Mrs. A. F. Tambo,  
51 Alexandra Park Road,  
London, N 10.

Madam,

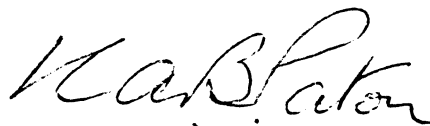

We thank you for your enquiry for a boarding school suitable for your younger daughter and have pleasure in suggesting the following places for your consideration:

St. Helen's School, Northwood, Middx.  
Pipers Corner School, Great Kinghill, High Wycombe, Bucks.  
Charters Towers School, Bexhill-on-Sea, Sussex  
Beresford House School, Summerdown Road, Eastbourne, Sussex  
Hollington Park School, St. Leonards-on-Sea, Sussex  
Stoner School, Cottles Park, Atworth, Melksham, Wilts.

We have now written to the Heads of these schools asking them to send you details if they can offer a vacancy, and we have mentioned that you would be glad to accept a place for next term, if available. Some of the schools just might be able to do this, but a September place is more likely. The schools we name are, of course, recognised as efficient and they are all well established places of moderate size.

We hope these suggestions will prove helpful to you and that you will be able to conclude arrangements for your girl to go to one of them.

Yours faithfully,

J. & J. PATON

NOTE. — No fee is charged for supplying prospectuses or for any advice regarding the choice of a school, our only request being that we are notified of the name of the school ultimately chosen. The prospectuses are personal and should not be passed on to others.
