Dear Experience,

I enclose _a copy of a letter from Mr S. E. Jonah the Managing Director of Ashanti Goldfields Corporation (Ghana) Ltd offering you a one year attachment together with a copy of my reply. I am sending copies of both to Bizzah Mokoena.

Will you please let me know as soon as possible what your reaction to this-proposal is. If it is necessary to discuss this with Bizzah Mokoena please do so and confirm the outcome to me. From this end it looks like a very good offer, I shall be interested to know how it looks from your end.

How is the attachment at Buckreef working out. I hope it is proving useful and that you are finding it enjoyable. I must tell you that some months ago I wrote to the Afro Asian Solidarity Committee in Moscow concerning your books but I have received no reply. I will pursue the matter if you think it worthwhile, please let me know.

With all good wishes,

Yours sincerely,

We will take on Mr. Experience Siphime Zikalala, the Mining Geologist, for a one year practical attachment to our mines as soon as you can arrange for him to get here.

While with us we will prdvide hr. Zikalala with a suitable accommodation, meals and also give him an allowance to cover incidental expenses.

I should be most grateful if you would let me know when Mr. Zikalala could travel to Ghana for us to make all necessary arrangements for his stay here.
