DEPARTMENT OF EDUCATION AND CULTURE

25th April, 1980.

Dear Comrade Eddie,

re: APPLICATION FORMS FOR MBEWE  
AND TSHABALALA

We have received forms completed by Patricia Motshabi MBEWE and Joseph Spark's TSHABALALA. We thank you for them.

Patricia Motshabi MBEWE: Her application forms are well completed but for the following:-

- a) There were not enough photographs. You gave us two whereas the form requires four (4) passport-size photographs .
- b) You did not enclose any health certificate which you know has to accompany the application. Surely you do not expect us to have done in Dar es Salaam.
- c) We find it difficult to give some form of certificate to somebody we do not know. Why do you not do it from that end?

Once the above-mentioned required documents are sent to us we will present her application forms. Mind you the date-line is fast approaching.

Joseph Spark's TSHABALALA: We cannot, on behalf of the Movement, present his application for studies in India.

- a) It is not properly completed. How do you expect our Movement to sponsor someone who writes that his nationality is Sotho.
- b) The application lacks certain documentation e.g. medical certificate, photographs, language certificate, academic certificates etc.

You will recall that the educational authorities of the Republic of India insist on properly completed forms accompanied by educational certificates.

Why do you not send him to SOMAFECO? It is only from there that he can get some form of assessment and thus certification. We are enclosing herein Tshabalala's application forms.

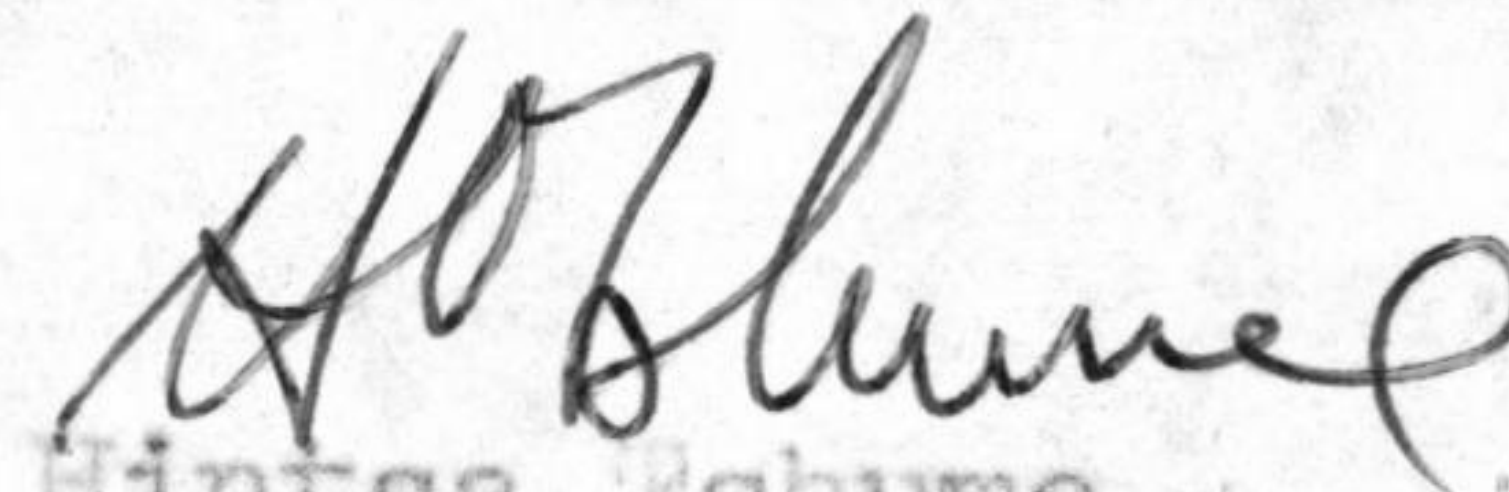

We hope that you will very soon oblige us with the documents which were inadvertently omitted in Patricia's application. We, finally, propose that you present Tshabalala's application at the High Commission of India there in Lusaka.

We hope to hear from you soon. Otherwise we together with SOMAFCC are proceeding with selections for placements. We will keep in touch.

Amandla! Maatla! Power!

In the Year of the Freedom Charter.

  
Hintsa Tshume

Comrade -ddie Funde,
