Tho cuhuvl Foo: are? paid directly to the institutions upon invoice from the institution. With the secondary school goes most of the fees are paid per term of those within the ordinary sch001 system (private or governmental). Those in colleges, fees are either paid on a monthly basis or a yearly basis. Although it is a bit more expensive to pay on a monthth basis, this is done to a great extent, as to secure that fees are not paid for the full year if the student for one reason or the other is dropping out. In other cases it is required to pay for the full year.

Book allowance is given up to \$500,00 but it has to be justified the books and school material bought. In most cases the student goes to the shop and get a quotation and this is going through before paying the shop or reimburse the students. This to avoid that the money is used for unnecessary purchases. Exam fees are paid directly to the institution from NP -Office in Harare. School uniforms maybe purchased but shall not exceed \$500.00 on a yearly basis. 3
