Dear Comrade Doodles,

Re: School Supplies.

As I tried to strongly point out at the last Directorate meeting, the Supplies to the school is becoming really serious now in spite of your meeting with comrade Tanda and Jimmy.

Presently there is no mealie meal, rice and vegetables. The vegetables are supplied at irregular intervals and the quality of food is affected. I want to advise then once more, there is no Mealie meal and Rice. Could these be Supplied as soon as Possible.
