Thank you for the effort made for the video "Back to school campaign" for Soka Gakkai International. However I regret to say that Cde Sophie Du Bryne and myself were not successful to get the video prior to my departure. I trust that she informed you and that you will do everything possible to DHL it to us as soon as possible. We informed 381 that the video will be send soon.

.dditionally, may I propose the following thank you letter from Cde President to Soka Gakkai International President.

Address: Hr. Daisaku Ikeda

H.E President Ikeda,

I will like to acknowledge the contribution you President Ikeda, your organisation Soka Gakkai International and the people of Japan have made and continue to do so towards the end of apartheid and the birth of new non-racial democracy in South Africa.

Our Mission in Japan has informed me fully of the country-wide Anti-Apartheid Human Rights Exhibition SGI organised and fund raising events for our people, especially our youth. These events I remember were part of our historic discussions during my official visit to Japan in October /November 1990.

We have received a total donation of R83,717.28 remitted to our National Account by our Chief Representative in Japan. Pass our gratitude to the Major, the youth and people of Machida City for this contribution. These efforts will encourage our children to study hard and face the future with determination. The situation in our country remain difficult and tense. However our resolve to eliminate Apartheid remains strong. As soon as obstacles are cleared we shall resume negotiations towards Creation of democratic, non-racial, just and peaceful South Africa.

.As soon as that new South Africa, in which all our people, black and white live in peace, enjoy equal justice and opportunity under a new democratic constitution is born, we will welcome you to visit our land.

Please accept, Dear President, the assurances of my highest consideration.

Yours Sincerely,

Nelson Rolihlahla Mandela
