RE : 16mm FILMS ( NEGATIVES / RUSHES ) FOR LUSAKA

Cde Ndiko discovered 4 reels of film in his stoeroom, plus a letter addressed to Thomas Nkobi. They were apparently left there by Sipho Majombozi when he lived there.

The letter is a delivery note from the Central Film Labs in Harare for FIVE cans of film. - so one is missing. It is dated 12 / 4 / 83.

I think the films should go to our film unit in Lusaka, via the treasury.

They are in cans marked " Tanzania Film Co " , but they are definitely processed ~~for~~ for the ANC.

Please bring the matter to the attention of cde Doodles before he leaves.
