charlotte Usher
Cordwalles Old Boys
The Ties that Bind

ARCHIVES

At the end of the year we said farewell to Gwynneth Pendock, our archivist who has been tirelessly working to bring the Cordwalles papers and photographs into order.

Gwynneth joined us in February 2016 having visited the Old Boys's office to drop off a set of prints belonging to her son, Cordies Old Boy Graeme Pendock (Class of '79). Having chatted and learnt of her background as a trained archivist, Old Boys's

secretary, Charlotte Usher, approached Lance Veenstra with a view to setting up a proper historical archive. Gwynneth has done an incredible job of sorting, cataloguing and creating an archive and display in the office, which will be of great interest to all involved with the school. Her work means that any future plans to digitalise the archives has been made that much easier. Huge thanks to Gwyneth for her dedication to the task at hand and we will miss her around the school.

Happy retirement Gwynneth!

st

Cordwalles Archivist - Gwyneth Pendock

Dr Graeme J. Pendock - 1977-1979. Dux of Cordwalles and Dux of Hilton College
At UCT, Graeme studied Electrical Engineering, Physics and Applied Mathematics and in 1988 he was awarded the South African Council for Professional Engineers's 200/231 Merit Medal as the most outstanding Engineering Graduate. Moving on to Cambridge University, UK Graeme completed his PhD in Engineering in the area of Fibre Optics. He has since gone on to publish

over 50 research papers in the area of Fibre Optic Communications.

Graeme now lives in the USA where he has worked with established and start-up companies developing and deploying optic fibre telecommunication systems. The impact of his work is that a significant portion of our current internet use across the globe, is being processed

and flowing through devices that Graeme has been involved in designing.

Cordwalles 2018 Edition | Your Son's Foundation For Life.

LETTER FROM THE CHAIRMAN

2018 was a wonderful year for the Cordwalles Old Boys's Club with a number of events which took place, the most significant and successful of which was Old Boys's Day. This coincided with the consecration of the newly renovated chapel, to which a significant number of Old Boys attended alongside past parents and passionate members of the Cordwalles Family.

The day continued with a 20/20 cricket format, which resulted in two Old Boys's teams being formed, and who played against the Cordwalles 1st and 2nd XI teams respectively. A very big thank you must go out to James Wardlaw, who was tasked with getting all the 'boys' together to make up these two teams. In addition, thanks must go out to the Lambert brothers, for providing kit for all the Old Boys to use for the game.

The conclusion to the day was the Gaudy Dinner which saw approximately 60 Old Boys attending. It was my 30th Leavers Reunion, and I would like to thank all the boys from that year whom were able to come. A total of 20 out of approximately 35 'boys' came which illustrates the passion and pride that many of the Old Boys have for the school. It was a fun-filled evening of reminiscing and banter and the reconnection of many of the Old Boys, some of whom had not seen each other since leaving Cordwalles or their respective high schools. Matt Rushton, well done for coming from Bahrain to partake in this special event. The range of Old Boys attending was vast and the underlying theme was that, it didn't matter when you attended Cordwalles, the shenanigans that boys got up to didn't change!

The Old Boys's Club Committee also welcomed a new member in Giles Kelmanson (Class of '87), who joined the committee in the 3rd term. He is a committed and proud Old Boy, who is passionate about the school and has two boys attending in RRR and the Blue Group. Charlotte Usher has remained as the

backbone of the Old Boys's Club and continues her tasks with diligence; organizing events, preparing Old Boys's board reports, maintaining the Old Boys database, all from the South of France and the UK!

The year culminated in the final Leavers Chapel Service, where the Class of 2018 were presented with their Old Boys's tie and Cordwalles cross. This is a truly special and memorable event. I was very pleased to see the quality of boy that was leaving Cordwalles. The pride and excitement that resonated amongst the boys was palpable.

Cordwalles is a special school, with a long history and has a very successful Old Boys following. I regularly speak to many parents who have attended other schools, and they are envious of our school's Old Boys's Club.

My appeal, as Chairman and old boy, is that one and all continue to work together via the Old Boys network, in order to maintain and grow the club, and that we continue to be a part of, and a support to the school. As Old Boys, we form an integral cog in the workings and functions of Cordwalles and we wish to ensure the continuity of this important role.

It is the tie that binds and I look forward to a positive 2019, where we have another year of events and functions for the Old Boys. We, the committee, look forward to catching up with the Old Boys and welcoming you back to the school or to one of the events that we hold in Cape Town, Johannesburg and around KZN.

May 2019 hold many memories and we wish you a year full of blessings and success.

Mr Richard Kinvig
Chairman of the Old Boys Committee

MATRIC REUNION - CLASS OF 2013

Before one knows it they are back!!!

It is always hard to realise 5 years have passed when these boys come back and this year it was the turn of the Class of 2013.

A fabulous evening was spent welcoming back to school this class of wonderful young men. The staff, boys and parents came together to celebrate achievements and remember their days at Cordwalles. As always, the air was buzzing with excitement as the boys all came together once more before heading off into the big wide world on their own individual journeys. Some had not seen each other during the last 5 years, but they all picked up where they left off and the smiles and laughter said it all.

The Class of 2013 did themselves, their parents and their schools proud in the final Matric examinations. We look forward to receiving news of your next phase and to your next visit or to seeing you at an Old Boys's function in the near future. All we ask you to do is stay in touch! Good luck in 2019!

OLD BOYS CRICKET
OLD BOYS VS 1ST XI CORDWALLS TEAM

This year there was a call to bring back the Old Boys vs 1st XI cricket match which had been such a firm favourite on the school calendar in the past. This was ably brought about by James Wardlaw who was so successful that he was able to put forward two full teams with men to spare!

We had a great response to playing the traditional Old Boys cricket matches again, and both the 1st and 2nd teams were fully subscribed. The oldest Old Boys that played finished Cordwallis in 1981 and the youngest in 2004.

Both games were played in a fantastic spirit and were enjoyed in equal amounts by both the boys and the Old Boys. The 2nd XI in particular had a close game with the Old Boys hitting a six off the last ball to tie the game. As with all these days, it was wonderful to see old friends and to meet Old Boys of different ages and no better way to do this than on the cricket field.

Luckily there was only one injury. In future Old Boys are advised never to dive – rather give the boys the 4 runs!

The day was completed with an exceptionally well attended evening in the dining hall. The consensus was that cricket added a wonderful dimension to the day and generated more interest in the event.

Mr James Wardlaw

The Old Boys' teams included:

James Wardlaw, Lyall Rushton, Murray Hibbs, James Smart, Dave Lambert, Iain Lambert, Pumpy Lambert, Neil Henderson, Roger Newman, Tigger Bryden, Rich Kinvig, Greg Hill, Chris Hill, Walter Bastard, Rich de Bufanos, Brazz Rushton, Lane Reynolds, Walter Hathorn, Mark van Heerden, Jimbo Walker, Thomas Lovett, Kyle Emerson, Adrian Brown, Jeremy Brown.

GAUDY DINNER

This year, the Gaudy Dinner was opened up to all Old Boys who would like to attend, whilst at the same time celebrating those years marking their 20th, 30th, 40th etc. Leaversâ\200\231 Reunions. This event, now in its fourth year, is growing year on year and in 2018 we had 60 Old Boys come together â\200\224 particularly impressive was the gathering of the group from the 1980â\200\231s. As is always the case, this was a lively occasion with much banter regarding the cricket earlier in the day. Stories, toasts and speeches were made and much hilarity had. We look forward to next yearâ\200\231s event and hope that in particular, the year groups ending in a 9 i.e. 1939/49, 59, etc will start to prepare by spreading the word.

Happy 106th birthday Cordwalles â\200\224 cutting the cake with various old boys currently at high school

THE SCHOOL BIRTHDAY

2018 arrived and Cordwalles turned 106 on 7th February. This year there was much to celebrate in the official opening of the new extensions to the chapel, so central to life at Cordwalles. Built in 1932 by kind donation of the Christopher family in memory of a lost son and Cordies boy, John, the chapel has been at the heart of the school ever since. With the expansion of the school over the years, the chapel could no longer hold all the boys, staff and parents and, as part of the on-going centenary celebrations, plans were put in place for new extensions. With the enormous contribution of subsequent generations of the Christopher family, old boys, friends and parents, that vision came to be at the end of 2017. Bishop Dino Gabriel, Anglican Bishop of Natal officiated together with Cordwalles Chaplain, Ron Nicholson. Under the watchful eye of the boys, staff, parents, old boys and friends, the chapel was re-consecrated and was once again back at the heart of the school.

Many parents and old boys, both singularly or collectively, had sponsored pews for the chapel. This project took the form of sponsoring a family pew, or a particular sports team (i.e. Ist XV 1986), a class pew or a pew for an individual. The pews look fantastic in their new setting and will be a reminder for many years to come of the boys who have passed through the gates and through the doors of the chapel over the many years. Many

188

Cordwalles 2018 Edition | Your Son's Foundation For Life.

thanks must go to all the sponsors and we hope you will often come and join us in chapel, or visit and take time to sit and enjoy your pew in the beautiful new surroundings of the chapel. Huge thanks must go to those old boys on the Board at Michaelhouse who so generously donated the stunning rose window which now adorns the chapel. It will forever be a reminder of the â\200\234Ties that Bindâ\200\235 not only as Old Boys to Cordwalles, but also between Cordwalles and Michaelhouse.

Old Boys

NEWS

Congratulations to Cordies Old Boy Cameron Coley (Class of 2014) who has been appointed Head Boy of Hilton College for 2019. Cameron is seen pictured here with Headmaster Lance Veenstra and Stuart Roy, outgoing 2018 Hilton College Head Boy, Class of 2013.

Scott Anderson, Class of 2013 was Dux of St Charles for 2018. Congratulations Scott! We are very proud.

Well done to Cordies Old Boy Kieran Blunt (Class of 2013) for winning first place in the Juniors - Sappi Howick MTB 40km.

Jared Campbell Cordies
Old Boy (Class of 2013,

on the right) playing for the
SA Hockey 5-a-side team
who won the Youth African
Games Hockey event in
July and qualified for the
Youth Olympic Games!
Congratulations Jared!

We are very proud of these two Old Boys.
South Africa U18 played Australia U18 and drew 2-2.
Jarred Campbell (2013) played like a star and
Chad Fourie (2009) was chosen to umpire the game.
Congratulations to them both.

Old Boys

VISITORS TO THE SCHOOL

We are always delighted to welcome back past members of staff and it was no exception when past Headmaster, Tim Evans joined us for Speech Day this year. Tim is pictured here with old boys, Dundas Clark '05 and his brother, Travis Clark, '03.

- 4 /
o

9 | . f

We were thrilled to recently welcome back to school :

Uncle and nephew Alan Roberts '71 and Nigel Caine '85. Alan lives in Empangeni and Nigel was visiting with his wife Amy from Chicago, USA.

Brothers Andrew and Rory Kvalsvig (â\200\23005 and â\200\23107) who now live in New Zealand but dropped by to say hello on their visit back home. For each of them, it was a trip down memory lane as well as a chance to take in and admire all the changes that have taken place since they were last at the school.

We hope it will not be too long before we welcome them back again for another visit!

Old Boys

BOARDING HOUSE RENOVATION DISCOVERY

During 2018 extensions to our boarding house and some of the existing rooms were undertaken and when the pin boards were removed from the walls, look what was found behind them!

Comments on the OB Facebook page were:

Charles Jones: Good to see some names from the past! Pretty sure another 2 upstairs explorer dorms were Livingstone and Columbus. Also along the way from Pasteur was Archimedes with a mural of his â\200\234eurekaâ\200\235 moment in the bath. Other artists Rembrandt and Michelangelo.

Jeremy Evans: Yep, dorm for standard fives. The four dorms on that upper floor overlooking the quad were named after explorers, Lincoln, or â\200\234Linkâ\200\235, connected Drake to Kruger and then Smuts and Churchill, all standard dorms named after statesmen. Apart from the portrait drawings, the walls all had quotes, verses or saying as well.

Murray Dales: Yip, all the dorms had the portrait of the person it was named after ... great way to learn about famous people.

ROLL OF HONOUR

Xilombe Tlakula

It was with great sadness that we learnt of the passing of one of our Old Boys, Xilombe Tlakula, Class of 2011. Xilombe, then at Hilton College, is pictured here on a visit back to Cordwalles.

Xilombe spent his Grade 7 year at Cordwalles where he was involved in all aspects of school life. He was a loyal boarder, enjoyed his time in the classroom and on the sports fields, but really excelled in the Music Department and on the Drama stage. Who will ever forget his performance as Long John Silver in the Grade 7 play!

Xilombe lived a life of determination and grit. He was a wonderful example for all of us to follow and truly exemplified one of our core values, that of courage.

Our thoughts and prayers go out to his mother, Linda, family and many friends. He will be sorely missed by all who knew him.
RIP Xilombe.

Mr Lance Veenstra
Headmaster

Old Boys

ROLL OF HONOUR

Robin Kenneth Campbell

It is with sadness that we report the passing of Old Boy, Robin Kenneth Campbell (Cordwalles 1945 – 1949). Having celebrated his 82nd birthday only two days before, surrounded by his family, including his 4 daughters and grandchildren, Robin sadly passed away. We extend our condolences to his family and friends. A memorial service was held in the Cordwalles Chapel on Thursday 12th April 2018.

With deep sadness we report the loss of two energetic and passionate Cordwalles mothers.

Priscilla Cuturi

Priscilla Cuturi (mother of Arturo Cuturi, Class of 2002) was tragically killed in a light aircraft accident in Zambia at the end of June. Priscilla, and her husband Carlo, were such a fundamental part of our Centenary year celebrations with their incredible donation of the magnificent car which was raffled at the Centenary Ball to raise funds for the Centenary Appeal. Priscilla was always a fountain of energy and enthusiasm and her genuine love for the school was infectious. We send our deepest condolences and love to the entire Cuturi family.

Kerry Rattray Gordon

Kerry Rattray Gordon died following an illness bravely borne. Kerry was the daughter of Craig Rattray (Class of '50) and mother of Hylton (Class of '06) and Ross (Class of '09). A dedicated and passionate supporter of Cordwalles, Kerry and her family bravely faced the tragedy of the loss of Hylton in 2015 following a car accident. To her husband Lex, Ross and daughter Holly, we send our love, condolences and support to you and your extended family.

Leigh Craib

It was with sadness that we heard of the passing of Leigh Craib, mother of Old Boys Tim (Class of 2003) and Andrew (Class of 2004). Leigh, together with her husband Stuart, were very involved and supportive parents and were donors towards our chapel.

We send our love and condolences to Stuart, daughter Derryn and Tim and Andrew.
