Dear Marjan

Thanks ever so much for your tax of 9 September received yesterday. I was happy to hear that you have already submitted your report and let us hope that matters will be speeded up for the co-operation between University of Amsterdam and Fort Hare.

Yesterday I answered a call from Nedbank where I was informed that the University of Amsterdam had sent me R25 000.00 on the 1 September. I accordingly instructed Nedbank to transfer the amount to the University of Fort Hare Trust Account, First National Bank, Fort Beaufort.

I am also faxing Sipho Pityana at Fort Hare to say they must send the receipt directly to you.

Thanks for your message regarding the Bisho massacre of 28 people on Monday last. It was a horrible act. The government is inviting the ANC to discuss as a matter of urgency issues relating to what happened  
The People Shall Govern!

there and the violence generally. The ANC National Working Committee is meeting today to decide on the government invitation. Let us hope . something will come of such talks to move things forward.

Alles van die beste.

GOVAN MBEKI
